AGENDA MEMO
MUNICIPAL SERVICES COMMITTEE
April 23, 2018

Issue Statement

Consider the request of the VFW to increase the number of Class M liquor licenses from 0 to 1.

Background

The City has received an application from Matt Goodwin, Quartermaster of the VFW Post 2838, for a Class M liquor license including video gaming. They are negotiating a lease for a 1,000 square foot rental in the Hinsbrook Plaza shopping center complex of 3 buildings in the space formerly occupied by the Oak Brook Allergists medical clinic at 801 Plainfield Road. Their plan is to sign a lease contingent on getting City license and permits, install a wall sign out front, remodel the space to have 5 video gaming tables, serve alcohol to gaming patrons, have a limited menu serving prepared food, no rentals to third parties, and close early evenings. Proceeds would be used for eventual purchase of a new site for a new VFW building. Hinsbrook Plaza is zoned B-1 which allows 'package liquor stores' as a permitted use and 'eating establishments' as a special use, but does not allow a 'drinking establishments'. They would apply for a special use for an 'eating establishment', but would first like to find out if the gaming aspect would be approved by the City.

The VFW had a Class M liquor license in 2013 assigned to a space in the Heritage Plaza building at 7515 Cass Avenue. That site was zoned B-2 and they obtained a special use permit for a drinking establishment and operated a similar establishment until the building was torn down. The City waived the fee to the VFW for their application in 2013. VFW is a non-profit corporation.

Currently, there are no Class M licenses issued.

Mayor Weaver
1701 Plainfield Rd
Darien, IL 60561

Dear Mayor Weaver:

Darien VFW Post 2838 would like to operate a parlor style video gaming site and has negotiated an agreement to rent the store front at 801 Plainfield Road being vacated by the Oak Brook Aliergists. We are writing to request City Council consideration of issuing our post a gaming license.

All revenue generated would become part of the Post's fund raising that goes to funding veteran assistance and community service programs – supporting veterans, school children, and local needy families. Unlike a for-profit business, no one in our organization benefits personally from the proceeds of any of our organization's efforts.

We completely understand the City Council does not take this decision and consideration lightly. It is our sincere hope the Council will look favorably on our organization and grant this request. As you and the aldermen know, our organization provides financial support to the local schools and other community organizations' projects, and conduct numerous hours of community service for the City each year. This endeavor would allow is to increase our good works in the community.

I thank you in advance for your consideration and am available to address any issues related to this request. My contact information is: telephone 630-688-0591 and email mattgoodwin@darienfw2838.org.

Sincerely,

Matt Goodwin

WHEREAS, as a home rule unit of local government, the City may exercise any power and perform any function pertaining to its government except as limited by Article VII, Section 6; and

WHEREAS, Section 6-15 of the Illinois Liquor Control Act (235 ILCS 5/6-15) provides that the corporate authorities of a municipality may provide by ordinance, that alcoholic liquor may be sold or delivered in a specifically designated building belonging to or under the control of the municipality; and

WHEREAS, Title 3, Chapter 3 of the Darien City Code regulates alcoholic liquor sales in the City; and

WHEREAS, Section 3-3-7 of the Darien City Code provides for various classes of liquor licenses; and

WHEREAS, the City Council has determined it is in the best interests of the City to amend Section 3-3-8 (A)3 of the Darien City Code to delete reference to a City owned building at 7515 Cass Avenue as that building was torn down; and

ORDINANCE NO. _____

WHEREAS, the City Council has determined that it is in the best interests of the City to amend Section 3-3-7-13 of the Darien City Code to provide for a Class M license to be issued to the VFW to operate a facility at 801 Plainfield Road.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY, ILLINOIS, IN THE EXERCISE OF ITS HOME RULE POWERS, as follows:

SECTION 1: Title 3, Chapter 3, Section 3-3-8, “Conditions and Restrictions of License”, is hereby amended by deleting subsection 3-3-8(A)3.

SECTION 2: Title 3, Chapter 3, Section 3-3-7-13, “Class M License” of the Darien City Code is hereby amended to read as follows:

(C) The number of class M licenses shall be one (1).

SECTION 3: This ordinance and each of its terms shall be the effective legislative act of a home rule municipality without regard to whether such ordinance should (a) contain terms contrary to the provisions of current or subsequent non-preemptive state law, or (b) legislate in a manner or regarding a matter not delegated to municipalities by state law. It is the intent of the corporate authorities of the City of Darien that to the extent that the terms of this ordinance should be inconsistent with any non-preemptive state law, that this ordinance shall supersede state law in that regard within its jurisdiction.

SECTION 4: This Ordinance shall be in full force and effect from and after its passage and approval, and shall subsequently be published in pamphlet form as provided by law.

AGENDA MEMO
Municipal Services Committee
April 23, 2018

ISSUE STATEMENT

Approval of a resolution authorizing the purchase of the following attachments for a 2017 Skid Steer from Patten Cat for a total amount not to exceed \$18,200:

- A. One (1) new Cold Planer PC205B No. 381-8310-\$12,980
- B. One (1) new Utility Broom BU118 No. 493-2259-\$3,925
- C. One (1) new Pallet Fork Kit No. 351-1697 and No.OP-0096-\$795
- D. Preparation and Delivery \$500

BACKGROUND/HISTORY

The proposed accessories are for a 2017 Skid Steer and would be used on various jobs with greater efficiencies by both departments for asphalt patching, drainage projects and limited sweeping operations. The equipment is quickly and easily interchangeable as required for the project.

The Cold Planer would be specifically utilized for roadway restoration projects related to limited road repairs, in-house storm water projects and water main breaks.

The Utility Broom would be utilized for the general clean-up of the above mentioned items and general cleanup of the Public Works Site.

The Pallet Forks would be utilized for safely loading and unloading of smaller machinery and materials from trucks in the field and general unloading of goods received from deliveries.

Staff has selected Patten Cat to supply the machine and is the awarded vendor for the National Intergovernmental Purchasing Alliance-National IPA City of Darien Participation Agency Member No. 228633, for equipment sales to municipalities nationally. **Attached and labeled as Attachment A, pages 1-8** is information regarding National IPA. **Attached and labeled as Attachment B, pages 1-2** is the description and cost breakdown and for Items A, B and C.

The proposed expenditure would be expended from the following line accounts for:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION CAPITAL PURCHASES	FY 18/19 BUDGET	PROPOSED EXPENDITURE	PROPOSED BALANCE

ALTERNATE CONSIDERATION

As directed by the Committee.

DECISION MODE

This item will be placed on the May 7, 2018 City Council agenda for formal consideration.

Heavy Equipment, Parts, Accessories, Supplies & Related Services
Executive Summary

Lead Agency: City of Tucson, AZ
RFP Issued: September 27, 2016
Date Open: November 14, 2016

Solicitation: RFP #161534
Pre-Proposal Date: October 12, 2016
Proposals Received: 4

Awarded to: Caterpillar

The City of Tucson, AZ Department of Procurement issued RFP #161534 on September 27, 2016 to establish a national cooperative contract for heavy equipment, parts, accessories, supplies and related services.

The solicitation included cooperative purchasing language in the National Contract Requirements section:

The City, as the Principal Procurement Agency, as defined in Attachment A, has partnered with the National Intergovernmental Purchasing Alliance Company ("National IPA") to make the resultant contract (also known as the "Master Agreement" in materials distributed by National IPA) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through National IPA's cooperative purchasing program. The City is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with National IPA as a Participating Public Agency in National IPA's cooperative purchasing program. Attachment A contains additional information on National IPA and the cooperative purchasing agreement.

Notice of the solicitation was sent to potential offerors, as well as advertised in the following:

- Arizona Business Gazette
- City of Tucson Procurement Site
- Deseret News
- DJC Oregon
- Honolulu Star Advertiser
- Houston Chronicle
- National IPA Website
- New Jersey Herald
- Richmond Times
- San Bernardino Sun
- Seattle Daily Journal of Commerce
- The Advocate

- The Herald News
- The State South Carolina
- Times Union
- USA Today

On November 14, 2016 proposals were received from the following offerors:

- Caterpillar
- John Deere
- Sunbelt Rentals

The proposals were evaluated by an evaluation committee. Using the evaluation criteria established in the RFP, the committee elected to enter into negotiations with the top ranked firm, Caterpillar.

The City of Tucson, AZ, National IPA and Caterpillar successfully negotiated a contract and the City of Tucson executed the agreement with a contract effective date of May 1, 2017.

Contract includes: Heavy equipment, parts, accessories, supplies and related services

Term:

Initial one year agreement from May 1, 2017 through April 30, 2018, with option to renew for four (4) additional one-year periods through April 30, 2022.

Pricing/Discount:

Minimum discount off list price.

Serviced and supported by local Cat dealers.

Value Added Services:

- Financing options
- Used equipment
- Rentals
- Extended warranties
- Maintenance agreements
- Trade-in or Buyback options

April 23, 2018

Issue Statement

Approval of a Resolution accepting a Storm Sewer Easement from the following property:

7621 Linden Avenue 09-27-306-008

Background/History

The property owner at 7621 Linden Avenue has agreed to grant a storm sewer easement to the City in anticipation of an upcoming rear yard drainage project. The scope of work includes installing an under drain pipe through the proposed side yard easements of the participating property and connect to a storm sewer structure located on Linden Avenue. The easement is required to install a drain-tile pipe to rid the rear yard area of nuisance ponding and provide positive drainage.

Staff has reached out to the residents for a storm sewer easement to be dedicated only to the City of Darien. The plat requires City Council approval and will be recorded by DuPage County. The following resident has agreed to dedicate a storm sewer easement as per the attached Plat of Easement labeled as **Attachment A**:

7621 Linden Avenue 09-27-306-008

Staff Recommendation

Staff recommends acceptance of a Storm Sewer Easement from the properties listed above.

ISSUE STATEMENT

Approval of a resolution authorizing the purchase of one (1) new 2019 Peterbilt Model 348 Cab, Unit 106, and Chassis from JX Peterbilt in an amount not to exceed \$106,325

AND

Approval of a resolution accepting a proposal from Monroe Truck Equipment for the purchase of a dump body and snow plow equipment package, lighting accessories, and hydraulic controls, for the 2019 Peterbilt Model 348, in an amount not to exceed \$97,210.

BACKGROUND/HISTORY

The proposed vehicle and equipment package will be replacing Unit 106, a 2008 Sterling 11 ton dump truck with a 79.68 rating, see Attachment A. The truck has approximately 48,000 miles and continues to have reliability concerns related with the turbo, EGR Systems and engine cooling. Please recall that the Sterling brand has ceased production of the Sterling line in 2008. The City Mechanic recommends replacement of the vehicle as in accordance with the policy and that the vehicle has surpassed the policy's replacement rating of 75 points,

Both the Cab & Chassis as well as the body & snow plow equipment would be purchased through the National Joint Purchase Alliance Program, (NJPA) P, under Contract No 081716-PMC and 080114-MTE. See Attachment B.

The FY18/19 Budget includes funding for the abovementioned items from the following accounts:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION	FY 18/19 BUDGET	EXPENDITURE	BALANCE
01-30-4815	Capital Utility Truck Unit 106 Cab and Chassis	\$207,000	\$ 106,325	\$ 100,675
01-30-4815	Capital Utility Truck Unit 106 Dump and Snow Plowing Equipment	N/A	\$ 97,210	\$ 3,465
01-30-4815	Capital Utility Truck Unit 106 Striping	N/A	\$ 915	\$ 2,550

High Efficiency Cooling System Cooling module is a combination of steel and aluminum components, with aluminum connections to maximize performance and cooling capability. Silicone radiator & heater hoses enhance value, durability, & reliability. Constant tension band clamps reduce leaks. ClimaTech extended life coolant extends maintenance intervals which reduces maintenance costs. Anti-freeze effective to -30 degrees F helps protect the engine. Low coolant level sensor warns of low coolant condition to prevent engine damage. AGENDA MEMO
Municipal Services
April 23, 2018

ISSUE STATEMENT

A resolution authorizing the purchase of one new 2019, Ford F-350 4X4 from Bob Ridings Fleet Sales in the amount of \$40,186

AND

Approval of a resolution accepting a proposal from Monroe Truck Equipment for the purchase of a dump body and snow plow equipment package, lighting accessories, and hydraulic controls, for the 2019, Ford F-350 4X4, in an amount not to exceed \$49,486.

BACKGROUND/HISTORY

The proposed vehicle and equipment package will be replacing Unit 102, a 2009, Ford F350 truck with a 78.72 rating, see Attachment A. The truck has approximately 73,000 miles and continues to have reliability concerns related to engine components, exhaust system and cooling system. The City Mechanic recommends replacement of the vehicle as in accordance with the policy and that the vehicle has surpassed the policy's replacement rating of 75 points.

The vehicle is used by the street department for normal daily use in the summer, and general hauling of materials. The truck is further utilized for snow plowing and deicing operations for cul-de-sacs water plants and Public Works and City Hall/Police Department facilities.

The vehicle would be purchased through the State of Illinois Purchase Contract No. PSD 4018301. Suburban Purchasing Cooperative Program for fleet sales for municipalities. The awarded vendor is Bob Ridings Fleet Sales.

The dump body & snow plow equipment would be purchased through the National Joint Purchase Alliance Program, (NJPA) P, under Contract No 080114-MTE. The awarded vendor is Monroe Truck Equipment, see Attachment B.

The FY18/19 Budget includes funding for the abovementioned items from the following accounts:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION	FY 18/19 BUDGET	EXPENDITURE	BALANCE
01-30-4815	Capital Utility Truck Unit 102 Cab and Chassis	\$87,500	\$ 40,186	\$ 47,314
01-30-4815	Capital Utility Truck Unit 102 Dump and Snow Plowing Equipment	N/A	\$ 49,486	(\$2,172)
01-30-4815	Capital Utility Truck Unit 102 Striping	N/A	\$ 715	*(\$2,887)

2019 Ford F-350 and Snow Plow Package

April 23, 2018

***The shortfall in the amount of \$2,887 will be realized through the savings of the purchase of vehicle 104 covered under a previous agenda memo.**

STAFF RECOMMENDATION

A resolution authorizing the purchase of one new 2019, Ford F-350 4X4 from Bob Ridings Fleet Sales in the amount of \$40,186

AGENDA MEMO
Municipal Services Committee
April 23, 2018

Issue Statement

Consideration for the authorization to execute an Illinois Department of Transportation Resolution, (IDOT BLR 14220) authorizing the expenditure of Motor Fuel Tax (MFT) funds for the FY 2017/18 General Maintenance items in the amount of \$580,266.24 for a period from May 1, 2017 through April 30, 2018. BACKUP

Background/History

The City of Darien utilizes Motor Fuel Tax Funds (MFT) for expenditures related to various street maintenance functions. The funding provides for expenditures for such items as salaries, the purchase of rock salt, cold and hot bituminous surface mixes, and storm sewer related items, various aggregate materials and road striping. Because MFT funds are utilized, the City Council is required to adopt a resolution authorizing the expenditure of the proposed funding related to the general maintenance items. Attached as, Attachment A is the Bureau of Local Road Forms Municipal Estimate of Maintenance Costs and Request for Expenditure/Authorization of Motor Fuel Tax Funds (BLR 14231 and BLR09150).

Staff Recommendation

Staff recommends approval of this Resolution.

Alternate Consideration

Not approving the Resolution.

DECISION MODE

This item will be placed on the May 7, 2018 City Council agenda for formal consideration.

ISSUE STATEMENT

A resolution authorizing the Mayor to accept a proposal from Superior Road Striping in an amount not to exceed \$14,500.00 for the 2018 Street Striping Program.

BACKGROUND/HISTORY

The Street Striping program includes the placement of various thermal plastic quantities for Crosswalks, Only's, Only Arrows, Center Lanes, and Stop Bars for the City's roadways as required throughout the year.

Staff has selected Superior Road Striping, Inc. for the awarded vendor as Superior Road Striping, Inc. is the awarded vendor for the Northwest Municipal Conference Joint Purchasing Cooperative for road striping to municipalities within the Midwest. See Attachment A for pricing schedule and contact information.

The FY 18-19 Budget includes funds for the 2018 Street Striping Program and would be funded from the following line item:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION	FY 18/19 BUDGET	PROPOSED EXPENDITURE	PROPOSED BALANCE
03-60-4261	Pavement Striping	\$ 14,500.00	\$ 14,500.00	\$ - 0 -

STAFF RECOMMENDATION

The staff recommends approval of the resolution authorizing the Mayor to accept a proposal from Superior Road Striping in an amount not to exceed \$14,500.00 for the 2018 Street Striping Program.

ALTERNATE CONSIDERATION

As recommended by the Committee.

DECISION MODE

This item will be placed on the May 7, 2018 agenda for formal consideration by the City Council.

AGENDA MEMO
Municipal Services Committee
April 23, 2018

ISSUE STATEMENT

A resolution authorizing the Mayor to execute a contract extension with Denier Inc. in an amount not to exceed \$154,181.00 for the 2018 Crack Fill Program.

BACKGROUND/HISTORY

The FY 18/19 Budget includes funds for the 2018 Crack Fill Program. Crack sealing is a routine maintenance treatment that will significantly delay roadway deterioration. The sealing material is applied into the cracks before they become too large and before the freeze-thaw cycles have an opportunity to shift the pavement and develop larger cracks (alligatoring). Flexible rubberized asphalt sealants bond to crack walls and move with the pavement, preventing water from entering the road base. The life of the road is extended and maintenance costs are greatly reduced over time.

The scope of the program includes all cracks to be routed with a low dust mechanical router to a depth of ½” and a width of approximately 3”. Upon completion of the routing, all dirt, debris, and water is removed from the cracks. The method of removal is completed by utilizing a blow pipe which blows compressed air from a pull behind conventional air compressor. The crack is then filled with a rubber sealant which is feathered to a width of approximately 3-inches in width.

In 2016, the City of Darien teamed up with local public agencies which included Burr Ridge, Downers Grove, DuPage County, Lombard, Villa Park, West Chicago, Wheaton, and Woodridge and solicited competitive bids, collectively. Attached and labeled as Attachment A are the bid results from the bid opening held by the Village of Woodridge on March 31, 2016. This would be the second extension of a 2 year option.

Attachment B is the list of roads scheduled for this year’s program. Denier Incorporated has completed crack filling in the past with satisfactory work.

The proposed Crack Sealing Program would be funded from the following FY18-19 Budget:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION	FY 18-19 BUDGET	PROPOSED EXPENDITURE	PROPOSED BALANCE
25-35-4382	CRACK FILL PROGRAM	\$154,181.00	\$154,181.00	\$0

LABOR STATUTES, RECORDS AND RATES

CONSTRUCTION CONTRACTS

for

LOCAL PUBLIC AGENCIES - STATE OF ILLINOIS

MARCH 2016

All Contractors shall familiarize themselves with all provisions of all Acts referred to herein and in addition shall make an investigation of labor conditions and all negotiated labor agreements which may exist or are contemplated at this time. Nothing in the Acts referred to herein shall be construed to prohibit the payment of more than the prevailing wage scale.

In the employment and use of labor, the Contractor and any subcontractor of the Contractor shall conform to all Illinois Constitutional and statutory requirements including, but not limited to, the following:

1.0 Equal Employment Opportunity:

- 1.1 Illinois Constitution, Article I, Section 17, which provides: "All persons shall have the right to be free from discrimination on the basis of race, color, creed, national ancestry and sex in the hiring and promotion practices of any employer or in the sale or rental of property."
- 1.2 Illinois Constitution, Article I, Section 18, which provides: "The equal protection of the laws shall not be denied or abridged on account of sex by the state or its units of local government and school districts."
- 1.3 The Public Works Employment Discrimination Act, 775 ILCS 10/1, provides in substance that no person may be refused or denied employment by reason of unlawful discrimination, nor may any person be subjected to unlawful discrimination in any manner in connection with contracting for or performance of any work or service of "any kind by, for, on behalf of, or for the benefit of the State, or of any department, bureau, commission, board or other political subdivision or agency thereof."
- 1.4 Contractor shall comply with the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq., as amended and any rules and regulations promulgated in accordance therewith, including, but not limited to the Equal Employment Opportunity Clause, Illinois Administrative Code, Title 44, Part 760 (Appendix A), which is incorporated herein by reference. Furthermore, the Contractor shall comply with the Public Works Employment Discrimination Act, 775 ILCS 10/0.01 et seq., as amended.

2.0 The Veterans Preference Act, 330 ILCS 55/1, provides: "In the employment and appointment to fill positions in the construction, addition to, or alteration of all public works undertaken or contracted for by the State, or any of its political subdivisions thereof, preference shall be given to persons who have been members of the Armed Forces of the United States...in times of hostilities with a foreign country..."

3.0 The Serviceman's Employment Tenure Act, as amended, 330 ILCS 60/2, "safeguarding the employment and the rights and privileges inhering in the employment contract, of serviceman."

4.0 The Prevailing Wage Act, 820 ILCS 130/0.01 et seq., provides: "It is the policy of the State of Illinois that a wage of no less than the general prevailing hourly rate as paid for work of a similar character in the locality in which the work is performed, shall be paid to all laborers, workers and mechanics employed by or on behalf of any and all public bodies engaged in public works." The current Schedule of Prevailing Wages for DuPage County must be prominently posted at the project site by the Contractor.

4.1 The Prevailing Wage Act, 820 ILCS 130/4, provides: "All bid specifications shall list the specified rates to all laborers, workers and mechanics in the locality for each craft or type of worker or mechanic needed to execute the contract. If the Department of Labor revises the prevailing rate of hourly wages to be paid by the public body, the revised rate shall apply to such contract, and the public body shall be responsible to notify the Contractor and each subcontractor of the revised rates."

4.1.1 The LPA shall notify the Contractor of any revised rates as determined by the Department of Labor and as received by the LPA. It shall be the responsibility and liability of the Contractor to promptly notify each and every subcontractor of said revised rates.

4.1.2 Unless otherwise specified in the Contract Documents, the Contractor shall assume all risks and responsibility for any changes to the prevailing hourly wage which may occur during the Contract Time. A revision to the prevailing rate of hourly wages shall not be cause for any adjustment in the Contract Sum.

4.2 The Prevailing Wage Act, 820 ILCS 130/5 provides that the Contractor and each Sub Contractor shall, "submit monthly, in person, by mail or electronically a certified payroll to the public body in charge of the project."

4.2.1 The Contractor shall submit to the LPA by the fifteenth day, monthly, a certified payroll list including all workers, laborers and mechanics employed by the Contractor and each of the Sub Contractors.

4.2.2 The certified payroll records shall include each worker's name, address, telephone number, social security number, classification, number of hours worked each day, the hourly wage and starting and ending times each day.

4.2.3 Included with the payroll records, the Contractor and each Sub Contractor shall attest, in writing, to the veracity and accuracy of the records and that the hourly rate paid is not less than the general prevailing wages required.

5.0 The Child Labor Law, as amended, 820 ILCS 205/1, which provides: "No minor under 16 years of age...at any time shall be employed, permitted or suffered to work in any gainful occupation...in any type of construction work within this state."

6.0. DRUG FREE WORK PLACE

6.1 Contractor, as a party to a public contract, certifies and agrees that it will provide a drug free workplace by:

6.1.1 Publishing a statement:

- (1) Notifying employees that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance, including cannabis, is prohibited in the Village's or Contractor's workplace.
- (2) Specifying the actions that will be taken against employees for violations of such prohibition.
- (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:

(A) abide by the terms of the statement; and

(B) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.

6.1.2 Establishing a drug free awareness program to inform employees about:

- (1) the dangers of drug abuse in the workplace;
- (2) the Village's or Contractor's policy of maintaining a drug free workplace;
- (3) any available drug counseling, rehabilitation and employee assistance programs;
- (4) the penalties that may be imposed upon employees for drug violations.

6.1.3 Providing a copy of the statement required by subparagraph 1.1 to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.

6.1.4 Notifying the contracting or granting agency within ten (10) days after receiving notice under part (3)(B) of subparagraph 1.1 above from an employee or otherwise receiving actual notice of such conviction.

6.1.5 Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted as required by section 5 of the Drug Free Workplace Act.

6.1.6 Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

6.1.7 Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act.

7.0 SUBSTANCE ABUSE PREVENTION ON PUBLIC WORKS PROJECTS ACT

7.1 In the event this is a public works project as defined under the Prevailing Wage Act, 820 ILCS 130/2, Contractor agrees to comply with the Substance Abuse Prevention on Public Works Projects Act, 820 ILCS 285/1 et seq., and further agrees that all of its subcontractors shall comply with such Act.

As required by the Act, Contractor agrees that it will file with the Village prior to commencing work its written substance abuse prevention program and/or that of its subcontractor(s) which meet or exceed the requirements of the Act.

8.0 PATRIOT ACT COMPLIANCE

8.1 The Contractor represents and warrants to the Village that neither it nor any of its principals, shareholders, members, partners, or affiliates, as applicable, is a person or entity named as a Specially Designated National and Blocked Person (as defined in Presidential Executive Order 13224) and that it is not acting, directly or indirectly, for or on behalf of a Specially Designated National and Blocked Person. The Contractor further represents and warrants to the Village that the it and its principals, shareholders, members, partners, or affiliates, as applicable are not, directly or indirectly, engaged in, and are not facilitating, the transactions contemplated by this Contract on behalf of any person or entity named as a Specially Designated National and Blocked Person. The Contractor hereby agrees to defend, indemnify and hold harmless the Village, and its elected or appointed officers, employees, agents, representatives, engineers and attorneys, from and against any and all claims, damages, losses, risks, liabilities and expenses (including reasonable attorney's fees and costs) arising from or related to any breach of the foregoing representations and warranties.

The Contractor will include verbatim or by reference the provisions contained herein in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. The Contractor will be liable for compliance with these provisions by such subcontractors.

The Contractor and each subcontractor shall keep or cause to be kept an accurate record of names, occupations and actual wages paid to each laborer, workman and mechanic employed by him in connection with the contract. This record shall be open at all reasonable hours for inspection by any representative of the LPA or the Illinois Department of Labor and must be preserved for five (5) years following completion of the contract.

WITNESSETH

In consideration of the promises and covenants made herein by the CITY and the CONTRACTOR (hereinafter referred to collectively as the "PARTIES"), the PARTIES agree as follows:
SECTION 1: THE CONTRACT DOCUMENTS: This Contract shall include the following documents (hereinafter referred to as the "CONTRACT DOCUMENTS") however this Contract takes precedence and controls over any contrary provision in any of the CONTRACT DOCUMENTS. The Contract, including the CONTRACT DOCUMENTS, expresses the entire agreement between the PARTIES and where it modifies, adds to or deletes provisions in other CONTRACT DOCUMENTS; the Contract's provisions shall prevail. Provisions in the CONTRACT DOCUMENTS unmodified by this Contract shall be in full force and effect in their unaltered condition.

The Invitation to Bid

The Instructions to the Bidders

This Contract

The Terms and Conditions

The Bid as it is responsive to the CITY'S bid requirements

All Certifications required by the City

Certificates of insurance

Performance and Payment Bonds as may be required by the CITY

SECTION 2: SCOPE OF THE WORK AND PAYMENT: The CONTRACTOR agrees to provide labor, equipment and materials necessary to provide the services as described in the CONTRACT DOCUMENTS and further described below:

Street Light Maintenance for the City of Darien right of ways and Private Property Commercial Parking Lots

(Hereinafter referred to as the "WORK") and the CITY agrees to pay the CONTRACTOR pursuant to the provisions of the Local Government Prompt Payment Act (50 ILCS 505/1 *et seq.*) the following amount for performance of the described unit prices.

SECTION 3: ASSIGNMENT: CONTRACTOR shall not assign the duties and obligations involved in the performance of the WORK which is the subject matter of this Contract without the written consent of the CITY.

SECTION 4: TERM OF THE CONTRACT: This Contract shall commence on the date of its execution. The WORK shall commence upon receipt of a Notice to Proceed and continue for the period specified. This Contract shall terminate upon completion of the WORK, but may be terminated by either of the PARTIES for default upon failure to cure after ten (10) days prior written notice of said default from the aggrieved PARTY. The CITY, for its convenience, may terminate this Contract with thirty (30) days prior written notice.

SECTION 5: INDEMNIFICATION AND INSURANCE: The CONTRACTOR shall indemnify and hold harmless the CITY, its officials, officers, directors, agents, employees and representatives and assigns, from lawsuits, actions, costs (including attorneys' fees), claims or liability of any character, incurred due to the alleged negligence of the CONTRACTOR, brought because of any injuries or damages received or sustained by any person, persons or property on account of any act or omission, neglect or misconduct of said CONTRACTOR, its officers, agents and/or employees arising out of, or in performance of any of the provisions of the CONTRACT DOCUMENTS, including any claims or amounts recovered for any infringements of patent, trademark or copyright; or from any claims or amounts arising or recovered under the "Worker's Compensation Act" or any other law, ordinance, order or decree. In connection with any such claims, lawsuits, actions or liabilities, the CITY, its

officials, officers, directors, agents, employees, representatives and their assigns shall have the right to defense counsel of their choice. The CONTRACTOR shall be solely liable for all costs of such defense and for all expenses, fees, judgments, settlements and all other costs arising out of such claims, lawsuits, actions or liabilities. The Contractor shall not make any settlement or compromise of a lawsuit or claim, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the City and any other indemnified party. The City or any other indemnified party, in its or their sole discretion, shall have the option of being represented by its or their own counsel. If this option is exercised, then the Contractor shall promptly reimburse the City or other indemnified party, upon written demand, for any expenses, including but not limited to court costs, reasonable attorneys' and witnesses' fees and other expenses of litigation incurred by the City or other indemnified party in connection therewith. Execution of this Contract by the CITY is contingent upon receipt of Insurance Certificates provided by the CONTRACTOR in compliance with the CONTRACT DOCUMENTS.

SECTION 6: COMPLIANCE WITH LAWS: The bidder shall at all times observe and comply with all laws, ordinances and regulations of the federal, state, local and City governments, which may in any manner affect the preparation of bids or the performance of the Contract. Bidder hereby agrees that it will comply with all requirements of the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq., including the provision dealing with sexual harassment and that if awarded the Contract will not engage in any prohibited form of discrimination in employment as defined in that Act and will require that its subcontractors agree to the same restrictions. The contractor shall maintain, and require that its subcontractors maintain, policies of equal employment opportunity which shall prohibit discrimination against any employee or applicant for employment on the basis of race, religion, color, sex, national origin, ancestry, citizenship status, age, marital status, physical or mental disability unrelated to the individual's ability to perform the essential functions of the job, association with a person with a disability, or unfavorable discharge from military service. Contractors and all subcontractors shall comply with all requirements of the Act and of the Rules of the Illinois Department of Human Rights with regard to posting information on employees' rights under the Act. Contractors and all subcontractors shall place appropriate statements identifying their companies as equal opportunity employers in all advertisements for workers to be employed in work to be performed. Not less than the Prevailing Rate of Wages as found by the City of Darien or the Department of Labor shall be paid to laborers, workmen, and mechanics performing work under the Contract. If awarded the Contract, contractor must comply with all provisions of the Illinois Prevailing Wage Act, including, but not limited to, providing certified payroll records to the Municipal Services Department. Contractor and subcontractors shall be required to comply with all applicable federal laws, state laws and regulations regarding minimum wages, limit on payment to minors, minimum fair wage standards for minors, payment of wage due employees, and health and safety of employees. Contractor and subcontractor are required to pay employees all rightful salaries, medical benefits, pension and social security benefits pursuant to applicable labor agreements and federal and state statutes and to further require withholdings and deposits therefore. The CONTRACTOR shall obtain all necessary local and state licenses and/or permits that may be required for performance of the WORK and provide those licenses to the CITY prior to commencement of the WORK if applicable.

SECTION 7: NOTICE: Where notice is required by the CONTRACT DOCUMENTS it shall be considered received if it is delivered in person, sent by registered United States mail, return receipt requested, delivered by messenger or mail service with a signed receipt, sent by facsimile or e-mail with an acknowledgment of receipt, to the following:

City of Darien

Darien, IL 60561
Attn: Director of Municipal Services

SECTION 8: STANDARD OF SERVICE: Services shall be rendered to the highest professional standards to meet or exceed those standards met by others providing the same or similar services in the Chicagoland area. Sufficient competent personnel shall be provided who with supervision shall complete the services required within the time allowed for performance. The CONTRACTOR'S personnel shall, at all times present a neat appearance and shall be trained to handle all contact with City residents or City employees in a respectful manner. At the request of the Director of Municipal Services or a designee, the CONTRACTOR shall replace any incompetent, abusive or disorderly person in its employ.

SECTION 9: PAYMENTS TO OTHER PARTIES: The CONTRACTOR shall not obligate the CITY to make payments to third parties or make promises or representations to third parties on behalf of the CITY without prior written approval of the City Administrator or a designee.

SECTION 10: COMPLIANCE: CONTRACTOR shall comply with all of the requirements of the Contract Documents, including, but not limited to, the Illinois Prevailing Wage Act where applicable and all other applicable local, state and federal statutes, ordinances, codes, rules and regulations.

SECTION 11: LAW AND VENUE: The laws of the State of Illinois shall govern this Contract and venue for legal disputes shall be DuPage County, Illinois.

SECTION 12: MODIFICATION: This Contract may be modified only by a written amendment signed by both PARTIES.

ISSUE STATEMENT

A resolution authorizing the purchase of one new SeCorr C200 Leak Detector from Eden Bros, LLC in an amount not to exceed \$10,995.

BACKGROUND/HISTORY

The proposed leak detector would be utilized by the Water Division to locate and pinpoint suspect leaks. Currently the department utilizes an outside vendor for these services at an average cost of \$750-\$1000 per leak on approximately 12 occurrences per year. The department would have the ability to reduce the use of an outside vendor by approximately 50-75% less with the proposed equipment. Please note, pending the actual location of the leak, an outside vendor will still be required to pinpoint the leak due to conditions such as noise, static and distance required for a pin point correlation. The equipment would eliminate chasing an underground leak. An example of this would be a leak exiting on an opposite side of the roadway when the leak is actually on the other side. This is mainly due to water traveling through a stone trench and exiting through the ground to the point of least resistance.

Staff has solicited for competitive quotes and training and below are the results:

VENDOR	TOTAL COST
Core and Main Gp, LLC	\$ 11,495
Eden Bros, LLC	\$ 10,995
**Tracer Electronics	\$ 10,495

**Does not provide training and the other two vendors both included costs of \$500 for training.

The proposed expenditure would be expended from the following line accounts:

ACCOUNT NUMBER	ACCOUNT DESCRIPTION	FY18/19 BUDGET	PROPOSED EXPENDITURE	PROPOSED BALANCE
02-50-4815	CAPITAL PURCHASES SEC200 LEAK NOISE LOCATOR	\$ 12,500	\$ 10,995	\$ 1,505

STAFF RECOMMENDATION

Staff recommends approval of the resolution authorizing the purchase of one new SeCorr C200 Leak Detector from Eden Bros, LLC in an amount not to exceed \$10,995.

ALTERNATE DECISION

As recommended by the Committee.

DECISION MODE

This item will be placed on the May 7, 2018 City Council agenda for formal consideration.

RESOLUTION NO. _____

RESOLUTION AUTHORIZING THE PURCHASE OF ONE NEW SECORR C200 LEAK DETECTOR FROM EDEN BROS, LLC IN AN AMOUNT NOT TO EXCEED \$10,995.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DARIEN, DU PAGE COUNTY, ILLINOIS, as follows:

SECTION 1: The City Council of the City of Darien hereby authorizes the Mayor and City Clerk to authorize the purchase of one new SeCorr C200 Leak Detector from Eden Bros, LLC in an amount not to exceed \$10,995, copy of which is attached hereto as “Exhibit A”.

SECTION 2: This Resolution shall be in full force and effect from and after its passage and approval as provided by law.

Completely Wireless Leak Detection

SeCorrPhon AC 200

correlator and acoustic
water leak detector combined
professional – flexible – intelligent

The **SeCorrPhon AC 200** is a multifunctional leak detector offering three functions in one: prelocation, pinpointing and correlation. The clever combination of these processes in one system allows you to confidently locate the leak regardless of the ambient conditions. With just a few finger strokes, you can quickly and easily switch between the various applications.

The principle of acoustic water leak detection

The water escaping from the leak causes the material in the pipeline to vibrate. These vibrations travel along the pipe and can be picked up as structure-borne noise, even at distant contact

points, for example fittings. The vibrations also travel through the ground up to the earth's surface as ground-borne noise, albeit heavily muted. The **SeCorrPhon** system is your perfect assistant for detecting leaks because it makes the vibrations audible to the human ear and also records and displays the volume and frequency spectrum as a graph.

Prelocating leaks

Place carrying rod **TS 200** and the connected touch microphone **TM 200** on fittings along the pipeline and evaluate the volume. By evaluating the noise intensity, you will be able to identify the section of pipeline where the leak is likely to be.

Pinpointing

Evaluate the volumes in the identified section of pipe using ground microphone **BM 200** (for paved surfaces) or **BM 230** (for unpaved surfaces). Connect carrying rod **TS 200** to a ground microphone and move over the pipeline in short intervals. The acoustic signal and the visual display of the intensity make it easy to find the maximum. The leak is then located with sufficient accuracy to allow confident excavation.

The principle of correlation

Location with a correlator involves simultaneously measuring the noises caused by a leak on the pipeline at two fittings (e.g. on slide gates or hydrants). Highly-sensitive microphones record the noises on the fittings; radio transmitters transmit the signals to a receiver – the correlator, which then determines the run time difference, i.e. the time lag between the noises reaching the two measuring points. The correlator calculates the exact leak position using the entered pipeline length, the pipe material and diameter.

Comparison of correlative and acoustic location techniques

The correlation method is essentially different to the conventional method of acoustic water leak detection: instead of systematically checking the fittings (prelocating) and then pinpointing with ground microphones at one position, it involves taking two simultaneous measurements at two fittings. With acoustic location the user compares and evaluates the leak noises. This technique can be used in many network structures, however successful location is dependent upon human hearing and, to a large extent, the experience of the user. Leak detection by correlation, on the other hand, provides accurate measurement values – regardless of the hearing of the user and largely irrespective of external perturbations.

Professional

The user interface of the **SeCorrPhon AC 200** is clearly and logically laid out. There are many extra functions available for complex location scenarios.

The high quality piezo microphones with frequency response optimised especially for leak detection and the digital signal processing offer outstanding acoustic properties. Thanks to the excellent sound quality and minimisation of sound interference, you can reliably identify and locate leaks even if the sound intensity of the leak is weak or there is significant ambient noise.

At the touch of a button the **SeCorrPhon AC 200** will apply tailored filters to the current noises and will automatically select the appropriate frequency ranges. Alternatively, you can set manual filter limits according to your individual hearing and select frequency ranges which accentuate the leak noise. This allows you to concentrate fully on the leak without any sound interference.

In addition, you have the option of recording leak noises with the integrated audio player and comparing them with each other. You can use these recordings for training or demonstration purposes, or to create a noise database, allowing you to better evaluate leak noises on site.

Flexible

All-in-one device: prelocation, pinpointing and correlation. The clever combination of these methods in one system allows you to confidently locate the exact source of the leak regardless of the ambient conditions.

The **SeCorrPhon AC 200** is recommended for all users undertaking professional leak detection because it can handle any everyday location scenario. It can easily measure different pipe sections, pipe materials, diameters and pipe lengths.

With acoustic leak detection, the current sound intensity is displayed as a graph and as a numeric value on the large and clear 5.7 inch receiver display. Alongside, you can see the previous values for better comparison as well as the current frequency analysis of the noise.

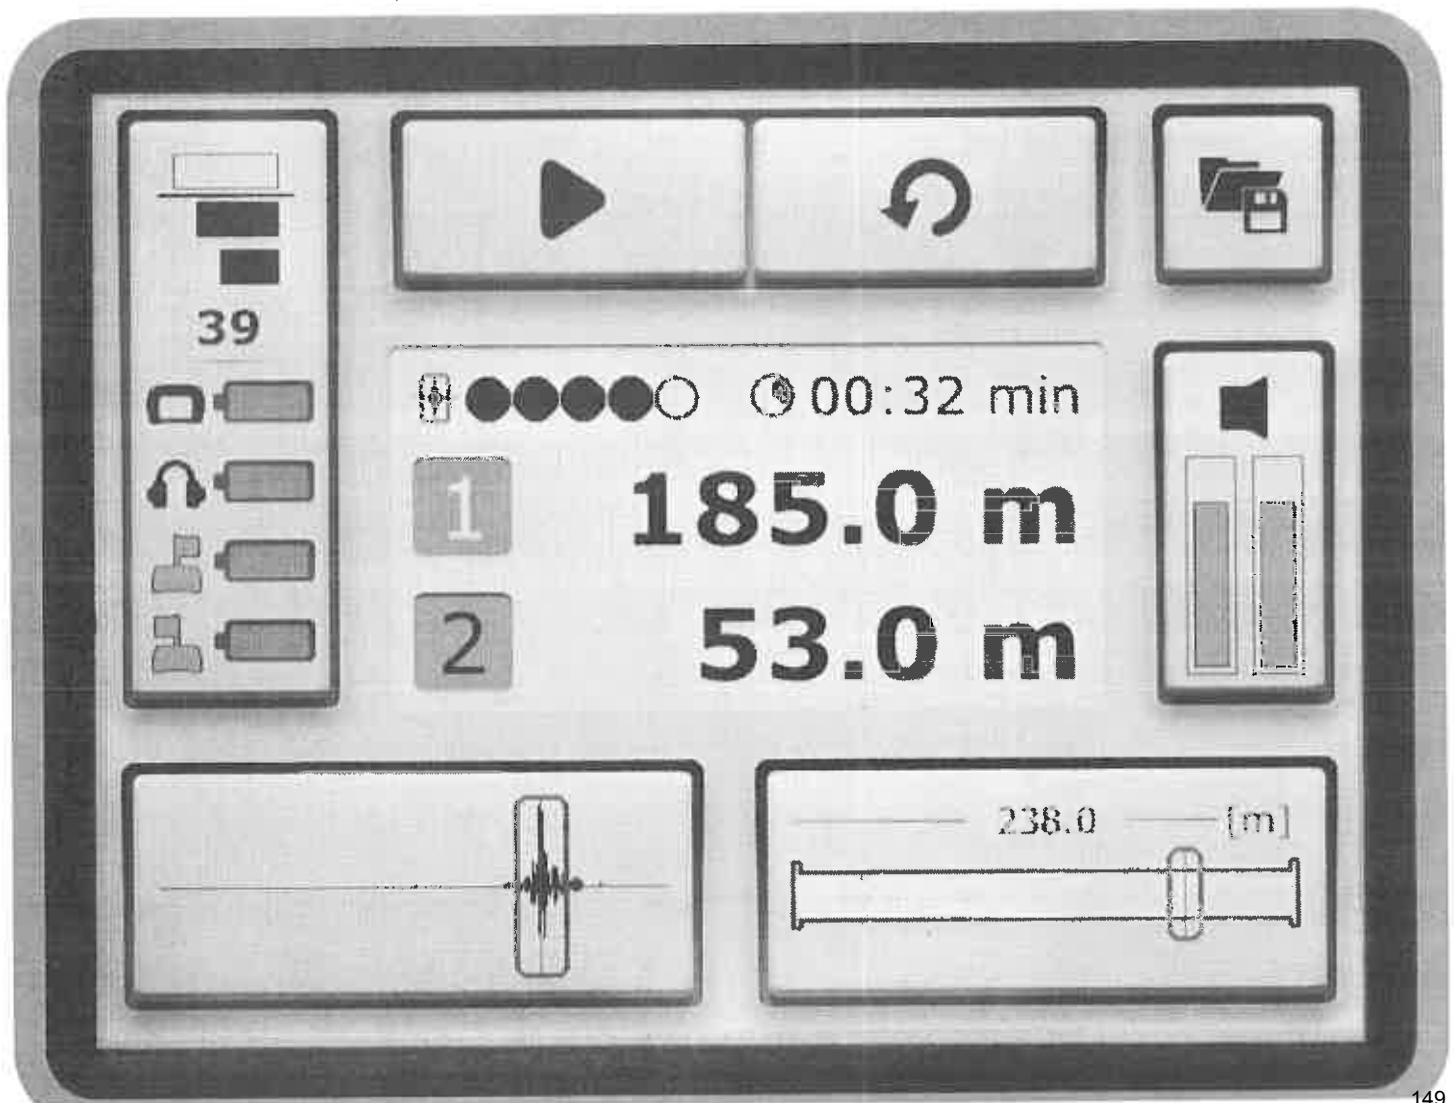

Intelligent

The sophisticated firmware of the **SeCorrPhon AC 200** means that the measurement sequence is almost fully automatic. Once the pipeline data has been entered and the measurement started, all other steps are performed without the intervention of the operator. The measured noises are constantly analysed in the background and the optimal filter settings selected. The **SeCorrPhon AC 200** guides the user through the various applications with instructions. This means that even users with less experience and occasional users can use the device with confidence.

The **SeCorrPhon AC 200** independently optimises the measuring results by automatically selecting appropriate filters – without the user having to intervene. However, the filters can also be set manually. One special feature of the correlator is its results-oriented, user-friendly on-screen display of the measuring results. Concrete information about the position of the leak is highlighted, instead of having to interpret complex curves. The quality of the calculations shown in the display provides the user with constant information about how reliable the measurement is. Thanks to the results-oriented view, the user can immediately implement further steps, e.g. confirm the location by acoustic means.

SeCorrPhon system – system components for acoustic water leak detection

The **TS 200** carrying rod can be connected to three different microphones. In the past, a special test rod and a carrying rod would have been required for ground microphones, but now the **TS 200** performs both functions. It records the relevant microphones depending on the application. The **TS 200** is powered by a high-performance rechargeable battery, which guarantees reliable operation for a full working day. It can be recharged in less than four hours directly in the system case.

The **TM 200** touch microphone has been specially developed for prelocation along fittings in the pipe network. Its frequency response allows the reliable detection of both muted and low-pitched noises, as tend to occur on plastic pipes, and loud and high-pitched leak noises on metal pipelines. The probe tip and available extensions in varying lengths allow optimal adjustment to structural conditions in all pipe networks. The **TM 200** features a torch function, which is activated on the **TS 200** carrying rod to allow secure positioning on the key rods in dark slide gate covers.

Ground microphone **BM 200** is ideal for paved surfaces. The extremely robust housing is optimally detached from the actual microphone capsule. A lifting mechanism ensures consistently perfect contact with the ground. Small surface bumps, therefore, no longer affect results. Ground microphone **BM 230** is better suited to unpaved surfaces. The solid tripod ensures a consistently secure position. If the ground is particularly soft, an extra spike can be screwed in to allow even better noise transmission.

SeCorrPhon system – system components for correlation

The **RT 200** radio transmitters feature 500 mW high-performance transmission paths. These allow noiseless data transmission, even on measuring sections covering hundreds of metres. The **RT 200** radio transmitter comes on as soon as you plug in the microphone cable. Three different bandpasses mean that the noises can be fully processed before radio transmission, making the **RT 200** radio transmitter adjustable to a wide range of pipe materials and pipe sections. The microphone's torch function can also be activated via the membrane keypad.

The **UM 200** microphone for picking up structure-borne noise features a very wide frequency response and is extremely sensitive in the low frequency range. This makes the **UM 200** perfect for recording even the quietest of noises, particularly on plastic pipes. The cable is extremely robust and can withstand heavy mechanical loads. This guarantees a long service life in daily use, even under the harshest of conditions. A high-quality plug and an extremely strong contact adapter make the **UM 200** microphone a professional all-rounder.

The **HY 200** hydrophones make the **SeCorrPhon** an excellent measuring system for use along large transmission pipelines and long distances between the individual attachment points. Because they are installed directly in the water column, hydrophones do not use the structure-borne noise that travels along the pipe, but rather the noise transmitted by the water in the pipe. The **HY 200** hydrophones are extremely sensitive in the very low frequency range, far below audible sounds. This also makes them the perfect complement to the **SeCorrPhon** system when used in plastic pipe networks. The set comes in a dedicated plastic case, keeping all the components such as hydrophones, adapters for installing in underground hydrants and connecting cables, close to hand.

The sturdy system case has space to safely hold all the system components. The **SeCorrPhon AC 200**, two **RT 200** radio transmitters, two **UM 200** microphones, two **BM 200 / BM 230** ground microphones, a **TM 200** touch microphone, **TS 200** carrying rod and the **FB** wireless headphones as well as optional accessories can all be stored in the case with optimal protection for transit. The system components can be charged in the closed case in the workshop or the measuring vehicle.

ISSUE STATEMENT

A **resolution** accepting a proposal from Norwalk Tank Company for 36-inch High Density Polyethylene Pipes, as required for various Public Works projects.

BACKGROUND

This year the department will require the use of 36-inch High Density Polyethylene Pipes (HDPE) to be used for the upcoming Clarendon Hills Road and Devonshire Public Works projects.

Competitive quotes were requested for the 36-inch pipe and staff received three (3) competitive quotes.

VENDOR	UNIT COST PER LINEAL FT
ADS	NON RESPONSIVE
Norwalk	\$ 28.49
Metal Culverts	\$ 29.33

The expenditure would come from the Street and Capital accounts, depending on the specific project requiring the pipe material. The total estimated costs for the proposed pipe has been estimated at approximately \$45,000.00 pending field verification.

STAFF RECOMMENDATION

The staff recommends approval of this resolution with proposal from Norwalk Tank Company, for 36-inch High Density Polyethylene Pipes, as required for various Public Works projects.

ALTERNATE CONSIDERATION

As directed by the Municipal Services Committee.

DECISION MODE

This item will be placed on the May 7, 2018 City Council agenda for formal approval.

ISSUE STATEMENT

A **resolution** accepting proposals from Midwest Commercial Painting for City Hall-Administration and Police Department is as follows;

Proposal 1-Patching and painting of the interior of the City Hall Council Chambers and vestibule area, in an amount not to exceed \$9,318, (\$6,318 proposal, and \$3,000 contingency).

Proposal 2-Patching and painting of the interior Darien Police Department-Lower level Hallway/Locker Rooms, Lower Level Offices, Booking Area and Garage Area in amount not to exceed \$24,876, (21,876 proposal and a \$3,000 contingency).

Proposal 3-Painting of Stairwell-Metal Railings, Stringers and Window Frames within the Main Level of the interior of the Darien Police Department, in amount not to exceed \$11,039.

Proposal 4-General Carpentry, Patching and Limited Painting, at the Darien Police Department-Police Chief's Office, in amount not to exceed \$4,775, (\$3,575 proposal and a \$1,200 contingency).

Proposal 5-Labor to Remove and Replace Ceiling Tile within the Police Department-First and Lower Floor, in amount not to exceed \$8,585.

BACKGROUND

The FY 18/19 Budget included funding for the following work at the City of Darien Administrative and Police Department:

Proposal #1 – Council Chambers - Install new 5/8” drywall on west wall. Tape mud and sand. Remove chair rail, skim coat all perimeter walls to provide a smooth surface. Full prime and apply two finish coats to all. Does not include dark blue wall.

Entry Foyer 1st and 2nd Floor and Hallway - Install new drywall in damaged area, tape mud and sand. Prepare and paint all walls throughout 1st and 2nd floors and hallway. Also paint wall in elevator shaft. See **Attachment A**.

Proposal #2 - Lower Level Hallway / Locker Rooms-Prepare and paint the following areas-Remove wallpaper from lower hallway walls, remove chair rail, Women's locker room walls and ceilings drywall areas only, Men's locker room walls ceilings drywall areas only.

Lower Level Offices-Prepare and paint the following areas-Exercise room three walls (no blue wall) and ceiling, Sergeant's room walls, Roll Call room remove chair rail and wallpaper from rear wall then paint walls, Report room walls, Fire & Police Commission room walls, Break room walls.

Booking-Prepare and paint the following areas-Jail cells walls and ceilings, booking walls and some ceiling, All Side room walls, Evidence walls, hallway walls.

Two Garages-Prepare and paint walls and ceilings. See **Attachment B**.

Proposal #3 - Paint all Red Metal Trim to Black Throughout the first and lower level of building with the exception of the booking room, prepare and paint all red metal windows and door frames black. Also in two stairwells paint railings, risers, stringers, door frames and one ladder from red to black. See **Attachment C**.

Proposal #4 - Remove Wall between Two Offices Demolish walls between two offices to create one large room for new Sergeant's Office. Repair all drywell where necessary and install appropriate tracks for ceiling tiles.

Remove Wall and Soffit in Chief Conference Room Remove wall near entrance and adjacent soffit. Install new drywall and ceiling tracks where appropriate. See **Attachment D**.

Proposal #5 - Replace Ceiling Tiles Throughout first and lower level of building replace approximately 2550 ceiling tiles with tiles supplied by Darien PD. See **Attachment E**.

The Staff had contacted several painting vendors and received two competitive quotes for the proposed work. Please note, contingencies were added for certain proposals due to any unforeseen repairs and/or additional work is required.

Attached and labeled as **Attachment F** is a summary of the scope of work and quotes:

I. Scope of Work

Price A) Council Chambers- Install new 5/8" drywall on west wall. Tape, mud and sand. Remove chair rail, skim coat all perimeter walls to provide a smooth surface. Full prime and apply two finish coats to all. Does not include dark blue wall.

Price B Entry Foyer 1st and 2nd Floor and Hallway Install new drywall in damaged area, Tape, mud and sand. Prepare and paint all walls throughout 1st and 2nd floors and hallway. Also paint wall in elevator shaft.

II. Term of Contract

A) The term of this contract is for the 2018 painting season only. The term for completion is based on how much work is contracted. Crew size will range from 3-4 painters. Start up date depends upon contract approval

III. General Preparation Guidelines

- A) Inspect all wall and ceiling areas to be painted for the following defects: nail holes, nail pops, hairline cracks, and foreign objects. All doors and railings will be inspected for loose peeling paint, rust, foreign objects in previous coats.**
- B) Repair areas that are defective utilizing Syncoloid, Ready Patch or similar products.**
- C) Wash areas that exhibit heavy soil (e.g. fingerprints, door handles, handrails, door casings, etc.) with Solax, Spio-N-Span, or similar non-sudsing detergent. Stain kill all stained areas.**
- D) Sand areas to a uniform appearance with adjacent areas. Where textured wall surfaces are present, every effort will be made to blend in patch with surrounding substrate (i.e. orange peel, light texture/sand, popcorn, troweled plaster, etc.).**
- E) Scuff sand glossy areas to remove gloss and provide "tooth" for topcoat. Dust sanded areas prior to primer or paint application.**
- F) Spot prime repaired areas with paint product to be used as finish coat or Zinsser Cover Stain Alkyd Primer. Allow to dry.**

XII. Payment

A) Payment will be expected once each painting has been completed and inspected by on-site agent and all touch ups have been completed.

- 1) All billing will be submitted to on-site agent.
- 2) Billing will be due net 30 days from invoice date (unless other arrangement is in effect between Owner and Contractor).
- 3) Owner's agent will complete the Quality Control Monitoring Checklist once work has been completed

X. Timing and Access

- A) Painting will commence between the hours of 8:00 AM and 5:00 PM, Monday through Friday, unless otherwise agreed.
- B) Owner will make available access to the Contractor within reasonable hours of operation.
- C) Owner will be responsible for notifying residents of schedule and possible inconveniences.

Accessing Individual Unit Doors: Unit doors will have to be opened, and left ajar for at least one hour in order to properly paint the edges and door frames. Prior to painting the doors, residents will be notified as to the day doors will be painted. On that day, there will be a painter available from 7:00 AM through until 8:00 PM in order to allow the residents an opportunity to have their door painted either before or after work. Any doors that could not be done on that day would be offered a "make up Saturday" for painting.

XI. Permits

Price B Entry Foyer 1st and 2nd Floor and Hallway Install new drywall in damaged area, Tape, mud and sand. Prepare and paint all walls throughout 1st and 2nd floors and hallway. Also paint wall in elevator shaft.

II. Term of Contract

A) The term of this contract is for the 2018 painting season only. The term for completion is based on how much work is contracted. Crew size will range from 3-4 painters. Start up date depends upon contract approval

III. General Preparation Guidelines

- A) Inspect all wall and ceiling areas to be painted for the following defects: nail holes, nail pops, hairline cracks, and foreign objects. All doors and railings will be inspected for loose peeling paint, rust, foreign objects in previous coats.**
- B) Repair areas that are defective utilizing Syncoloid, Ready Patch or similar products.**
- C) Wash areas that exhibit heavy soil (e.g. fingerprints, door handles, handrails, door casings, etc.) with Soilax, Spic-N-Span, or similar non-sudsing detergent. Stain kill all stained areas.**
- D) Sand areas to a uniform appearance with adjacent areas. Where textured wall surfaces are present, every effort will be made to blend in patch with surrounding substrate (i.e. orange peel, light texture/sand, popcorn, troweled plaster, etc.).**
- E) Scuff sand glossy areas to remove gloss and provide "tooth" for topcoat. Dust sanded areas prior to primer or paint application.**
- F) Spot prime repaired areas with paint product to be used as finish coat or Zinsser Cover Stain Alkyd Primer. Allow to dry.**

- f. PZC 2018-02 2000 Manning Road - Petitioners seek approval of a zoning variation for a new driveway and site plan review for their proposed expansion project at the Elizabeth Ide Elementary School.**

Mr. Steve Manning, City Planner reported that School District 66 is requesting a zoning variation for a new driveway and site plan review for an expansion project at the Elizabeth Ide Elementary School. He reported that the proposed building additions include \$14,000 square feet in the front and in back where the new main building entry will be relocated. Mr. Manning reported that a new parking lot is planned north of the building having access from a new driveway off Fairview Avenue with 59 spaces and stacking space for 25 vehicles for visitor parking and drop-off and pick-up.

Mr. Manning reported that the District is proposing a new separate bus lane west of the building with stacking for 10 buses and that the 35 parking spaces south of the building would be designated for teachers and staff. He stated that the objective is provide more space within the building for student activities and to separate bus traffic for safety and to take stacking off of Manning Road.

Mr. Manning reported that the PZC reviewed the plan in great detail and approved with the following conditions:

1. To establish a school speed zone on Fairview Ave.
2. Additional signage and street striping added where appropriate.
3. A recommendation to review the additional screening for properties on Judd and Wilton Court.
4. At the completion of the project, review the existing/new traffic conditions and parking requirement and periodic review of the development of an additional parking plan on school property and adjoining properties.

Mr. Manning reported that the site plan will be reviewed by the Committee. He stated that the plan is to store water underground for controlled release to the City's detention pond. Mr. Manning reported that there will be a new water main and determination of who will have jurisdiction.

Mr. Dan Gombac, Director reported that staff recommends that the water main loop rather than dead end. He reported that there will be a dedicated easement and when repairs needed, will be handled by the City. He further reported that the City as a general practice has been working on school property and charging them back.

Chairperson Marchese questioned if the driveway along the west is only for buses and if there will be an entrance for teachers to the building

Mr. Gombac reported that the driveway is only dedicated for buses. He stated that there will be no parking on Fairview or Manning and an entrance for teachers from the designated parking lot.

Alderman Chlystek questioned the visibility on Manning.

Mr. Manning reported that there was team that conducted a study and that it is physically possible. He reported that the school times of day is not peak traffic for the area and that only one bus will be making a right hand turn. He further reported that staff feels that this is an acceptable situation.

There was no one in the audience wishing to present public comment.

Alderman Belczak made a motion and it was seconded by Alderman Chlystek approval of a zoning variation for a new driveway and site plan review for their proposed expansion project at the Elizabeth Ide Elementary School with the following conditions:

- A. City install centerline on Fairview Avenue.**
- B. City install school speed limit zone on Fairview Avenue.**
- C. School District install stop signs for exiting traffic from the driveways on Fairview Avenue and Manning Road.**
- D. School District install cross walk striping across driveways on Manning Road.**

Upon voice vote, THE MOTION CARRIED UNANIMOUSLY 3-0.

- g. PZC 2018-03 6624 Richmond Ave. - Petitioners seek approval of a variation to the Darien Zoning Code for lot depth on Lot 2 of a proposed two lot single-family subdivision.**

Mr. Steve Manning, City Planner reported that the petitioner was invited but is not present. He reported that he is seeking approval of a variation to split the existing lot in half and build two new homes. Mr. Manning reported that the house on Lot 1 will face Richmond Avenue and the house on Lot 2 face High Ridge Court. He reported that Lot 2 meets all the setback requirements however the lot depth would be 100 feet where 120 is required.

Mr. Manning reported that the PZC reviewed the proposal and recommended approval. He reported that the petitioner is obtaining the zoning variation approval and then will return for subdivision approval.

Mr. Manning reported that stormwater drainage will be directed to the detention pond to the north but that it has not been determined if it is large enough. He stated that this still needed to be determined.

Mr. Dan Gombac, Director reported that the stormwater will have to meet all of the stormwater management requirements.

Chairperson Marchese questioned if the City will get into any bind if the zoning is approved before the engineering.

Mr. Gombac stated that it will not be an issue and that this is still part of the process. He stated that the Committee can also place a contingency in the motion.

There was no one in the audience wishing to present public comment.

Alderman Marchese made a motion and it was seconded by Alderman Belczak approval of PZC 2018-03 6624 Richmond Ave. subject to final engineering and stormwater review.

Upon voice vote, THE MOTION CARRIED UNANIMOUSLY 3-0.

Mr. Manning reported that this will be forwarded back to the PZC with final engineering plans.

h. Minutes – February 26, 2018 Municipal Services Committee

Alderman Marchese made a motion and it was seconded by Alderman Belczak approval of the minutes of the February 26, 2018 Municipal Services Committee Meeting.

Upon voice vote, THE MOTION CARRIED UNANIMOUSLY 3-0.

DIRECTOR'S REPORT

Mr. Dan Gombac, Director reported that the City banners have been installed.

There was much discussion regarding a resident asking for an authorized payment plan from the City regarding a resident/City project. Mr. Gombac reported that the City can place a lean on the property but that the resident is asking for 18-24 months for payment.

The Committee discussed charging a percentage but agreed to incorporate a service fee at the end of payment.

Alderman Belczak stated that he was in favor of the payment plan and stated that not having the resident in the plan will cost the other residents \$300-\$400 more each.

The Committee agreed that the money should be paid within the fiscal year. They also agreed that credit card payments need to be incorporated.

Mr. Gombac stated that he would discuss the options with the City Administrator and schedule a meeting to discuss options with the resident.
