City Council Meeting

June 20, 2016

Roll Call: Ayes: Beilke, Belczak, Chlystek, Marchese, McIvor,

Schauer

Nays: None

Absent: Kenny

Results: Ayes 6, Nays 0, Absent 1 **MOTION DULY CARRIED**

Clerk Ragona administered the Oath of Office to Jerry McDonald.

C. DARIEN CHAMBER OF COMMERCE UPDATE

Clare Bongiovanni provided the following update:

- Darien Chamber of Commerce (DCC) has a new logo, which incorporates the Clock Tower.
- DCC hired summer intern, Clair Wagner, who will be coordinating and executing the DCC membership crusade with Patty Crooks, Membership Development Coordinator and DCC Board of Directors.
- "Brew & Chew", Darien's first indoor AleFest, was a success. The 2nd annual event will be held April 22, 2017 at Chuck's Southern Comforts Café.
- DCC Coffee Connection will be held June 28, 2016 at First American Bank at 8:00 A.M.
- DCC is participating in the Annual Darien Lions Club Parade on July 4, 2016. The parade begins at 9:30 A.M. at the Jewel parking lot and will proceed north on Cass Avenue to 71st Street, then will head east to Clarendon Hills Road ending at Hinsdale South High School.
- Darien Chamber Women in Business (DCWB) is hosting a luncheon on July 19, 2016 at Gordon Biersch Brewery. "Designing your Legacy" will be presented by Angie Engstrom, author, professional keynote speaker, organizing coach and entrepreneur. Register online at darienchamber.com.
- DarienFest will be held on September 10, 2016 from 1 − 10:30 P.M. featuring carnival rides, music, food, beverages, DCWB Adirondack chair auction, business expo, pet parade and Darien VFW Post 2838 50/50 raffle. The carnival will run September 9 −11, 2016.
- DCWB will celebrate the 3rd Annual "Paint the Town Pink" this October. The kick-off event, including the Pink Ribbon Lighting Ceremony, will take place on September 30, 2016 at 6:00 P.M. under the Clock Tower.
- The 3rd Annual Dancing with the Chamber Starz will be held on November 12, 2016 at Ashton Place.

- The 16th Annual Darien Dash had 465 runners, a record number. DCC thanks the runners, partners, sponsors and all those involved in making the event a success.
- DCC presented Darien Dash Awards, \$2,000.00 checks, to The Gift of Carl Foundation and Lace School.

Clare Bongiovanni invited Char and Rob Vuillaume, the Gift of Carl Foundation, and Erin Dwyer, Principal at Lace School to each accept an award of \$2,000. Each thanked the DCC and shared how the funds will be utilized.

Clare welcomed and introduced new DCC members:

- Mike Bender from Sprint by Air 1 Wireless in the Darien Point Plaza, who announced their Grand Opening and Ribbon Cutting on June 25, 2016.
- John Bon Chiong from Clean Slate located at 510 Plainfield Road.

9. <u>CITY CLERK'S REPORT</u>

Clerk Ragona announced that city offices will be closed on July 4, 2016 in observance of Independence Day. She stated that the July 5, 2016 City Council Meeting has been cancelled; the next City Council Meeting will be held on July 18, 2016.

10. CITY ADMINISTRATOR'S REPORT

There was no report.

11. DEPARTMENT HEAD INFORMATION/QUESTIONS

A. POLICE DEPARTMENT MONTHLY REPORT - MAY 2016

The May 2016 Police Department Monthly Report is available on the City website. Chief Thomas provided an update on department retirements, terrorism preparedness, and crime report statistics. He commended the DuPage County Sheriff Department on their fast response in stopping and arresting several juveniles over the past weekend who were shooting BB guns.

B. MUNICIPAL SERVICES - NO REPORT

Mayor Weaver inquired about the status of light poles; Director Gombac advised installation is taking place and anticipate an early July illumination.

12. TREASURER'S REPORT

A. WARRANT NUMBER 16-17-04

It was moved by Alderman Belczak and seconded by Alderman Schauer to approve payment of Warrant Number 16-17-04 in the amount of \$949,303.34 from the enumerated funds; and \$278,076.92 from payroll funds for the period ending 06/09/16; for a total to be approved of \$1,227,380.26.

Roll Call: Ayes: Beilke, Belczak, Chlystek, Marchese, McIvor,

Schauer

Nays: None

Absent: Kenny

Results: Ayes 6, Nays 0, Absent 1 **MOTION DULY CARRIED**

13. STANDING COMMITTEE REPORTS

Administrative/Finance Committee – Chairman Schauer advised the July 5, 2016 meeting of the Administrative/Finance Committee had been cancelled; the next meeting is scheduled for August 1, 2016 at 6:00 P.M.

Municipal Services Committee – Chairman Marchese announced the minutes of the May 23, 2016 meeting were approved and submitted to the Clerk's Office. He advised the next meeting of the Municipal Services Committee is scheduled for July 25, 2016 at 6:30 P.M.

Police Committee – Chairman McIvor announced the minutes of the May 16, 2016 meeting were approved and submitted to the Clerk's Office. She advised the next meeting of the Police Committee is scheduled for July 18, 2016 at 6:00 P.M. in the Police Department Training Room.

14. **QUESTIONS AND COMMENTS – AGENDA RELATED**

Michigan Meezny, 402 71st Street, inquired if the concrete benches for the Clock Tower were in the City budget; Mayor Weaver advised all benches were donated.

Alderman Beilke provided the background regarding the donated products for the Clock Tower (New Business Item E). Director Gombac provided an update on plaques that will be displayed for the donations.

15. **OLD BUSINESS**

There was no Old Business.

16. **CONSENT AGENDA**

It was moved by Alderman Marchese and seconded by Alderman Schauer to approve by Omnibus Vote the following items on the Consent Agenda:

A. ORDINANCE NO. 0-21-16 AN ORDINANCE APPROVING A

VARIATION TO THE DARIEN ZONING ORDINANCE (PZC 2016-07:

There being no further business to come before the City Council, it was moved by Alderman McIvor and seconded by Alderman Schauer to adjourn the City Council meeting.

VIA VOICE VOTE – MOTION DULY CARRIED

The City Council meeting adjourned at 8:25 P.M.

	Mayor
City Clerk	

All supporting documentation and report originals of these minutes are on file in the Office of the City Clerk under File Number 6-20-16. Minutes of 6-20-16 CCM.

Darien Police Department

Monthly Report

Much has been said in the news regarding the tragedy in Dallas with twelve officers shot, five fatally and two civilians also struck by gun fire during a protest. It seems as though people like to take sides on the issue of interaction between two communities – members of the black community and the police community within the greater public community. There are people who make extreme statements possibly with intent to bring light to a subject that needs to be dealt with and not pushed aside, or maybe the speaker truly feels that way. Such comments as the police committing genocide on black male youth or now that 12 officers were shot police know what it feels like are examples.

There is substantial controversy and so many thoughts it is hard to keep them straight. A 13 second sound bite on television does nothing to help the situation. To move beyond where we currently are true communication is needed. Accurate understanding of the issue is essential. We need a better approach to correcting the situation. An accurate diagnosis of the issue is needed before we rush to prescribe a fix. We must know the difference between a feeling and a fact. I had a discussion with a friend and fellow officer in Aurora where he related a conversation he had with his wife. He said that his wife was talking one day about how the home they have doesn't "feel" like hers. He asked why and was told that she didn't decorate it. The husband talked about each room in the house and other than a bedroom that a child decorated and one room the husband decorated, the home was decorated by the wife. Who decorated the various rooms in the house is a "fact." Just because the friend was able to demonstrate factually the wife decorated the house, my friend missed the feeling his wife was trying to convey. There is an interesting video explaining this issue, if you care to see it google "it's not about the nail."

We can talk all about facts. Facts such as the 49,000, officers assaulted each year, with about 3/4th of police agencies reporting. Yet with that much violence perpetrated on our police community annually, police killed 444 people in 2015. That is less than one (.79%) percent of the time an officer is assaulted deadly force was used. We talk about the number of officers and use terms like "most police," "many police," etc. do a good job. In my prior position I was leading a discussion with a group of individuals from our faith-based community. During my talk I was explaining that of the individuals involved in gangs, 96% (Aurora) were minority. A very astute minister asked a question about this fact. I was very appreciative of the question as it allowed me an opportunity to talk about perceptions (feelings). Some people would use that high percentage to say "see, I told you so..." This would be a very wrong perception. There were approximately 350 individuals who were determined to be gang members. That would put the minority gang membership at 340. The city has a population of over 200,000 and about 60% of the city is minority. Using that premise would indicate that 120,000 minorities would be labeled because of the actions of 340. The reality is that less than one percent (.28%) of minorities was actually involved in gangs.

When we talk about communication, I like how Steven Covey describes communication. In Steven Covey's book, The Seven Habits of Highly Effective People, he talks about communication in Habit 5. Habit 5 is titled, "Seek First to Understand then to be Understood." Not to go into a full explanation of the habit but there are a couple points I would like to emphasize. One is the order of the habit – seek first to understand is to know the other persons' (community's) point of view fully before you provide your perspective. It doesn't mean you agree (at least not in the beginning) but that you truly comprehend the other person's (community's) point of view. The second point I would like to emphasize regarding Habit 5 is how Steven Covey describes when you arrived at understanding. You have understanding when you can state the other person's (community's) point of view better than they can do it themselves. The second part of the habit, then to be understood, is to have the courage to present your point of view.

In addition to communication, I realize how we approach situations and people are critical. We talk about respect and trust. I remember a conversation I had with a fellow officer who had an enlightened experience regarding respect. When he was a young officer he always approached a situation / person as in a respect way as long as the person he was dealing with was respectful. When the other person ceased being respectful then the officer would stop being respectful. The officer came to a realization that true respect is not based on the behavior of the other person and came to understand the concept of unconditional respect. The officer said once he came to that realization, his behavior changed. This officer was a patrol officer, a Special Response Team member, a detective with a very successful history and it was due in part, to his unconditional execution of respect.

I am frequently asked whether such incidents seen in the press regarding officer involved shootings could occur here. They can occur anywhere. We, as police, are human – as humans we are imperfect and cannot be expected to make a use of force decision which is usually less than ½ a second and never be wrong. A great man once said, with great power comes great responsibility. We get that here in Darien. Because we understand that the authority given to us through our oath to serve and protect, great power has been bestowed and we need to uphold our duty to the public without fail. We consistently train on use of force skills including the use of deadly force, less lethal force, handcuffing etc. We also consistently train and remind officers of the rules regarding use of force when each level of force is appropriate, understanding officer subject relationships, unusual circumstances, escalation and deescalation of force, etc. Beyond the skill level training we have done and will continue to do training on cultural awareness with a program scheduled this fall. We understand issues that we face regarding the mentally ill and that training is also in place for this fall. Even though I cannot guarantee that a tragic situation will never occur here, I can say that we have put measures in place – training, supervision, rules, policies, etc. to do our best to live up to our motto of serve and protect, as well as our responsibility to do so in a constitutionally guaranteed manner.

AGENDA MEMO CITY COUNCIL MEETING DATE: July 18, 2016

Issue Statement

Consideration of a motion to grant a waiver of the raffle license bond requirement for Our Lady of Peace Home and School Association.

BACKUP

Background/History

Our Lady of Peace Home and School Association is requesting to have a monthly raffle during the 2016/2017 school year. They intend to hold a raffle on the first Friday of the month, first day of school, Christmas break, and the last day of school. The Home and School Assoc. applied for a raffle license and requested waiver of the bond requirement. The City has previously waived the bond requirement for Our Lady of Peace Home and School Association.

Staff/Committee Recommendation

It is recommended that the raffle license bond requirement for the Our Lady of Peace Home and School Association raffles be waived.

Alternate Consideration

Not approve waiver of bond requirement.

Decision Mode

This item will be placed on the July 18, 2016 Council Agenda for formal consideration.

July 7, 2016

City Clerk of Darien – Joanne Ragona 1702 Plainfield Road Darien, Illinois 60561

Dear Ms. Ragona,

МЕМО

My name is Angel Arflack and I am the Treasurer and raffle coordinator for the Home & School Association (H SA) at Our Lady of Peace School in Darien.

I am enclosing an application for a Class B raffle license which we would like to hold during the 2016/2017 school year. I am also requesting that the bond requirement be waived. The "scope" of the raffle is detailed below.

- Each ticket will cost \$10. There will be a total payout of \$5,000.
- The drawings will be held on the first Friday of the month in the Our Lady of Peace School office.
- The school principal will pull one winning ticket each month (9 months) on Friday afternoons and witnessed by two other adults. The winning ticket will be noted and then put back in the barrel with a chance of winning again.
- The school secretary will send an email out to the H SA treasurer (who will write and mail the winning checks) and the church secretary (winners will be published in the weekly bulletin).
- One monthly winner will receive \$100. There will be a total of 9 winning tickets pulled. In addition, there will be two winners who will receive \$550 each. These two tickets will be pulled on the first day of school and Christmas (break). One winning ticket will be pulled on the last day of school. This winner will receive \$3,000 or tuition valued at no more than \$3000 for the 2016/2017 school year.

If you have further questions, please call me at 630-794-0923.

Sincerely,

Angelique Arflack 349 Tamerton Parkway

Burr Ridge, IL 60527

2016/2017 CRUSADER SWEEPSTAKES \$10/ticket

One \$100 drawing will be held monthly during the 2016-2017 school year (9 months). Two \$550 drawings will be held on: The First Day of School and Christmas.

One drawing will be held on The Last Day of School for \$3000 or tuition valued at no more than \$3000 for one student for the 2016/2017 school year.

All winning tickets will be returned to the bin giving you a total of 12 chances to win!

Drawings will begin on October 3rd. At that time, the winner from

The First Day of School, September, and October will be pulled.

After that date, all drawings will take place monthly.

Winners will be notified by mail.
THANK YOU FOR YOUR SUPPORT
Our Lady Of Peace School

AGENDA MEMO

City Council July 18, 2016

ISSUE STATEMENT

A motion authorizing the purchase of an evidence drying cabinet and fuming tank from VWR Scientific using Department of Justice (DOJ) award money in the amount of \$19,573.15.

BACKUP

BACKGROUND/HISTORY

The drying cabinet is necessary for those circumstances when officers take in evidence that is wet, moist, or has moisture content. Evidence needs to dry so that it does not mold during the time it is stored. Evidence that becomes moldy cannot be properly tested and is changed from the time the officer took it in as evidence to the time of trial to the point the evidence may not be allowed at trial. It is inappropriate to subject employees to possible mold. Examples, of wet items include blood evidence, marijuana, evidence recovered when the offender was in the rain as well as many other scenarios.

The Darien Police Department is a proud participant in the United States Department of Justice and the United States Department of Treasury Equitable Sharing Program for State and Local Law Enforcement Agencies. For the last two years the Darien Police Department has participated in federal task forces whose goal is to stem the flow of illegal narcotics into the Chicago metropolitan area which is one of the major hubs for illegal narcotics coming into the United States. It is the goal of this program to not only cut off the flow of illegal narcotics into the area, but to take away and use the tools, proceeds and property derived from any criminal activity against the offenders. These seized tools, proceeds and property are ultimately a deterrent to criminal activity and an enhancement to law enforcement. Under the *Guidelines of the Equitable Sharing Program*, the funds received cannot be used to replace or supplant the police department's regularly budgeted monies but augment the police budget. These seized monies may only be used by the police department in order to augment the police budget. This purchase meets the *Guidelines of the Equitable Sharing Program* and will provide an important tool for the police department that otherwise would not be available without participation in the Equitable Sharing Program. The cash balance of this fund is \$175,942.78 as of 6-15-16.

Proposals/Bids

VWR Scientific	\$19,573.15
Andwin Scientific	\$20, 601.55
Carroll	\$21,176.80

STAFF/COMMITTEE RECOMMENDATION

Staff recommends approval of a motion authorizing the purchase of an evidence room drying cabinet and fuming tank from VWR Scientific in the amount of \$19,573.15 using DOJ award money.

ALTERNATE CONSIDERATION

As recommended by the Committee.

DECISION MODE

This item will be placed on the July 18, 2016 agenda for formal Council consideration and approval.

VWR International General Terms and Conditions of Sale

1. Acceptance

- a) ALLSALESARESUBJECTTOANDEXPRESSLYCONDITIONEDUPONTHETERMSANDCONDITIONS CONTAINEDHEREIN, AND UPON CUSTOMER'S ASSENT THERETO. NO VARIATION OF THESE TERMS AND CONDITIONS WILL BE BINDING UPON VWR UNLESS AGREED TO IN WRITING AND SIGNED BY AN OFFICER OR OTHER AUTHORIZED REPRESENTATIVE OF VWR.
- b) Contracts containing penalties and/or liquidated or actual damages will be subject to review prior to acceptance by VWR.
- 2. Specifications Product specifications are subject to change without prior notice.

3. Delivery

- a) Delivery of all orders will be FCA (INCOTERMS 2000). Shipping and handling fees, special packaging materials (e.g., blue ice), carrier surcharges and hazardous material fees imposed by government regulation will be added separately to the invoice.
- b) All freight is F.O.B. shipping point with tailgate delivery, unless otherwise noted. Unloading and inside delivery is not included unless specifically noted in VWR's proposal.
- 4. <u>Damaged Shipments</u> Please inspect your VWR shipment upon receipt. If any external damage is noticed, accept the shipment only after the driver has noted the damage on both his and your copies of the delivery receipt and you have requested an inspection by the carrier. Keep all containers and packing material for inspection. ICC regulations required that all containers be opened and inspected within 10 days of date of shipment. It is customer's responsibility to file claims on quotations that indicate F.O.B. is shipping point. VWR International reserves the right to repair a damaged product, where applicable, before replacement or credit is determined.

5. Payment Terms

- a) Individual invoices, net thirty (30) days from date of invoice; summary invoices, if any, are due upon receipt. VWR uses a progressive billing procedure with invoices generated at time of materials shipment. Payment is expected within 30 days of invoice date (unless other terms have been agreed to in writing between VWR and customer).
- b) Progress invoices for installation are generated as they are submitted to VWR; payment is to be made within 30 days of invoice date (unless other terms have been agreed to in writing between VWR and customer).
- 6. Sales Tax Sales taxes where applicable (local, state or federal) will be added to the invoice price.

7. Product Return Policy

- a) Return shipment without prior approval of VWR will not be accepted.
- b) All returns must be authorized by VWR in order to insure proper credit. NOTE: All returns are subject to 25% restocking charge. Where credits will be issued to the Customer for authorized returns under \$100, the Customer is not required to return the product to VWR. To ensure proper credit, each Product return must include the following information:
 - i. Customer Name and Address
 - ii. Purchase Order Number
 - iii. VWR Shipping Order Number
 - iv. Date of Invoice
 - v. Catalog Number of Returned Item(s)
 - vi. VWR Return Authorization Number
 - vii. Reason for Return
- c) Products not authorized for return include:
 - i. Products not in completely resaleable condition (including Products with damaged, missing or defaced labeling or packaging)
 - ii. Chemicals, reagents, diagnostics, sterile or any controlled products (unless products do not meet specification)
 - iii. Laboratory apparatus or instruments that have been used or are without the original packaging, labeling and operating manuals.
 - iv. Refrigerated products or other perishables
 - v. Products purchased on a Special Order Basis Products not purchased from VWR
 - vi. Products with an expired shelf life or an expiration date too short for resale
 - vii. Discontinued products
- d) Each return shipment of hazardous materials must be packed and labeled in accordance with DOT regulations applying to transportation of hazardous materials. Shipping documents must also meet DOT regulations. The product should be shipped to the indicated service center and the transportation charges prepaid. To ensure prompt handling, the return authorization number should be placed on the outside of the package.

8. Product and Service Warranties and Limitation of Liability

- a) VWR warrants to the original Customer only that:
 - All VWR Private Label laboratory casework will, under normal use, be free from defects in material or workmanship for one (1)
 year and corrosion for three (3) years from installation date and, if VWR installs the laboratory casework, the installation labor
 will be guaranteed for one (1) year;
 - ii. All software programs are warranted in accordance with the software vendor's license agreement;
 - iii. All other Products, branded and private label, will meet the manufacturer's specifications for a term equal to the warranty period stated in the Product manufacturer's literature or sixty (60) days, whichever is longer; and
 - iv. Services provided, if any, will be of the kind and quality designated and will be performed by qualified personnel.
- b) VWR HEREBY DISCLAIMS ALL OTHER WARRANTIES OR GUARANTEES WITH RESPECT TO THE SUBJECT MATTER OF THIS AGREEMENT, WHETHER STATUTORY, WRITTEN, ORAL, EXPRESS OR IMPLIED INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, SUITABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
- c) The liability of VWR under this limited warranty does not extend to any Products which are abused, altered or misused by the Customer or any other persons or entities or which become defective or non-conforming through the actions or inaction of the Customer or any other persons or entities. A defective or non-conforming Product is defined only as a Product which is outside of the manufacturer's defined Product specifications, and shall not include Products that fail to meet any fitness of use by Customer or any unique Customer operating conditions or applications.
- d) If any Product or Service warranted hereunder proves defective or non-conforming, VWR's sole liability and Customer's sole remedy hereunder shall be for VWR, to repair or, at VWR's option, (i) replace (or re-perform the Service), at no cost to Customer, any such defective

- or non-conforming Product with a non-defective or conforming Product (as applicable) or (ii) credit Customer's account for all amounts paid with respect to the defective or non-conforming Product or Service upon VWR's receipt of the defective or non-conforming Product. In the event of replacement, the replacement Product will be warranted for the remainder of the original warranty period or ninety (90) days, whichever is longer.
 - e) If a Product should require service, contact the VWR office nearest your location for instruction (for a complete list of offices, see your VWR catalog). When the return of the Product is necessary, a return authorization number will be assigned and the Product shipped, transportation charges prepaid, to the indicated service center. To insure prompt handling, the return authorization number should be placed on the outside of the package and a detailed explanation of the defect enclosed with the Product.
 - f) IN NO EVENT SHALL VWR HAVE ANY OBLIGATION OR LIABILITY FOR ANY EXEMPLARY, PUNITIVE, INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS, USE OR GOODWILL), WHETHER BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR ANY OTHER THEORY OR FORM OF ACTION, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY THEREOF. THE TOTAL LIABILITY OF VWR (INCLUDING ITS SUBCONTRACTORS AND AGENTS), IF ANY, FOR DAMAGES RELATING TO ANY PRODUCTS SOLD UNDER THIS AGREEMENTS HALL BELIMITED TO THE PRICE PAID FOR SUCH PRODUCT (S) AND THE TOTAL LIABILITY OF VWR (INCLUDING ITS SUBCONTRACTORS AND AGENTS), IF ANY, FOR DAMAGES RELATING TO ANY SERVICES PROVIDED UNDER THIS AGREEMENT SHALL BE LIMITED TO THE FEES PAID FOR THE SERVICE GIVING RISE TO SUCH CLAIM.
- 9. Proprietary Information Each party (a "Recipient") shall maintain in confidence, not disclose to any third party, and not use, except for the specific purpose of performing under this Agreement, all proprietary information furnished to it by the other party (a "Discloser") or any Discloser Affiliate in connection with this Agreement, or derived from the Discloser or any Discloser Affiliate in performance of this Agreement, and shall return to the Discloser or a Discloser Affiliate, upon request, all copies (then in Recipient's possession) of documents and other tangible media furnished by or derived from Discloser or such Discloser Affiliate, respectively, in connection with the performance of this Agreement. The Recipient shall inform its employees, agents, and representatives of these obligations and shall require them to assume equivalent obligations.

10. Miscellaneous

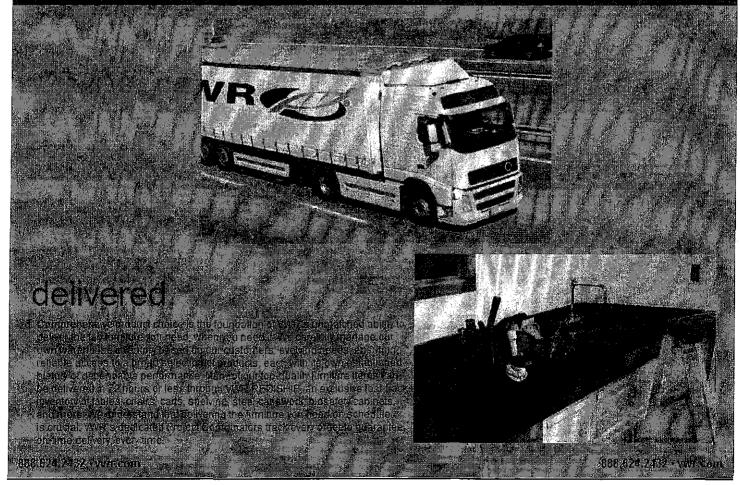

- a) <u>Termination</u> This Agreement may be terminated by either party for convenience at any time upon reasonable written notice delivered to the other party. In the event of any termination or expiration of this Agreement, Customer shall be billed immediately for Products shipped through the effective date of such termination or expiration and all custom Products purchased for Customer in VWR's inventories at such date, and Customer shall pay the invoiced amount immediately upon receipt of such invoice.
- b) Force Majeure In the event either party is prevented in whole or in material part from performing its obligations under this Agreement solely as a result of force majeure, upon the prompt giving of notice to the other party detailing such force majeure event and its anticipated duration, the obligations of the party so prevented shall be excused during such period of delay, and such party shall take whatever reasonable steps are necessary to relieve the effect of such cause as rapidly as possible.
- c) Merger, Modification, Waiver No amendment, modification or waiver of these terms shall be binding on either party unless reduced to writing and signed by an authorized officer of the party to be bound, and in the case of a waiver, shall be effective only in the specific instance and for the specific purpose for which given, and shall not be construed as a waiver of any subsequent breach. The failure of either party to enforce at any time or for any period of time any of the provisions of this Agreement shall not be construed as a waiver of such provisions or of the right of such party thereafter to enforce each and every such provision. No course of dealing, usage of trade or course of performance shall supplement, explain or amend any term, condition or instruction of this Agreement, or any shipment of Products hereunder.
- d) Applicable Law This Agreement is made pursuant to, and shall be construed and enforced exclusively in accordance with, the internal laws of the Commonwealth of Pennsylvania (and United States federal law, to the extent applicable), without giving effect to otherwise applicable principles of conflicts of law.
- e) <u>Authority to Enter Into Agreement</u> Each party represents and warrants that it is authorized to enter into this Agreement and that in so doing it is not in violation of the terms or conditions of any contract or other agreement to which it may be a party.
- f) <u>Assignment</u> This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns and designees; provided, however, neither party shall have the right to transfer, assign or delegate its rights or obligations under this Agreement or any portion thereof without the prior written consent of the other party (except that either party may assign this Agreement to a parent, subsidiary or successor corporation without such consent).
- g) <u>Nature of Relationship</u> Neither party, its employees or permitted subcontractors or agents shall, under any circumstances, be considered to be an agent, partner, joint venturer or representative of the other party.

VWR supports you before,during, and after installation

designed.

Long-term functionality should be the ultimate aim when furnishing your lab. That's why VWR engages you in a careful design process that considers both present and future needs, whether you're improving argonomics at specific workstations, renovating your facility, or building your lab from scratch. Our unique team approach to design optimizes the knowledge and expertise of VWR Sales Representatives, Furniture Specialists, and Design Specialists, who work together to ensure the right decisions are made for your lab and your budget, From day one, VWR helps you select the right products to design a safe, practical, durable lab that will encourage scientific innovation for years to come.

installed.

Furniture installation demands close attention to your lab's technical and safety requirements. VWR's factory-certified Furniture Installers provide indispensable knowledge and experience to complete this pivotal phase of your project. Specializing in lab construction, our team ensures every component is built according to plan, even tinder the pressure of an aggressive deadline. From shelving and heavy-duty casework to the finishing touches that bring your lab to life, we offer complete project supervision before, during, and after installation to make sure your work space is set up to support productivity:

AGENDA MEMO

City Council July 18, 2016

ISSUE STATEMENT

A motion authorizing the purchase of Laserfiche Avante Electronic Document Management System from TKB Associates using Department of Justice (DOJ) award money in the amount of \$8,094.00.

BACKUP

BACKGROUND/HISTORY

Keeping and storing documents on paper in file cabinets presents problems after years of accumulation. The police department is required to preserve and store many different records for different retention periods that run from 90 days until forever. Converting paper documents and records into an electronic format makes the department more efficient including

- less paper file storage space –no need to purchase additional file cabinets
- ability to search and find records in seconds versus hours
- allows all employees access 24/7 based on security levels

Working with the vendor – we are starting with a small system that will allow (2) locations to scan and enter records into the system. The system can be expanded as needed. After the initial purchase – there would be an annual support cost of \$609.00 per year.

The Darien Police Department is a proud participant in the United States Department of Justice and the United States Department of Treasury Equitable Sharing Program for State and Local Law Enforcement Agencies. For the last two years the Darien Police Department has participated in federal task forces whose goal is to stem the flow of illegal narcotics into the Chicago metropolitan area which is one of the major hubs for illegal narcotics coming into the United States. It is the goal of this program to not only cut off the flow of illegal narcotics into the area, but to take away and use the tools, proceeds and property derived from any criminal activity against the offenders. These seized tools, proceeds and property are ultimately a deterrent to criminal activity and an enhancement to law enforcement. Under the *Guidelines of the Equitable Sharing Program*, the funds received cannot be used to replace or supplant the police department's regularly budgeted monies but augment the police budget. These seized monies may only be used by the police department in order to augment the police budget. This purchase meets the *Guidelines of the Equitable Sharing Program* and will provide an important tool for the police department that otherwise would not be available without participation in the Equitable Sharing Program. The cash balance of this fund is \$175,942.78 as of 6-15-16.

Proposals/Rids

TKB Associates	\$8,094.00
Cities Digital	\$8,803.00
OPG ₃	\$9,934.00

STAFF/COMMITTEE RECOMMENDATION

Staff recommends approval of a motion authorizing the purchase of a Laserfiche Avante Electronic Document Management System from TKB Associates in the amount of \$8,094.00 using DOJ award money.

ALTERNATE CONSIDERATION

As recommended by the Committee.

DECISION MODE

This item will be placed on the July 18, 2016 agenda for formal Council consideration and approval.

June 15, 2016

John Cooper Deputy Chief Darien Police Department 1710 Plainfield Rd. Darien, Illinois 60561

Drive your organization forward with:

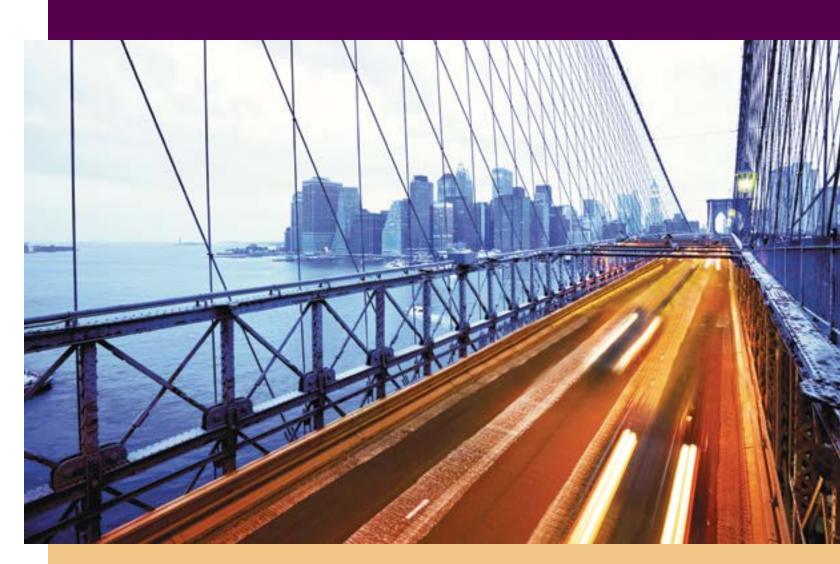

Document imaging . Content management . Business process management

A Simple, Elegant Approach to Information Management

Twenty years ago, the agile approach to information management hinged on document imaging—the ability to convert paper documents into digital images, saving storage space and retrieval time.

Ten years ago, agile organizations made the leap to document management—technology that manages imaged and electronic documents throughout their life cycles, including capture, filing, access control (security) and archiving.

Today, successful organizations need more than document management. They need to optimize the decision-making process by getting the right content—whether structured or unstructured, paper or electronic, audio or video, photograph or e-mail—into the right hands at the right time.

Laserfiche Avante is a cutting-edge solution that combines comprehensive content management functionality with business process management (BPM) tools to both manage and process information—turning it into an asset that enables efficiency and smart decision making organization-wide.

SPEED LIMIT

DOCUMENT IMAGING

Converts paper documents into an electronic or digital format.

SPEED LIMIT 25

DOCUMENT MANAGEMENT

Manages documents (physical or digital) throughout their life cycles.

SPEED LIMIT 45

BUSINESS PROCESS MANAGEMENT

Applies workflow technology to content-related processes in order to standardize and optimize them.

LASERFICHE AVANTE

Manages all organizational content throughout its life cycle, including acquisition, filing, access control, routing (using BPM) and archiving.

The Laserfiche Avante Advantage

Pull the information you need from:

- ▶ Paper and electronic documents
- ▶ Faxes
- ▶ Paper and electronic forms
- ▶ E-mails
- ▶ Third-party databases and applications

Underpin your information governance strategy with comprehensive security features such as:

- ▶ DoD 5015.2- and VERS-certified records management
- Digital signatures
- ▶ Role-based authorization
- ▶ Access control
- ▶ Security watermarks and audit trails

Put your information to work with:

- ▶ Microsoft Office® Integration
- ► Microsoft SharePoint® Integration
- ▶ Apps for use with iOS and Android™ smartphones and tablets

Instantly search and retrieve information in your office, on your mobile device or over the Internet using:

- Indexing
- ▶ Property/metadata search
- Full text search
- ▶ Advanced search
- ▶ Quick Search toolbar

Automate resource-intensive processes by configuring workflows that perform specified actions at appropriate times:

- ▶ Route a document to a specific user
- ▶ Populate a field
- ▶ Send an e-mail
- ▶ Instruct users on next steps in the process
- Exchange information with other business-critical applications

Functionality, Meet Flexibility

Every organization has its own unique needs. Some are looking for a secure content repository, some need to access information through primary business applications such as GIS or CRM, and some want to enable repeatable processes such as case management, contract management, AP processing and more.

Laserfiche Avante is an agile ECM system that can be quickly and easily configured to meet any organization's needs. In addition to industry-leading content management to help you store, retrieve and secure your information, Laserfiche Avante includes sophisticated workflow tools to automate content-centric business processes while enabling increased visibility into performance.

Laserfiche Avante empowers your organization to operate more efficiently, effectively and profitably by:

- Managing all organizational content—both structured and unstructured—throughout its life cycle.
- ▶ Ensuring that information is an asset that is consistent, reliable, useful and available.
- ► Facilitating compliance with failsafe security and auditing features.
- ► Integrating seamlessly with the applications employees use every day.
- Streamlining operations by automating manual, repetitive processes.

Workflow = **Efficiency**

With powerful business process management tools, Laserfiche Avante integrates both structured and unstructured content into the flow of your business processes, so you enhance productivity, improve efficiency and minimize overhead.

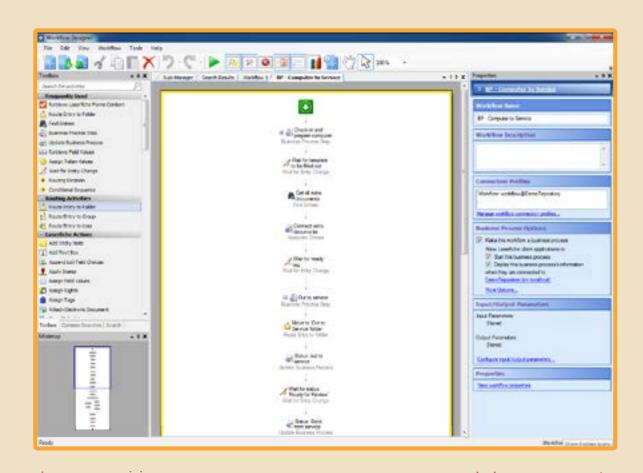

Laserfiche Avante's workflow engine also gives you a platform to map, model and manage your business processes. With reporting features built right in, you can quickly uncover and eliminate bottlenecks within your business processes.

- Increase productivity by automating manual, repetitive processes.
- Improve visibility into your business processes with easy-to-understand reporting.
- ► Model, execute and manage business processes without writing code.
- Kick off business processes directly from the Laserfiche Client, Laserfiche Web Access or Laserfiche Mobile.
- ➤ Trigger workflows based on actions taken in third-party applications like CRM, GIS, ERP and more.

Easy to Design, Configure and Extend

More than just simple workflow automation, Laserfiche Workflow builds on the capabilities of Microsoft .NET to **seamlessly integrate** with your existing systems, business rules and data.

Built-in activities help you build workflows quickly, while extensible rules and a built-in script editor support custom C# and VB.NET scripting.

A graphical Workflow
Designer enables you
to create workflows by
flowcharting your business
processes with an intuitive
interface for testing,
modifying and supporting
workflow activities.

Laserfiche Workflow builds on the capabilities of Windows Workflow Foundation (WF) so you can extend its functionality to all your line-of-business applications.

Laserfiche Avante at Work

Organizations across a wealth of industries use Laserfiche Avante to drive efficiency, cut costs and streamline repeatable processes. The following are just a few examples of how Laserfiche Avante can transform the way your organization operates.

Government

Laserfiche Avante moves government agencies beyond finding and filing. With its powerful workflow engine and ability to integrate with a wide variety of enterprise applications, Laserfiche Avante executes repeatable processes in a consistent manner across the organization, optimizing resource efficiency, cost and service delivery.

- Accelerate finance processes, shortening collection times and reducing banking fees.
- Eliminate bottlenecks when reviewing, approving and issuing permits, improving customer service.
- Simplify contract creation using a master template and clause library.

Laserfiche Avante allows us to automate processes and more easily access records. Its capabilities help Thousand Oaks maintain high standards of quality and customer service with fewer employees.

Antoinette Mann

Deputy City Clerk City of Thousand Oaks, CA

If a firm has a process that involves multiple touches, multiple points of entry and time sensitivity, then Laserfiche Avante's workflow capability is a viable solution to streamline the process and gain better control. Using Laserfiche, we've saved more than 72 hours of labor annually just by automating a single business process.

Joseph Salpietro

President and CEO Xpyria Investment Advisors

Financial Services

Laserfiche Avante improves productivity at financial services firms, enabling employees to spend less time shuffling paper and more time on the profitable, client-facing activities that deliver results.

- Quickly bring new clients onboard by automating the new account opening process.
- ▶ Automate security and correspondence logs.
- ▶ Route client documents through the approval process with e-mail notifications to ensure timely action.

Laserfiche Avante at Work

Higher Education

Students have higher expectations of their educational investments than ever before. Top institutions have turned to Laserfiche Avante to cut administrative costs, improve information security and facilitate collaboration by making information more accessible.

- Centrally manage information assets to easily meet recordkeeping requirements, instantly fulfill data and information queries and protect confidential student and faculty files with role-based security.
- ► Enhance business office efficiency by automating key business processes including AP processing, HR onboarding and contract management.
- ► Ease information-heavy processes such as financial aid applications or student application forms by automatically routing information to specific reviewers.

Previously, sending out a big batch of award letters required the letters to be printed, copied, mailed and filed. When I understood that Laserfiche could send those letters to the students' electronic files with the click of a button, that was a big 'aha' moment for me.

Clint LaRue

Director of Student Financial Services Oklahoma Christian University

As the nation's third largest door manufacturer, Steves and Sons produces 3.5 million doors annually. We needed a way to ensure that, from manufacturing to delivery, everything was documented thoroughly. We leveraged the Laserfiche SDK to ensure top quality manufactured products and protection from invalid damage claims. Mobile integration with our Laserfiche Avante system is quite literally changing the way we do business.

Tracy Rickman

Application Developer Steves and Sons

Commercial

As businesses grow and change, so does the amount of information they need to process and manage. Successful businesses count on Laserfiche Avante to satisfy the needs of staff, administrators and IT professionals alike.

- Accelerate time-to-market by providing users with efficient tools to replace manual tracking processes.
- ► Enable multiple departments to authorize changes the moment revisions need to occur, eliminating bottlenecks.
- ► Trigger workflow activities from third-party applications.

An Essential Component of Your Connected Framework

What sets Laserfiche apart from other ECM solutions is its ease of administration and use, which is why we chose it when we standardized our entire county. Laserfiche is the best choice for IT professionals, because it offers more functionality, lower overhead costs and an excellent ROI.

Darlene Hale, IT Director, LaPorte County, IN

Laserfiche Avante readily fits into your existing networked environment, without requiring custom programming or extensive hardware and software updates. Developed to support close integration with industry-standard platforms, Laserfiche Avante is compatible with Windows XP through Windows 8 and supports Microsoft SQL Server® and Oracle® database management systems.

- ▶ Administer your system using the desktop Administration Console, from a browser with the Laserfiche Web Administration Console or with a snap-in for Microsoft Management Console (MMC).
- Use of WebDAV technology offers broad interoperability and integration options, as well as support for Microsoft's Web Folders.
- Assign access rights and permissions directly to Active Directory groups, and maintain security through Windows Authentication.

- ▶ Integrate your primary applications into Laserfiche workflows using the Windows Workflow Foundation and .NET.
- ▶ Drag and drop e-mail from Microsoft Outlook® into Laserfiche, preserving e-mail metadata.

Laserfiche Avante Architecture

By providing central control alongside local flexibility, Laserfiche Avante enables your organization to establish overarching standards and security policies while at the same time giving individual departments the ability to store information and configure business processes according to their specialized needs.

AGILE FRAMEWORK

By serving as the universal repository for all organizational content (including paper, forms, audio/video files, e-mail, etc.), Laserfiche Avante provides a single point of control for complete life cycle management.

By acting as integrative middleware that links into legacy systems and line-of-business applications such as GIS, CRM, ERP and more, Laserfiche Avante allows users to access information in the manner and environment in which they are most comfortable.

By enabling shared services, Laserfiche Avante eliminates data silos and automates cross-functional activities, accelerating collaboration and data processing.

Laserfiche Avante System Diagram

Out-of-the-Box Functionality

Laserfiche Avante's licensing is based on the number of people who will be using the system—which makes it possible to calculate the cost of most systems by doing little more than counting employees.

Named user licenses include everything you need to get started.

- Centralize management of multiple types of information, including digitized paper documents, electronic documents, e-mail and A/V files. Servers are sold individually and support industry-standard Microsoft® and Oracle® database platforms.
- Give users intuitive, instant access to information. Users each have their own connection through the Laserfiche Client, so they are always able to access their information.

Promote constant productivity with Laserfiche Workflow's rules-based routing, e-mail notification and activity monitoring.

- Add paper documents to your Laserfiche repository with an intuitive scanning interface.
- Create archival TIFF images of electronic documents, including PDFs, without repetitive printing and scanning.
- Protect your information with comprehensive security features.

Expand Beyond the Basics

Laserfiche Avante's pricing structure makes it simple and affordable to add new features and functionality to your Laserfiche system as your needs change.

Laserfiche Records Management Edition™ fully integrates DoD 5015.2-certified records management with your Laserfiche Avante system.

Laserfiche Audit Trail™ tracks user actions to ensure information security and simplify regulatory compliance.

- Laserfiche Quick Fields™ provides high-volume document capture and processing tools.
- Laserfiche Forms™ ensures that appropriate action on submitted forms is taken quickly with user-defined approval processes and task lists.
- Laserfiche Web Access™ provides authorized users with access to your documents over the web, smartphones and tablets.
- Laserfiche Mobile™ for iOS and Android™ smartphones and tablets enables you to capture, upload and securely work with documents inside your Laserfiche repository while on the go.
- Laserfiche WebLink™ offers a read-only public web portal with secure, one-touch document publishing.
- Laserfiche Plus™ archives documents on CDs, DVDs, USB drives or external hard drives in self-contained repositories that include built-in viewers and search engines.
- Laserfiche Agenda Manager™ automates agenda processes from item submission through publication of the final document.
 - Laserfiche Digital Signatures allows for automatic signing and validation of documents as they are created, reviewed and archived without leaving the Laserfiche environment.

Protect the Valueof Your Laserfiche Investment

Technology represents one of the most significant investments you make in your organization's success. That's why Laserfiche is committed to constantly improving its product line to help you meet new business challenges. The Laserfiche Software Assurance Plan (LSAP) provides your organization with these enhancements as soon as they're released, along with the technical support and detailed technical material that preserves and extends the value of your Laserfiche investment.

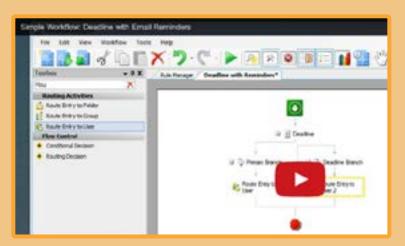

LSAP helps you take the guesswork out of budgeting by bundling everything you need to maintain your Laserfiche system into a simple annual payment. It ensures that you have every resource you need to meet technical challenges and expand your Laserfiche infrastructure, including:

- Rapid-response technical support. Your Laserfiche reseller will promptly troubleshoot and resolve any issues that arise—before they impact operations or affect staff productivity.
- ▶ Online support resources. Your staff receives access to the Laserfiche Support Site, where they'll find detailed technical information that helps them optimize system performance and maximize uptime, as well as integrate your document repository with your organization's other line-of-business applications.
- ▶ The latest hotfixes, updates and patches. These critical items ensure that your Laserfiche system continues to operate at peak efficiency.
- ▶ New releases. You'll make sure your system stays current, as new releases of your licensed products are included at no additional charge.
- ▶ An easy path to growth. We're committed to continuously improving and expanding the Laserfiche product line. And as we do, you can credit 100% of the purchase price of your current Laserfiche software toward any new product line purchases.

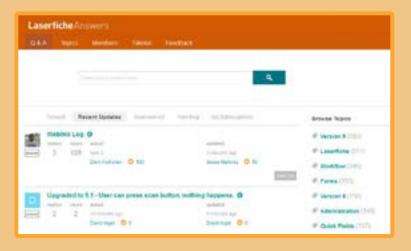

Concrete examples of how other Laserfiche users have optimized their systems offer inspiration and step-by-step advice.

Video tutorials provide hands-on instruction on how to use Laserfiche most effectively.

A **community** of Laserfiche staff, users and resellers can be crowdsourced for Laserfiche best practices and innovative solutions.

The Tools to Drive Your Organization Forward

With a world-class community, extensive training options and more, **Laserfiche provides customers with more than just software**—it provides a comprehensive framework for delivering value quickly, easily and without the need to bring in expensive experts at every turn.

AGENDA MEMO City Council July 18, 2016

ISSUE STATEMENT

A motion approving the payment of annual dues for the Darien Police Department participation with the DuPage Metropolitan Enforcement Group (DUMEG) in the amount of \$17,680 using Department of Justice (DOJ) funds in the amount of \$17,680.

BACKUP

BACKGROUND/HISTORY

This item is included in the FYE17 budget for the amount of \$17,680 and will be taken from Department of Justice (DOJ) funds. The City, through its police department, participates in a county-wide drug enforcement task force managed by the Illinois State Police. The DuPage Metropolitan Enforcement Group (DUMEG) is staffed and funded by its member agencies within the county. The Darien Police Department is not a manpower contributor to DUMEG, but rather a fair share contributor. The fair share calculation is \$520 per authorized officer (34) for a total financial contribution of \$17,680.

The Darien Police Department is a proud participant in the United States Department of Justice and the United States Department of Treasury Equitable Sharing Program for State and Local Law Enforcement Agencies. For the last two years the Darien Police Department has participated in federal task forces whose goal is to stem the flow of illegal narcotics into the Chicago metropolitan area which is one of the major hubs for illegal narcotics coming into the United States. It is the goal of this program to not only cut off the flow of illegal narcotics into the area, but to take away and use the tools, proceeds and property derived from any criminal activity against the offenders. These seized tools, proceeds and property are ultimately a deterrent to criminal activity and an enhancement to law enforcement. Under the *Guidelines of the Equitable Sharing Program*, the funds received cannot be used to replace or supplant the police department's regularly budgeted monies but augment the police budget. These seized monies may only be used by the police department in order to augment the police budget. This purchase meets the *Guidelines of the Equitable Sharing Program* and will provide an important tool for the police department that otherwise would not be available without participation in the Equitable Sharing Program.

STAFF/COMMITTEE RECOMMENDATION

Based upon the above information, staff recommends that the City approve the annual dues payment for DUMEG in the amount of \$17,680.

ALTERNATE CONSIDERATION

The alternate consideration would be to not participate in the county-wide drug enforcement task force.

DECISION MODE

This item will be placed on the July 18, 2016, City Council Agenda for formal Council approval.

DU PAGE METROPOLITAN

Narcotics and Dangerous Drugs

ENFORCEMENT GROUP

March 2, 2016

Chief Greg Thomas
Darien Police Department
1710 Plainfield Road
Darien, IL 60561

Dear Chief Thomas:

As approved by the DuPage MEG Policy Board your "Fair Share" contributions for FY2017 to DuPage MEG is \$17,680.00.

This figure is based upon \$520 per authorized officer, as approved by the DuPage MEG Policy Board.

Please send your contribution directly to DUMEG by July 31, 2016 so that proper budgeting for FY17 may be implemented.

If you have any questions regarding your contribution, please feel free to contact me.

Sincerely

Chief Bradley Bloom Chairman, DuPage MEG

AGENDA MEMO CITY COUNCIL

Meeting Date: July 18, 2016

Issue Statement

- 1) Consideration of a Motion to Approve:
 - Saturday, September 10th as the date for the Darien Chamber of Commerce to Hold the DarienFest 2016 Celebration
 - Road Closures to Accommodate Windy City Amusement Co. including Clarendon Hills Road from Plainfield Road to 71st Street from 10:00 a.m. on Thursday, September 8th, 2016, until 5:00 P.M. on Monday, September 12, 2016 (With Maintenance of Lane For Emergency Vehicles); Tennessee Avenue and 72nd Street to Bentley to be Closed Except for Local Traffic; No Parking on the North Side of 71st Street from Clarendon Hills Road to the West End of Darien Community Park; No Parking on Both Sides of Clarendon Hills Road from 71st Street to 69th Street; No Parking on the East Side of Bentley Avenue from 71st Street to 72nd Street; and Parking on One Side of Roger Road
 - Providing Police Protection and Public Works services for the DarienFest 2016 contingent on the Chamber agreeing to reimburse the City for those expenses
 - Granting a Waver of the \$50.00 a Day Fee for the <u>Temporary Liquor License</u> –DarienFest 2016

Background/History

The Chamber has revised DarienFest this year to include hosting the carnival from September 9th through September 11th and hosting the DarienFest at Community Park for only one day, September 10th. The Chamber will reimburse the City for any expenses relating to Police and Public Works services

Also, the Chamber has requested a waiver of the fee for the Temporary Liquor License as our Liquor License Code requires a \$50.00 per day fee. The Council has waived this fee in previous years for DarienFest.

Staff/Committee Recommendation

As directed

Alternate Consideration

As directed

Decision Mode

This item will be on the July 18th City Council Agenda for formal consideration.

Kathleen Moesle Weaver Mayor of Darien 1702 Plainfield Road Darien, IL 60561

Dear Mayor Weaver:

The Darien Chamber of Commerce is planning the 29th Annual DarienFest at Darien Community Park. We hereby request approval from the City of Darien for the following items:

- Dates and times to hold DarienFest 2016: Friday, September 9th, 6pm to 10:30 pm; Saturday, September 10th, 1pm to 10:30 pm and Sunday, September 11th, 1pm to 8pm.
- Road closures to accommodate Windy City Amusement Co. including: closure of Clarendon Hills Road from Plainfield Road to 71st Street from 10 am on Thursday, September 8, until 5 pm on Monday, September 12, (with maintenance of lane for emergency vehicles); Tennessee Avenue and 72nd Street to Bentley to be closed except for local traffic; no parking on the north side of 71st Street from Clarendon Hills Road to the west end of Darien Community Park; no parking on both sides of Clarendon Hills Road from 71st Street to 69th Street; no parking on the east side of Bentley Avenue from 71st Street to 72nd Street, and parking on one side only of Roger Road.
- Police protection for the DarienFest 2016

Upon conclusion of DarienFest please invoice the Darien Chamber of Commerce for services from Public Works and Police Protection.

Sincerely.

Clare Bongiovanni

Chairman, DarienFest 2016

AGENDA MEMO City Council Meeting July 18, 2016

Issue Statement

PZC 2016-06: 8731 Kentwood Court: Petitioner seeks approval of an ordinance approving a zoning variation to reduce the required interior side yard setback from 10 feet to 5 feet in order to construct a deck.

ORDINANCE BACKUP

Applicable Regulations: **Zoning Ordinance Section 5A-7-2-6(A)**: R-2 Single-

Family Residence District, Yard Requirements

General Information

Petitioner/Property Owner: Jacob and Lisa Bryant Property Location: 8731 Kentwood Court

PIN: 10-04-112-014

Existing Zoning: R-2 Single-Family Residence

Existing Land Use: Single-family home Comprehensive Plan Update: Low Density Residential

Surrounding Zoning / Land Use:

North: R-2 Single-Family Residence / Single-family detached residence East: R-2 Single-Family Residence / Single-family detached residence South: R-2 Single-Family Residence / Single-family detached residence West: R-2 Single-Family Residence / Single-family detached residence

Size of Property: 15,589 square feet

Floodplain: None. Natural Features: None.

Transportation: Frontage on Kentwood Court

History: None.

Documents Submitted

This report is based on the following information submitted to the Community Development Department by the Petitioner:

1. Plat of Survey, 1 sheet, prepared by Area Survey Co., P.C., dated September 4, 1986.

Planning Overview/Discussion

The subject property is located on the east side of Kentwood Court, south of Kimberly Court.

The petitioner proposes to construct a deck onto the home.

The property is zoned R-2 which establishes an interior side yard setback of 10 feet. This setback applies to decks and patios attached to the home. The proposed deck encroaches 5 feet into the

side yard setback. The proposed deck is 16 feet x 21 feet.

The petitioner should be aware, the maximum permitted amount of rear yard coverage will nearly be met with the construction of the deck, 30% is the maximum permitted amount of coverage within the rear yard by structures.

Variation criteria:

- 1. Whether the general character of the property will be adversely altered.
- 2. Whether the overall value of the property will be improved and there will not be any potential adverse effects on the neighboring properties.
- 3. Whether the alleged need for the variation has been created by any person presently having a proprietary interest in the premises.
- 4. Whether the proposed variation will impair an adequate supply of light and air in adjacent property, substantially increase congestion in the public streets, increase the danger of fire or endanger the public safety.
- 5. Whether the proposed variation will adversely alter the essential character of the neighborhood.

Staff Comment (June 1, 2016)

The petitioner should explain why the 10-foot side yard setback cannot be met, there appears to be enough room to construct a deck and meet the required setback.

Staff Addendum (July 18, 2016)

The required minimum setback from side and rear lot lines for detached structures in the rear yard is 5 feet (Code Section: 5A-5-9-2-A2b). However, the proposed deck is defined as an attached accessory structure, so the required setback would be 10' feet (Code Sections 5A-5-9-2-A1, 5A-7-2-6-A). Attached to this report are an enlarged survey with notes by staff, two photos of deck location, and petitioner's drawing of fireplace. Petitioner claims that the deck, if it would comply with code, would be 11 feet wide, between patio and corner of house, and it would then not be wide enough for his proposed use of deck for table seating, and not wide enough for his proposed fireplace of 13 feet.

PZC Recommendation

On June 1, the Planning and Zoning Commission conducted a public hearing. The petitioner testified that proposed deck would cover a tree stump and would not affect drainage. Three neighbors testified that there are other large decks in the neighborhood, there were no other setback variations in the neighborhood, and they did not object to this proposed deck.

Decision Mode

Planning and Zoning Commission: 6/1/16 – recommended approval 5-0 as presented

Agenda Memo

PZC 2016-06: 8731 Kentwood Court ...Page 3

MINUTES CITY OF DARIEN PLANNING & ZONING COMMISSION MEETING June 1, 2016

PRESENT: Robert Cortez, Ron Kiefer, John Laratta, Ray Mielkus, Ken Ritzert, Michael

Griffith - Senior Planner, Elizabeth Lahey - Secretary

ABSENT: Beverly Meyer, Andrew Kelly, Lou Mallers

Acting Chairperson Mielkus called the meeting to order at 7:00 p.m. at the City Hall – City Council Chambers, Darien, Illinois and declared a quorum present and swore in the audience members wishing to present public testimony.

A. Public Hearing PZC 2016-06: 8731 Kentwood Court: Petitioner seeks approval of a variation to reduce the required interior side yard setback from 10 feet to 5 feet in order to construct a deck.

Mr. Michael Griffith, Senior Planner reported that the petitioner proposes to construct a deck onto the home. He reported that the property is zoned R-2 which establishes an interior side yard setback of 10 feet which applies to decks and patios attached to the home. Mr. Griffith reported that the proposed deck encroaches 5 feet into the side yard setback and that the proposed deck is 16 feet x 21 feet.

Mr. Griffith reported that there were no calls regarding this petition and that that the petitioner should explain why the 10-foot side yard setback cannot be met. He further reported that Commissioner Mallers called and stated that he concurs with staff's recommendation.

The petitioner, Mr. Jacob Bryant reported that he is constructing the deck and that it is positioned because a fireplace will be constructed and that there are windows. He stated that positioning it in the proposed area covers a stump which is an eyesore. He further stated that positioning it within the area limits deck space and that he is trying to keep it uniform without sacrificing the design. Mr. Bryant stated that the deck will not affect the drainage and it will improve the neighborhood.

Commissioner Laratta questioned if there were any other decks in the area as large.

Mr. Bryant stated that there are larger decks in the area. He stated that the fireplace will be constructed of cinderblock.

Acting Chairperson Mielkus questioned if the window would be covered. He also questioned if the patio could be reduced and the deck built over it.

Planning and Zoning Commission Meeting minutes: June 1, 2016 Page 1 Mr. Bryant stated that the window is not an escape window but that he will build a removable section. He stated that he cannot cut into the patio because there is a grounding wire there for the pool.

Commissioner Kiefer questioned if there were any issues with the neighbors.

Mr. Bryant stated that all his immediate neighbors were present in the audience. He stated that he spoke with all of his neighbors in the area.

Mr. Melvin Gregory stated that he is the neighbor to the South and that he is fully supportive of the petition. He stated that everything that has been done to the home has enhanced the area. He further stated that he did not believe that there were existing variations to either side of the home.

Mr. Tom Gannon, 8739 Kentwood stated that Mr. Bryant did not speak with him and that the deck does not affect him. He looked at the board that Mr. Bryant provided.

Commissioner Kiefer stated that the homeowner is pushing the limit on coverage.

Mr. Griffith reported that the deck will max out accessory structures.

Commissioner Laratta asked Mr. Gannon if the deck was out of line size wise.

Mr. Gannon stated that it was not and that everyone in the neighborhood has a large deck.

The neighbors at 8730 Kentwood were also present and stated that they were fully supportive of the project,

At 7:20 p.m. there was no one else in the audience wishing to present public comment and Acting Chairperson Mielkus closed the public hearing.

Commissioner Kiefer made a motion and it was seconded by Commissioner Laratta that based upon the submitted petition and the information presented, the request associated with PZC 2016-06 is in conformance with the standards of the Darien City Code and move that the Planning and Zoning Commission recommend approval of the petition as presented.

Upon roll call vote, THE MOTION CARRIED UNANIMOUSLY 5-0.

Mr. Griffith reported that this would be forwarded to the Municipal Services Committee.

CORRESPONDENCE

Mr. Griffith announced that he accepted a position with the City of Evanston and that his last day is June 10th.

OLD BUSINESS/PLANNER'S REPORT

Mr. Griffith reported that there will be a meeting on June 15th.

Planning and Zoning Commission Meeting minutes: June 1, 2016 Page 2

MINUTES

Commissioner Kiefer made a motion and it was seconded by Commissioner Laratta to waive the reading of the May 18, 2016 Regular Meeting Minutes.

Upon roll call vote, the motion CARRIED UNANIMOUSLY 5-0.

Commissioner Ritzert made a motion and it was seconded by Commissioner Cortez to approve the May 18, 2016 Regular Meeting Minutes.

Upon roll call vote, the motion CARRIED UNANIMOUSLY 5-0.

NEXT MEETING

Mr. Griffith announced that the next meeting is scheduled for Wednesday, June 15, 2016 at 7:00 p.m.

ADJOURNMENT

With no further business before the Commission, Commissioner Laratta made a motion and it was seconded by Commissioner Ritzert. Upon voice vote, THE MOTION CARRIED unanimously and the meeting adjourned at 7:29 p.m.

RESPECTFULLY SUBMITTED:	APPROVED;

CITY OF DARIEN

DU PAGE COUNTY, ILLINOIS

ORDINANCE NO.

AN ORDINANCE APPROVING A VARIATION TO THE DARIEN ZONING ORDINANCE

(PZC 2016-06: 8731 Kentwood Court)

ADOPTED BY THE

MAYOR AND CITY COUNCIL

OF THE

CITY OF DARIEN

THIS 18th DAY OF JULY, 2016

Published in pamphlet form by authority of the Mayor and City Council of the City of Darien, DuPage County, Illinois, this ____day of July, 2016.

AN ORDINANCE APPROVING A VARIATION TO THE DARIEN ZONING ORDINANCE

(PZC 2016-06: 8731 Kentwood Court)

WHEREAS, the City of Darien is a home rule unit of local government pursuant to the provisions of Article VII, Section 6 of the Illinois Constitution of 1970; and

WHEREAS, as a home rule unit of local government, the City may exercise any power and perform any function pertaining to its government except as limited by Article VII, Section 6; and

WHEREAS, the property legally described in Section 1 (the "Subject Property"), is zoned R-2 Single-Family Residence District pursuant to the Darien Zoning Ordinance; and

WHEREAS, the petitioner has requested approval of a variation from the terms of the Darien Zoning Ordinance to reduce the required side yard setback from 10 feet to 5 feet in order to construct an attached accessory deck; and

WHEREAS, pursuant to proper legal notice, a Public Hearing on said petition was held before the Planning and Zoning Commission on June 1, 2016; and

WHEREAS, the Planning and Zoning Commission at its regular meeting of June 1, 2016, recommended approval of said petition and has forwarded its findings and recommendation of approval to the City Council; and

WHEREAS, on July 18, 2016, the Municipal Services Committee of the City Council reviewed the petition and has forwarded its recommendation of approval of said petition to the City Council; and

ORDINANCE NO.____

WHEREAS, the City Council has reviewed the findings and recommendations described above and now determines to grant the petition subject to the terms, conditions and limitations described below.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE **POWERS,** as follows:

SECTION 1: Subject Property. This Ordinance is limited and restricted to the property generally located at 8731 Kentwood Court, Darien, Illinois, and legally described as follows:

LOT 19, EXCEPT THE NORTH 8.30 FEET, IN CARRIAGE WAY WEST UNIT NO. 4, A SUBDIVISION OF PART OF THE NORTHWEST 1/4 OF SECTION 4, TOWNSHIP 37 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, TOWNSHIP OF DOWNERS GROVE, IN DUPAGE COUNTY, ILLINOIS.

PIN: 10-04-112-014

SECTION 2: Variation from Zoning Ordinance Granted. A variation from the Zoning Ordinance, Section 5A-7-2-6(A): Yard Requirements, R-2 Single-Family Residence District, is hereby granted to reduce the required side yard setback from 10 feet to 5 feet for the construction of an attached accessory deck.

SECTION 3: Home Rule. This ordinance and each of its terms shall be the effective legislative act of a home rule municipality without regard to whether such ordinance should (a) contain terms contrary to the provisions of current or subsequent non-preemptive state law, or (b) legislate in a manner or regarding a matter not delegated to municipalities by state law. It is the intent of the corporate authorities of the City of Darien that to the extent of the terms of this

ORDINANCE NO	
ordinance should be inconsistent with any nor	n-preemptive state law, that this ordinance shall
supercede state law in that regard within its jurisc	liction.
SECTION 4: Effective Date. This Or	dinance shall be in full force and effect from and
after its passage and approval as provided by law

City Council July 18, 2016

Issue Statement

Class K and H Liquor License: Consideration of an Ordinance to amend the liquor license for Café Smilga at 2819 83rd Street in the Crossroads retail shops building from a Class K to a Class H

<u>ORDINANCE</u> <u>BACKUP</u>

Overview/Discussion

The Petitioner, Vladas Kriauciunas, has requested to amend their liquor license from a Class K to a Class H. Petitioner states that they have sold beer and wine for over 11 years for consumption on the premises as accessory to their main purpose of serving food under a Class K liquor license. They would now like to add to their business by also selling specialty packaged beer and wine for carry out under a Class H liquor license. There are two other Class H liquor licenses – Home Run Inn at 7521 Lemont Road and Zazzo's at 7360 Route 83.

No expansion to the size of the store space is proposed. The property is zoned B-2. Restaurant uses were included in the PUD special use granted by Ordinance O-28-00.

An ordinance has been prepared to delete one Class K license and add one Class H license. Mayor Weaver supports the proposed ordinance.

Decision Mode

Municipal Services Committee: July 18, 2016 City Council: July 18, 2016

REQUEST FOR CHANGING THE LIQUOR LICENSE

Vlada's Kitchenette Inc. Vladas Kriauciunas 7036 Cambridge Rd. Downers Grove, IL 60536

Clerk's Office 1702 Plainfield Road Darien, Illinois 60561

Dear Clerk's Office representatives,

I am writing in order to request changes in my current liquor license. I, Vladas Kriauciunas, am the owner of Vlada's Kitchenette Inc., also known as a small Lithuanian cafe/deli "Smilga" located at 2819 83rd Street, Darien, IL 60517. We have been in business for almost 12 years and contributed greatly for the city of Darien.

On 29th of June, 2015 we were granted Liquor License (No. K - 12) to sell alcoholic liquor at retail by authority of the City of Darien. During that time we carefully complied with Class "K" requirements - sale of retail, of beer and wine for consumption on the premises of sale at tables.

My business was hit hard by slow sales and sluggish economy. Therefore, I am asking the City of Darien to make changes in my current liquor license. I would like to be granted a permission to sell packaged beer and wine in our mini mart for carry out. I believe it would help my business to develop, get financial gain, and contribute even greater to the City of Darien. Your assistance and help would be greatly appreciated.

Thank you very much for your consideration and time. If you have any questions, to not hesitate to reach me anytime.

Sincerely, Vladas Kriauciunas Cell: 630 935 5073

AGENDA MEMO City Council July 18, 2016

Issue Statement

Approval of a resolution authorizing the Mayor to accept a proposal from Suburban Laboratories for the 2016/17 Bacteriological and Chemical/Radiological/LT2 Water Sampling Program in an amount not to exceed \$6,220.00.

RESOLUTION

Background/History

The Illinois Environmental Protection Agency has recently submitted to the City of Darien the 2016 Community Water Supply testing and schedule. In 2007 the United States Environmental Protection Agency had passed on to all community water supplies a mandate requiring us to perform specified analytical water sampling.

The Stage 2DBP rule is intended to reduce potential cancer and reproductive and developmental health risks from disinfection byproducts in drinking water, which form when disinfectants are used to control microbial pathogen. The final rule strengthens public health protection for customers of systems that deliver disinfected water by requiring such systems to meet the maximum contaminant levels as an average at each monitoring location. The mandate continues to reduce DPB exposure and related potential healths risks and provide more equitable public health protection. The rule also continues to evaluate early warning potential of Maximum Contaminant Levels (MCL), and allows the City's system to take proactive steps to remain in compliance.

Below please find a summary of the competitive quotes for this year's Coliform and Chemical/Radiological/LT2 Water Sampling Program:

TESTING FACILITY	PRICING SCHEDULE
EnviroTest/Perry Laboratories	\$6,240.00
Suburban Laboratories	\$5,220.00
State of Illinois	\$7,010.00

The proposed expenditure would be expended from the following account:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION	FY 16/17 BUDGET	PROPOSED EXPENDITURE	BUDGET BALANCE
	EPA-Stage 2-Reduced Lead and			
02-50-4241	Copper/Radiological	\$5,500	\$3,060	\$2,440
02-50-4241	Bacteriological Sampling	\$3,762	\$2,160	\$1,602
	Contingency Stage 2 and			
02-50-4241	Bacteriological Sampling		\$1,000	N/A
02-50-4241	Total	\$9,262	\$6,220	\$3,042

Water Sampling Program July 18, 2016 Page 2

STAFF RECOMMENDATION

Approval of a resolution authorizing the Mayor to accept a proposal from Suburban Laboratories for the 2016/17 Bacteriological and Chemical/Radiological/LT2 Water Sampling Program in an amount not to exceed \$6,220.00.

ALTERNATE CONSIDERATION

As directed by City Council

DECISION MODE

This item will be placed under New Business on the July 18, 2016 agenda for formal consideration by the City Council.

CITY ATTORNEY

A RESOLUTION AUTHORIZING THE MAYOR TO ACCEPT A PROPOSAL FROM SUBURBAN LABORATORIES FOR THE 2016/2017 BACTERIOLOGICAL AND CHEMICAL/RADIOLOGICAL/LT2 WATER SAMPLING PROGRAM IN AN AMOUNT NOT TO EXCEED \$6,220.00

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY, ILLINOIS, as follows:

SECTION 1: The City Council of the City of Darien hereby authorizes the Mayor and City Clerk to accept a proposal from Suburban Laboratories for the 2016/2017 Bacteriological and Chemical/Radiological/LT2 Water Sampling Program in an amount not to exceed \$6,220.00, a copy of which is attached hereto as "**Exhibit A**".

SECTION 2: This Resolution shall be in full force and effect from and after its passage and approval as provided by law.

Thank you for the opportunity to submit an estimated budget for annual drinking water testing. Suburban Laboratories, established in 1936, has been providing drinking water testing services to communities in Illinois for over 35 years. We are the largest private drinking water lab in northern Illinois and we are dedicated to ensuring your community's compliance with drinking water regulations. The following estimated budget includes testing requirements downloaded from the IEPA's on-line monitoring schedule as of today.

"Compliance Comfort" from Suburban Laboratories

- Automatic bottle shipping (just fill the bottles and return to the lab)
- Dedicated project management staff with over 30 years of experience ~
- Courier service available throughout Illinois ~
- Results electronically reported to IEPA
- Internal monthly Precompliance Review ensures no samples are missed or goes unreported to IEPA
- Sample scheduling system integrated with on-line monitoring schedules
- Expert compliance and regulatory liaison with the IEPA Compliance Assurance Section
- Laboratory open 365 days a year
- No annual prepayment (pay as you go)

Suburban Laboratories stands ready to assist you and we will be happy to come out to your community to demonstrate our powerful compliance system. Thank you for considering Suburban Laboratories as your partner in compliance.

LEAD_COPPER		\$16.00	\$480.00	
	Total Estimated Non	Coliform Cost	\$2,160.00	
Total Coliforms (Distribution and Wells)	360 30	\$8.50	\$2,550.00	3,060.00
Monthly IEPA "Compliance Comfort" Management	gement 12	2 \$0.00	\$0.00	

2. Coliform samples requiring membrane filtration (new construction) analysis add \$2.00 to routine coliform price.

All tests listed are based on IEPA Supplied Compliance Monitoring Schedule downloaded on 12/4/2015.

All pricing is subject to Suburban Laboratories' Terms and Conditions. Prices effective 7/1/2016 through 6/30/2017.

^{1.} Pickup service available

^{2.} Samples can be collected at any time according to the water system's monitoring plan and their convenience.

^{3.} All unit prices are good until June 30th, 2017.

^{1.} Actual costs will depend upon the amount of testing performed and may vary due IEPA changes to the monitoring schedule, as well as current market conditions at the time the testing cycle begins.

^{3.} Holiday and Weekend charges may apply for emergency service.

^{4.} Some tests may be subcontracted to another IL certified laboratory.

^{5.} The monthly "Compliance Comfort" fee defrays the associated costs of managing the System's drinking water testing schedule, preparing preprinted COCs and bottle labels, electronic filing of all compliance data with IEPA, and other client associated costs, i.e., sample disposal and energy surcharge.

July 1, 2016 through June 30, 2017 Analysis Summary and Rate Schedule

Facility No. IL0430270 - DARIEN

Below describes the sample workload projection as well as the specific cost for your water system for the period of July 1, 2016 through June 30, 2017. No additional fees will be charged for increased testing requirements or unexpected monitoring. You will only be charged the fee listed here.

Chemical Analysis Summary*

Analysis	Projected Analyses	Cost Per Unit	Total
Method 524.2 (TTHM)	16	\$50.00	\$800.00
Method 552 (HAA)	16	\$120.00	\$1,920.00
		Tota	\$2,720.00

Coliform Analysis Summary

To calculate total cost, you will need to select a Coliform laboratory. A list of the Coliform laboratories contracted with the Illinois EPA is enclosed. Next, using the calculation below, multiply the projected number of samples we have provided by the cost per sample of the Coliform laboratory of choice.

Projected Number of Samples: 300	9.50	=\$ 3420	
360	Insert Cost Per Sample	Total Coliform Program Cost	

Attention: Every Public Water Supply is strongly encouraged to provide an active e-mail address to help facilitate the timely dissemination of important information focused on ensuring the distribution of safe drinking water. Simply send an e-mail to julie.gebhardt@illinois.gov with your facility ID #(s) and your information will be updated.

^{*}If you participate in the program, you will have the option of having your results sent to any e-mail address. This option may be chosen on the enclosed Election Form (1st Page). Please note this feature is not yet available for Coliform Samples.

Illinois Environmental Protection Agency Bruce Rauner, Governor Lisa Bonnett, Director

The Community Water Supply Testing Program for Fiscal Year 2017

The Illinois EPA is offering drinking water testing services for your water supply as part of our Community Water Supply Testing Program (CWSTP) for Fiscal Year 2017 (July 1, 2016 through June 30, 2017.) We want your business! We are your State Laboratory and would like to perform your required drinking water testing for you. We care about your safety and will work hard to get it done right the first time.

This mailing includes a Chemical Analyses Price list, Coliform Analyses Price list, a Customized Analyses Summary and Rate Schedule for your water supply and a CWSTP Election Form and Billing Notice. The Illinois EPA asks that you complete the enclosed Election Form and notify us by May 31, 2016 of your decision whether or not to participate in this program by returning the Election Form. If you elect to participate, your payment MUST be included with the Election Form. Please make your check payable to "Illinois EPA."

<u>Please note</u>: This is the only mailing that you will receive this year. There will be no separate billing notice sent later.

The CWSTP has the same options we have included in the past:

• Signup is for one year. Your water system can elect to participate in the program for one year. The annual program allows us to better evaluate your testing requirements for the year and enables us to establish fees that reflect the most accurate costs possible. This one-year period begins July 1, 2016 and ends June 30, 2017.

Signup options:

- 1) Full Participation. Choosing full participation includes all drinking water testing required for your supply for the upcoming year. If our laboratory does not perform the actual analysis, we will arrange for the analysis to be performed by another laboratory and we will pay for those tests from the fees we collect. The Illinois EPA staff will deal directly with the laboratories and take care of any testing, bottle or data reporting issues for you.
 Very important When choosing a coliform lab, be sure you have a method of getting the samples to that lab to ensure all holding times can be met.
- 2) Partial Participation. By choosing this option you only need to commit to having the chemical analyses performed by our laboratory. You can choose to opt in or opt out of the program for your Coliform, Cryptosporidium or Radionuclide testing. Your fee will be based only on the analyses that you choose to have done as part of the CWSTP.

If you choose the partial participation option, you will pay the Coliform, Cryptosporidium or Radionuclide labs directly. They will need to supply you with the necessary bottles and shipping containers as well as handle the data reporting. If you decide to opt out for any of the testing referred to in this section, please make sure that the lab you choose is certified.

3) No participation. By choosing this option you agree not to participate in the program but your supply must still complete all testing requirements and report the results to the Illinois EPA. We ask that you still return the Election Form and indicate that you choose not to participate.

NOTE: To avoid any potential violation due to disruption in receiving needed sample bottles for the upcoming sampling period, starting July 1, 2016 you must submit the Election Form along with your payment as soon as possible (by May 31, 2016).

• Electronic Results:

Electronic results can be sent to you. If you participate in the program, you have the option of having your results sent to any e-mail address. You can simply choose this option on the enclosed Election Form and send an e-mail with your facility ID # to Julie Gebhardt at julie.gebhardt@illinois.gov. Coliform, Cryptosporidium and Radionuclide results are provided by mail.

• We have retained the CWSTP benefits that you have enjoyed:

- 1) Your annual fee is determined by the drinking water testing required for your supply and the signup options you select. The fee covers the costs of your drinking water analyses for the entire year (July 1, 2016 June 30, 2017).
- 2) If you choose to have the Illinois EPA laboratory provide the testing for Cryptosporidium or Radionuclide a contracted lab will be utilized, but the Agency will only charge the amount that the other laboratory charges. The Illinois EPA laboratory does not add a processing fee and we oversee all data reporting and bottle issues for you.

The Illinois EPA takes great pride in meeting your needs. We have a very experienced staff and employ a full time Quality Assurance Officer. Data quality is our top priority and our laboratory is certified by NELAP, U.S. EPA and the Illinois Department of Public Health.

We look forward to working with you again this year. If you have any questions regarding this program, please contact one of the Illinois EPA laboratory staff listed below:

AGENDA MEMO City Council July 18, 2016

ISSUE STATEMENT

A resolution authorizing a Private Property-Development Storm Water Management Assistance project for 3012 Hillside Lane and 2989 Harvest Place in an amount not to exceed \$10,300.

RESOLUTION

BACKGROUND

Throughout the year, the City receives complaints regarding drainage issues within the rear lot lines/easements. The complaints are due to standing water that stems from active sump pumps, grading issues and mature landscaping. The areas further stay saturated throughout the season, thereby making it difficult to mow and maintain these areas and further creates conditions for mosquito breeding. The City's Private Property-Development Storm Water Management Assistance Policy or further referred to as the *Rear Yard Drainage Program* allows residents, multifamily, commercial property owners and the City to work together in resolving these nuisance ponding and drainage issues.

The proposed project is considered a Level 1 Program and the scope of work includes the following:

- Installation of 6-inch under drain, and 12 x 12 inlets
- Landscape Restoration

The project would rid the area of the nuisance ponding, and allow for positive storm water conveyance within the rear yard easement. Costs for the project are estimated to be at approximately \$6,500 and the cost share would be as follows:

2 Participants-3012 Hillside Lane and 2989 Harvest Place @\$1,275.15 per participant-Total \$2,550.30

City of Darien-\$7,749.70

PROPOSED PROJECT COST	PROPOSED NO OF PARTICIPANTS	FIRST \$1,000.00 COST TO PARTICIPANTS	BALANCE BETWEEN PROJECT COST OVER \$1,000.00 PER PARTICIPANTS	COST TO CITY OF DARIEN OVER FIRST \$1,000	REMAINDER OF COST TO PARTICIPANT	TOTAL COST TO EACH PARTICIPANT WITHOUT DEDUCTIBLE	TOTAL COST TO EACH PARTICIPANT WITH DEDUCTIBLE

The City of Darien would be responsible for administering the proposal, which includes material outsourced labor and restoration for the proposed project.

Staff requested proposals for the installation of the material and restoration services for the project and received three (3) competitive quotes, see attached labeled as <u>Attachment A</u>. J&R Landscaping and Tree Services provided the lowest responsive quote.

CITY ATTORNEY

A RESOLUTION AUTHORIZING A PRIVATE PROPERTY-DEVELOPMENT STORM WATER MANAGEMENT ASSISTANCE PROJECT FOR 3012 HILLSIDE LANE AND 2989 HARVEST PLACE WITH J&R LANDSCAPING AND TREE SERVICES IN AN AMOUNT NOT TO EXCEED \$10,300.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY, ILLINOIS, as follows:

SECTION 1: The City Council of the City of Darien hereby authorizes a Private Property-Development Storm Water Management Assistance Project for 3012 Hillside Lane and 2989 Harvest Place with J&R Landscaping and Tree Services in an amount not to exceed \$10,300.00, a copy of which is attached hereto as "**Exhibit A**".

SECTION 2: This Resolution shall be in full force and effect from and after its passage and approval as provided by law.

PASSED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY,
ILLINOIS, this 18th day of July, 2016.

AYES:

NAYS:

ABSENT:

APPROVED BY THE MAYOR OF THE CITY OF DARIEN, DU PAGE COUNTY,

Incorporated 1969

July 11, 2016

Mr. Philip Zacharski 2989 Harvest Place Darien, IL 60561

RE: Final-Harvest Place and Hillside Lane Rear Yard Drainage Project

Dear Mr. Zacharski:

This letter is an update to the correspondence dated June 29, 2016, regarding the ongoing drainage concerns within the rear yard drainage easement of certain properties located at Harvest Place and Hillside Lane.

Below is an updated/final survey participation results:

Harvest Place

2977 No Reply 2989 Yes 3001 and 3013 No

Hillside Lane

3000 No Reply 2976, 2988 and 3024 No 3012 Yes

The City has tallied the participants with a final count of two (2). The scope of the project remains at an amount of \$10,300 for the project. The participating residents would be responsible for a shared cost not to exceed \$2,550.32 with a total shared cost from the City of Darien not to exceed \$7,749.68.

Harvest Place

2989-\$1,275.16

Hillside Lane

3012-\$1,275.16

The project will require City Council approval and is scheduled for the July 18, 2016 City Council Meeting. Fending approval, the project is scheduled to begin late July, 2016.

Drainage Concerns July 11, 2016 Page 2

The City of Darien will manage the project which includes outsourcing for labor, purchasing material, and completing the restoration for the proposed project. The scope of the project includes the following:

- 1. Installation of a 6-inch socked corrugated perforated pipe
- 2. The pipe will be installed within the easement and the route will be marked with white paint.
- 3. The inlet boxes will also be marked at strategic locations. Please note the inlet loxes may be moved or additional inlets may be requested.
- 4. No fences or trees will be removed.
- 5. All existing private under drains within 10-feet of the proposed main line will be tied into the inlets.
- 6. All restoration will be replaced with sod or mulch.
- 7. The City/vendor will repair any irrigation supply lines that may be severed curing the excavation.

The placement of pipe and inlets may require field adjustments from the designated route (white paint) due to underground utilities. Participants that would like to bury or replace their existing sump pump lines and connect them to the proposed inlets should contact J&R Landscaping and Tree Services at (630) 630-408-3501. You may also contact any other landscaper for this additional work if they are capable of installing under drains. This additional work would be at the owner's expense.

Should you have any further questions regarding this matter, please feel free to contact me at [630] 353-8106 or via e-mail at dgombac@darienil.gov

Sincerely,

CITY OF DARIEN

Daniel Gombac

Mrs. Maurita O'Connell 3012 Hillside Lane Darien, Il. 60561

RE: Final-Harvest Place and Hillside Lane Rear Yard Drainage Project

Dear Mrs. O'Connell:

This letter is an update to the correspondence dated June 29, 2016, regarding the ongoing drainage concerns within the rear yard drainage easement of certain properties located at Harvest Flace and Hillside Lane.

Below is an updated/final survey participation results:

Harvest Place

2977 No Reply 2989 Yes 3001 and 3013 No

Hillside Lane

3000 No Reply 2976, 2988 and 3024 No 3012 Yes

The City has tallied the participants with a final count of two (2). The scope of the project remains at an amount of \$10,300 for the project. The participating residents would be responsible for a shared cost not to exceed \$2,550.32 with a total shared cost from the City of Darien not to exceed \$7,749.68.

Harvest Place

2989-\$1,775.16

Hillside Lane

3012-\$1,275.16

The project will require City Council approval and is scheduled for the July 18, 2016 City Council Meeting. Fending approval, the project is scheduled to begin late July, 2016.

Drainage Concerns July 11, 2016 Page 2

The City of Darien will manage the project which includes outsourcing for labor, purchasing material, and completing the restoration for the proposed project. The scope of the project includes the following:

- 1. Installation of a 6-inch socked corrugated perforated pipe
- 2. The pipe will be installed within the easement and the route will be marked with white paint.
- 3. The inlet boxes will also be marked at strategic locations. Please note the inlet boxes may be moved or additional inlets may be requested.
- 4. No fences or trees will be removed.
- 5. All existing private under drains within 10-feet of the proposed main line will be tied into the inlets.
- 6. All restoration will be replaced with sod or mulch.
- 7. The City/vendor will repair any irrigation supply lines that may be severed during the excavation.

The placement of pipe and inlets may require field adjustments from the designated route (white paint) due to underground utilities. Participants that would like to bury or replace their existing sump pump lines and connect them to the proposed inlets should contact J&R Landscaping and Tree Services at (630) 630-408-3501. You may also contact any other landscaper for this additional work if they are capable of installing under drains. This additional work would be at the owner's expense.

Should you have any further questions regarding this matter, please feel free to contact me at (630) 353-8106 or via e-mail at dgombac@darienil.gov

Sincerely,

CITY OF DARIEN

Daniel Gombac

RE: Updated Final-Harvest Place and Hillside Lane Rear Yard Drainage Project

Dear Mrs O'Connell:

This letter is an update from the correspondence dated June 14, 2016, regarding the ongoing drainage concerns within the rear yard drainage easement of certain properties located at Harvest Place and Hillside Lane.

Below is the updated and final survey participation results:

Harvest Place

2977 No Reply 2989 Yes 3001 and 3013 No

Hillside Lane

3000 No Reply
2976, 2988 and 3024 No
3012 Yes - 3 pohe of Phil 07/81/16 - Verbul Yes. 11:30 Am

The City has tallied the participants with a final count of two (2). The scope of the project remains the same, for a total amount of \$10,300 for the project. The participating residents would be responsible for a shared cost not to exceed \$2,550.32 with a total shared cost from the City of Darien not to exceed \$7,749.68.

The City of Darien would be responsible for administering the proposal, which includes labor, material, and restoration for the proposed project. Upon your review, please indicate on the attached sheet whether or not you would like to participate in the project by no later than July 7, 2016. Should you have any further questions regarding this matter, please feel free to contact me at (630) 353-8106 or via e-mail at dgombac@darienil.gov.

ATT

AGENDA MEMO

City Council July 18, 2016

ISSUE STATEMENT

A resolution authorizing approval of a Letter of Intent for participation in the DuPage Judicial Information System (DUJIS) being established by the DuPage Emergency Telephone System Board.

RESOLUTION

BACKGROUND/HISTORY

We currently work with DUCOMM for dispatching of emergency and non-emergency calls for service whether initiated by an officer or by the public. DUCOMM uses an old Computer Aided Dispatch (CAD) system that does not provide for adequate information. We currently are in a partnership as well for our Records Management System (RMS). This system is tied to the CAD system and is too old and the information nearly impossible to retrieve. The inability to retrieve information creates a number of problems. It takes way too long to create the monthly report. We have no real means to analyze crime, calls for service, accidents, officer performance, etc. due to the poor systems. In order to retrieve this information, we receive a complete data dump then poor through a spreadsheet eliminating unnecessary data elements, adding needed data elements, etc. to run analysis. This system allows us to share information between DuPage County jurisdictions.

This agreement will fund our share of DUJIS in the amount of \$273,343 to be paid in various increments over a period of five years (see table below). These costs are estimates as not all agreements are in place. The estimate cost for the system is as follows:

Darien		2017	2018	2019	2020	2021	2022	2023
Current NetRMS est		\$2,220	\$2,654					
New RMS Capital		\$24,605	\$24,605					
New RMS Annual				\$31,047	\$31,602	\$32,257	\$32,938	\$33,648
Agency Specific Police								\$19,643
Network option est.				\$9,51 <u>6</u>	\$9,51 <u>6</u>	\$9,516	\$9 , 576	renew?
TOTAL	\$273,343	\$26,825	\$27,259	\$40,563	\$41,118	\$41,773	\$42,514	\$53,291

This agreement if approved will fund our share of DUJIS in the amount of \$273,343 to be paid in various increments over a period of five years. Staff has anticipated this change over and has included the expense in our 3 year budget forecast. This item will be placed for Council approval the same evening as the Committee meeting since the ETSB is asking for a formal commitment as soon as possible.

STAFF/COMMITTEE RECOMMENDATION

Staff recommends that the Police Committee approve the Letter of Intent supporting the participation in the DuPage Judicial Information System (DUJIS) being established by the DuPage ETSB.

ALTERNATE CONSIDERATION

As recommended by Committee.

DECISION MODE

This item will be placed on the July 18, 2016 City Council Agenda for formal Council approval.

A RESOLUTION AUTHORIZING THE EXECUTION OF A LETTER OF INTENT TO PARTICIPATE IN THE DUPAGE JUDICIAL INFORMATION SYSTEM (DuJIS)

WHEREAS, the County of DuPage, Illinois in collaboration with its Emergency Telephone System Board (ETSB), is prepared to implement an integrated justice system known as DuJIS which will allow participating police and fire departments to exchange information with and between the County's court and correctional entities; and

WHEREAS, the County intends DuJIS will replace the ETSB's existing Computer Aided Dispatch (CAD) system; and

WHEREAS, County intends DuJIS will replace the existing incident Report Management System (RMS) used throughout the County; and

WHEREAS, the City of Darien has reviewed materials prepared by the ETSB which detail DuJIS's estimated costs, organization, and functionality, and such documents are incorporated in this resolution as fully set forth herein as **Exhibit A**; and

WHEREAS, the City of Darien desires to participate in the DuJIS System;

NOW THEREFORE BE IT RESOLVED THAT the Mayor shall be and hereby is directed to execute the attached Letter of Intent directed to the State's Attorney and the Chairman of the ETSB; and further

BE IT RESOLVED, that the City Clerk shall transmit copies of this Resolution to the State's Attorney and the Chairman of the Emergency Telephone System Board forthwith; and further

BE IT RESOLVED, that the Mayor is authorized to withdraw the Letter of Intent if the ETSB determines that the estimated cost to the City of Darien increases by more than ten (10) percent beyond the projection supplied by the ETSB.

PASSED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY,

ILLINOIS, this 18 th day of July, 2016.

TO: DuPage Justice Information System Participants (DuJIS)

FROM: States Attorney Robert Berlin and Gary Grasso

DuJIS Chairman DuPage ETSB Chairman

DATE: May 27, 2016

SUBJECT: DuPage Justice Information System Letter of Intent and Next Steps

Thank you for your interest in participating in the DuPage Integrated Justice Information System (DuJIS) project. The purpose of this memorandum is to provide an overview of the next steps and to seek participation from DuPage municipal and fire protection district agencies, in the form of a Letter of Intent, in order to finalize the contract with Intergraph, the vendor to which the Emergency Telephone System Board (ETSB) is preparing to award the contract for this project.

In order for the ETSB to properly price the contract, it requests that you present the enclosed "Letter of Intent" to your governing board for its approval. Please include the actual handouts as shown in the sample as part of your resolution. We have enclosed included a five-year cost projection to assist you in your decision.

The Law Enforcement Report Management System (LE RMS) cost projection includes the portion of the capital investment your agency will be responsible for as well as for its share of the ongoing maintenance, staffing (four IT professionals for LE RMS), and equipment replacement costs based on the number of users your agency would have in the system today. We have calculated this based on a cost-per-user basis. We have included an equipment replacement contribution so that the LE RMS system can be self-sustaining and allow for available funding for the upgrade or replacement of law enforcement report writing software in the future. DuPage ETSB NetRMS participants may already be familiar with equipment replacement cost preparation from your cost sharing experiences with that system. While this is not a new approach for the ETSB, it was not part of the cost projections that the manager for the initial stages of the project, Mr. David Usery, shared with you last Fall. Because we believe it is important to set aside funds for the eventual upgrade or replacement of the system in the years ahead, we have revised those projections to account for equipment replacement.

The DuJIS project is a very complex project with many interfaces to various technologies. To that end, the ETSB will only permit cost-sharing for common expenses. If an agency requires additional interfaces with the RMS or CAD to their unique software applications, it will need to obtain them through Intergraph the cost of which will be the responsibility of the impacted agency as included in the contract. Neither the ETSB nor the County will be responsible for the costs of interfaces to agency-specific software. Agency specific interfaces will be configured after the core systems are deployed, approximately 24 months from date of contract. Itemized cost projections per agency are included with this document. This information will allow participants with agency specific interfaces the opportunity to decide whether or not to move to one of the core shared applications versus paying for a specific interface.

We have made every effort to determine the five-year cost for this system including an equipment replacement contribution.

We ask that you present the Letter of Intent as is to your agency's corporate authorities, and upon its approval, execute the letter on your letterhead and return it to <u>DuPage ETSB at 421 County Farm Road, Wheaton, IL 60187 by **June 25, 2016**. If some agencies elect not to participate and that reduction changes the costs to any agency by more than ten percent (10%), we will notify each agency that has executed the letter of intent of this change in costs and to allow it the opportunity to reassess its intention to participate.</u>

The ETSB presently anticipates letting the contract before the end of the second quarter, 2016. The next ETSB Committee of the Whole Meeting is Wednesday, June 1 at 8:30am in the County Board Room at 421 County Farm Road, Wheaton. This is a two hour time block the ETSB intends to convene this additional Committee of the Whole for the exclusive purpose of reviewing the details of the contract before its final approval before the end of June. The ETSB will provide notice for those interested in attending.

Following the approval of the contract, the ETSB will request the County Board enter into intergovernmental agreements (IGAs) on the ETSB's behalf with each of the various Public Safety Answering Points (PSAPs) whose members will participate in DuJIS. The IGAs will outline the organization of the system and the respective duties of the ETSB and each PSAP. The IGAs will require each PSAP pass its obligations through to its participating member agencies. Each PSAP will be responsible for collecting an annual per capita assessment for DuJIS from its member agencies and for paying those assessments to the County and to the ETSB.

We are providing the following attachments to assist Agencies in making their decision regarding participation in the DuJIS Project:

- Letter of Intent and Resolution language with requested return attachments
- Steering Committee Structure
- DuPage Customer Pricing Overview (to date)
- Agency Cost Projections Summary (to date)
- Law Enforcement Report Management System (LE RMS) Staffing Overview
- Additional Costs Summary
- GIS Work Flow

Letter of Intent:

As we explained previously, the ETSB has requested that each prospective DuJIS participant present a letter of intent to its corporate authorities. The ETSB will use each agency's commitment to determine the total number of participants in the system as well as final pricing. After your agency has completed its due diligence and approved the letter of intent's execution, please return it to DuJIS Project, c/o DuPage ETSB 421 County Farm Road, Wheaton, IL 60187. If the number of participants changes the cost per agency by an increase of more than ten percent (10%), agencies that have indicated participation will be notified. Once a sufficient number of agencies approve the Letter of Intent, the State's Attorney, in collaboration with the attorneys for each of the participating PSAPs, will develop a standardized IGA to implement the system. As noted previously, we anticipate the PSAPs will serve as "contractual conduit" to help facilitate project implementation and to help manage the flow of responsibilities between the agencies, the ETSB, and the County in much the same way they did during the implementation and eventual operation of the radio project.

We ask that you present the resolution authorizing the execution of the letter of Intent to your board or council at your earliest opportunity and include the backup materials we are providing as attachments to the resolution.

Organizational Structure:

Upon project commencement, the County will retain a Report Management System (RMS) Manager though it's Human Resources Department for LE RMS. While the County's Director of Information Technology and the ETSB's Executive Director will jointly make the final selection, a small panel representing various LE RMS user groups will participate in the selection process and screen the applicants.

Though initially an ETSB position, the RMS Manager will transition to the County's IT Department beginning with FY2017 when the project is under contract and intergovernmental agreements have been executed with participants. These instruments will obligate the funds necessary for the County to proceed with increasing its headcount for this project and completing the staffing transfer.

The ETSB will formalize the existing staff work groups which have provided valuable guidance in the vendor selection process into standing ETSB committees and subcommittees. Once established, these bodies will proceed through the existing Policy Advisory Committee (PAC), which the ETSB will restructure to allow for this expanded role. These work groups will also identify, draft and recommend policy to the ETS Board through the PAC for DuJIS for, but not limited to, standardization of data bases and mapping/addressing.

Representatives of the County of DuPage, the State's Attorney, the Sheriff, the Clerk of the Circuit Court, the DuPage Mayors and Managers Conference, the DuPage County Chiefs of Police, the DuPage County Fire Chiefs Association, the ETSB, and the City of Naperville have and will continue to collaborate on a consensus-based model to facilitate project implementation. While the ultimate authority for project management will be coordinated by the County's IT Department (LE RMS) and the ETSB (CAD), the members of this collaborative will ensure that the entities or elected officials they represent are fully informed about project goals, development, and the implementation timeline. In this way, as opposed to the creation of a formalized and rigid governance structure, each entity or elected official retains their autonomy and must independently exercise their respective functions related to project implementation. As of the Spring of 2016, State's Attorney Berlin serves as the coordinator of this loose collaborative, sometimes referred to as "governance" or a "steering committee."

Financial Overview:

We have provided the Intergraph financial cost sheet for your review. This document contains the costs to date for the system and four years of maintenance. The estimated total cost for the Intergraph contract is approximately \$12M. The coding on this sheet represents CAD (ETSB cost), RMS (Agency cost) and COM (cost attributed to both CAD and RMS which are split between these two systems). These codes were utilized to determine the agency share for reimbursement.

The ETSB will advance the initial financing for the entire project. The Agency Estimated Costs which are shown to the right of the pricing information on the spreadsheet, show the reimbursement required by Agencies to ETSB. When you met with Mr. David Usery, he provided you with cost estimates for LE RMS based upon common interfaces. These projections did not include costs for interfaces necessary to allow RMS to communicate with any additional systems your agency may have elected to utilize (such as Lexis/Nexis, Livescan, Beast, etc.), maintenance over the life of the contract, personnel or equipment replacement. For this reason, the numbers you are seeing now are somewhat larger than those you reviewed in the Fall.

Agency Estimated Costs:

This attachment details the estimated costs each agency can expect to pay for system access. It is similar in format to the current NetRMS annual billing where the RMS costs are determined per user. Please be aware that the new system will assign each user a *unique* sign on and will not support collective access to the system for a records or investigations department. For this reason, it is critical that you verify the number of users your agency will have on the system.

When you met with Mr. Usery in the Fall, he provided you with cost estimates for LE RMS acquisition based entirely on the costs of project acquisition. As was the case with hardware replacement, subsequent discussions led to the recognition that existing County and ETSB staff could not satisfy the staffing requirements Intergraph proposed were necessary to properly and effectively maintain a modern LE RMS. After a thorough review of the proposed requirements, technical experts from the County's IT Department, the ETSB, user groups, and Intergraph reached a consensus recommendation that requires the County to increase its existing staff by four (4) full time equivalent positions ("FTEs"). Based on the County's Human Resources' current salary matrix for the relevant job descriptions, the staff increase will represent an annual estimated cost of \$425,000, including employee benefits.

As is the case with the RMS Manager, all initial staff will be hired through the ETSB's existing budget and under its headcount allocation. At the start of FY18 (December 1, 2018 for DuPage County), staff positions dedicated to RMS administration will transition from the ETSB to County IT.

This form also includes costs for participants that have agency specific interfaces. There is an overall cost sheet and subsequent worksheets which provide greater detail as to how these costs were calculated. It should be noted that the results are based on information provided by participants. You should check your agency specific categories with internal staff to ensure it is correct.

RMS Staffing Overview:

This worksheet will provide additional detail for the staffing positions based on Intergraph recommendations and DuPage County Human Resources' job descriptions and salary matrix.

Additional Costs Summary:

We have attempted to account for any additional costs that may be incurred by participants. To date, these include CPU/Mobile hardware that does not meet the specifications required for this system, replacement of the SONET network to a new network to support 911 systems, wireless technology for mobile terminals and fire station alerting. The attachment provided will contain more detailed information.

GIS Work Flow and Addressing Ordinance:

Mapping is a critical function of the new CAD system which will require standardization. Participants are encouraged to have an addressing ordinance to facilitate standardization. There is also a flow chart to outline the process for address changes.

Notes:

- Notes:

 1. An overall system discount has been provided for this opportunity. This discount is applicable only to Intergraph Products and Services, Third-Party content is not discounted. Changes to scope of the final contract may change the discount amount. Also, any credits given for line items as part of a Change Order will include a reduction for the line prorated amount of the one-time system discount. Items removed after contract signing will result in a contract credit for future Intergraph software and services being established, not a contract reduction. This discount is based on the acceptance of Intergraph's standard Terms and Conditions.

 2. Unless otherwise noted, project management services, implementation services and software maintenanced in option pricing, Intergraph services are valid for 6 months and Intergraph product pricing is valid for one year after contract signing. Pricing for optional third party products and services are valid for 90 days from the date on this pricing proposal. Intergraph can provide a fixed quote when optional items are selected.

 3. Standard and Custom Interfaces Test, Training, Redundant and Backup Copies of proposed interfaces are available for all Interface Server, however, implementation is subject to the customer's shillity to provide connection to the applicable system.

 4. Intergraph has based its WebRMS license offering upon the following assumptions: The number of users indicated as requiring RMS access (2,000) is the total number of users. The County would have no more than 1/3 of its total number of users logged on to RMS workstations at any one time for purposes including, but not limited to records management, reporting, and crime analysis. The quantity and price of client user licenses will be adjusted to reflect actual usage at time of contract negotiation.
- n.gouanum.

 6. EdgeFrontier Developer License can be installed on up to two separate servers for use in the development of CAD and RMS Interfaces. The Developer instance of the license is usually installed on the Test Interface Server.

DuPage Digital Justice Information System RMS Staffing Overview

This document describes the recommended staffing for RMS based on Intergraph recommendations and DuPage County Human Resource job descriptions and salary matrix.

It is anticipated that these positions will be hired near the mid-range of the matrix. This could be adjusted up if the candidate has substantial experience in the Intergraph product.

	Salary		Salary Range	
Position	Grade	Low	Mid	High
RMS Manager	315	\$71,821	\$95,760	\$119,700
Data Base Administrator	314	\$62,305	\$83,075	\$103,843
Report Writing Specialists (2)	312	\$48,137	\$64,184	\$80,228

The dollars included in the Agency Estimated Costs is:

	Salary	Salary Range		
Position	Grade	Salary	Benefit (40%)	Total
RMS Manager	315	\$100,000	\$40,000	\$140,000
Data Base Administrator	314	\$80,000	\$32,000	\$112,000
Report Writing Specialists (2)	312	\$60,000	\$24,000	\$84,000

The salary calculations included in the Agency Cost Estimate include forty percent (40%) for benefits. In addition a two percent (2%) COLA has been added to each year of the program. Although not guaranteed, this COLA is consistent with DuPage County past practice and is only included to allow you budget appropriately.

It is important to remember that these are estimates based on known practices and information. It is possible that these costs could be lower.

RMS Manager:

The employee in this class is responsible for implementing, planning, managing and directing the DuPage County Justice Information System Law Enforcement Records Management System ("Records Management System") Employee manages the appropriate relationships, budget, projects and staffs within the department. Work requires the ability to exercise a high degree of technical expertise and competency in order to effectively research, recommends and implement a records management system that successfully meets the needs of all Elected Officials, Municipal Governments, County Departments, and Quasi-Governmental Organizations. Administrative direction is received from the Chief Information Officer. Management direction is provided to subordinate manager/supervisors.

As project manager for this system, this position will be responsible for overseeing all on-site project related activities and for assisting the Intergraph Project Manager in developing and managing implementation schedules and coordinating activities and personnel.

Data Base Manager:

The use of the system administration tools within the applications is included in training. However, this position should be filled by resources fully trained in database management and system maintenance. This position reports to the RMS Manager.

Report Writing Specialists:

Ability and background to create custom reports based on defined content provided by administrative and supervisory personnel. Report Writing Specialists should be familiar with the database structure. Knowledge of SQL would be a definite advantage. This position reports to the RMS Manager.

DuPage Digital Justice Information System Additional Cost Worksheet

As stated in the cover letter, DuPage ETSB will be providing the CAD system including the mobile software/interface and the initial funding (with a reimbursement schedule) for RMS and interfaces ("Friends of CAD") not specific to the delivery of 911 services. The following additional costs have also been identified:

CPU/Mobile Hardware:

In order to operate properly with the new CAD system. Hardware that does not meet the specifications below will not be allowed on the system. Hardware should have the following specifications:

Mobile Computers:

Windows 7 Pro, 64 bit I3 or greater processor 4GB RAM

80 GB HD

1,024x768 resolution

Centronics port for printing (if appropriate)

Network connection (if to be docked on the network)

Touch Screen Preferred.

WebRMS Workstations (desk tops) or CPUs: Windows 7 Pro, 64 bit

DuPage ETSB will do an RFP for hardware to facilitate a purchasing contract for equipment. Each agency will be responsible to fund any replacement hardware for mobile or desk top computers. The goal would be to receive all of the equipment so that tech personnel can load and configure the hardware properly prior to deployment/implementation. The letter of intent will have a handout that asks for the number of devices you would be replacing in order to provide a range for the RFP. This RFP will be let as soon as data is collected.

Network

The Technology Team for this project is working on a RFP to replace the SONET. CAD and Friends of CAD as well as Customer Premise Equipment (CPE-the 911 call handling devices) will run on this network. DuPage ETSB will pay for the connections between the PSAPs (with the exception of Naperville). Connectivity in the network for RMS and any other interfaced systems will be the responsibility of user agency. The RFP was let and returned May 31, 2016. The RFP will ask for several connectivity options. User agencies will have the opportunity to select their preferred network connection. This information is provided to user participants to assist with overall costs. It is an option and participant users may do their own connection but it will have to be approved by ETSB before it can connect into the system or a PSAP. This approval is only to ensure network system capacity and stability.

Wireless Network for Mobile Terminals:

DuPage ETSB will continue to fund the cost of the wireless interface. This RFP will be for air cards (or wireless activation assuming mobiles have internal wireless capability). While user agencies may currently have their own contracts for this service, the hope is that a county-wide contract may reduce the cost to the user agencies.

Fire Station Alerting:

DuPage ETSB is working with the Fire work group and will let an RFP to determine the feasibility of an updated, interoperable fire station alerting system.

DuPage Digital Justice Information System Address Point File Workflow Description

The new CAD system will be X/Y coordinate driven. For this reason the GIS map will be a critical piece of the core data base. This document will describe the workflow steps for updating the countywide address point file that will be used by E911 and other taxing organizations within DuPage County.

Municipal and County Input:

To create the new GIS map, agency participants that have address point data in either ESRI Geodatabase or ESRI shapefile should submit these files via etsb911@ducomm.org. This would also be the time to update any boundaries, police beats/zones, fire beats/zones. If you do not have this data, please submit a Trakit ticket, indicating this so that the GIS team can work with you to ensure your information is ready for the new system.

Once the system is implemented, each agency participant will be submitting their address point file updates through a web based GIS application. The users will be able to add their address updates through a map interface. Update and edit tools will be provided within the application. A workflow map is provided.

Address Update & Approval to E911:

Once the updated address points are complete an email and or other form of notification will be sent to ETSB GIS staff. At this step, the tentative point address will be reviewed and cross referenced by the MSAG data. If the address does not meet the standard needed for E911, the ETSB GIS staff will work with the respective municipality to correct and workout any issues that have arisen in the data review.

If the address does not meet the business rules established by the Tech Committee based on software capability, a respective municipal entity or the County may be asked to make a requested correction due to a discrepancy in the addressing. It is important that participants work with the GIS Team prior to annexations to avoid unnecessary delays in the annexation process or 911 mapping entry for an address within our service area.

When an address or corrected address is complete, another review will take place by ETSB GIS staff. Once the address is reviewed, approved and posted, this address point data will be uploaded to the Intergraph CAD system and also be available to others for their various address mapping needs.

Various Types of Data:

There is a county-wide address point file. We have completed all the unincorporated areas within DuPage County and we are currently obtaining address point data from all of the County's incorporated municipal governments. To date, 16 out of the 32 municipal entities address data here in DuPage County and are currently appending them to the county wide address point file. Once we have the county address point file appended and completed with all of the address data, we will be able to share this data back to those entities that did not have a GIS format.

Recommendation:

One of the greatest challenges to any GIS map and CAD software is the alpha numeric address (i.e. 21W241). Going forward we would recommend that participants adopt ordinances to eliminate this type of addressing.
