## MEMO

**TO:** Kathy Weaver, Mayor, City Council, City Clerk, and City Treasurer

**FROM:** Bryon D. Vana, City Administrator

**DATE:** October 19, 2016

**SUBJECT:** Goal Setting Agenda and Background – Wednesday, October 26, 2016, 6:30 p.m. Police Training Room

---

The agenda has been prepared for the goal setting session scheduled for Wednesday, October 26, 2016. This memo includes a summary of the topics to be addressed as well as additional background information, if applicable. Please note: An asterisk (\*) next to the topic indicates that supplemental material is included in the packet.

### **Garbage/Recycling Contract\***

The City currently has a contract with Advanced Disposal (formally Veolia) for garbage, yard waste, and recycling services. The City approved a 4 year contract on February 7, 2011, and approved a 2 year contract extension on November 17, 2014. That extension is through March 31, 2017. Recently, Advanced Disposal contacted the City staff regarding a possible 5 year contract extension with 2 options different than our current sticker program. Staff previously provided the Council with background information in advance of the Goal Setting meeting. Attached is the proposal from Advanced along with my memo providing additional background information.

### **Darien Fest\***

This topic is included on the agenda to allow the Council to discuss any future financial assistance the City may provide the Chamber pertaining to the Darien Fest event. The City Council asked for additional financial information on the Darien Fest which is included in the packet.

### **Police Department Goals\***

Chief Thomas will provide the City Council with proposed strategic plan for the Police Department to focus on over the next 2 years.

**Park District Request- Update Intergovernmental Agreement for Police Enforcement on Park District Property\***

There is currently an intergovernmental agreement (IGA) in place, dated November 6, 1995, providing for the Darien Police Department to enforce Park District Rules and Regulations on Park District property. The Park District updated its' rules and is requesting a new IGA with the City to enforce these rules. The City Staff has requested changes to the original draft provided by the Park District. This item is on the agenda for City Council review and comment.

**Clarendon Hills Road Mid-Block Cross Walk\***

This year's budget included funds to conduct a feasibility study to determine if a mid-block crosswalk was warranted across Clarendon Hills Road near Community Park. The study was completed and concluded that a mid-block cross walk was not warranted for the study' area. This item is scheduled for discussion to allow the Council to determine if the City should pursue the cross-walk any further.

**Review of 2016 Citizen Surveys\***

The results of the 2016 Citizen Survey have been tabulated and are included in the packet for the Council's review and discussion.

**Property Maintenance Enforcement**

The Council will discuss the City's current Property Maintenance and Code Enforcement efforts to determine if these efforts should be more proactive. The City primarily is reactive to Property Maintenance and Code Enforcement in which we focus on responding to resident complaints of potential code violations. Some examples include RVs/boats parking in driveways, location of garbage cans on private property, houses in need of general repairs such as painting/rubbish accumulation, and storage of junk vehicles. The option for the City is to allocate time and resources to systematically patrol neighborhoods in order to identify property maintenance and code enforcement violations and require compliance.

**75<sup>th</sup> Street and Cass Avenue Enhancements**

The 75<sup>th</sup> Street and Cass Avenue lighting and landscaping improvements are now complete. This item is on the agenda so the Council can express their thoughts on the final improvements and provide preliminary direction to staff on any future beautification projects the Council may be interested in pursuing.

## Memorandum

TO: Mayor, City Council, City Clerk, City Treasurer

RE: Goal Setting – Refuse Contract with Advanced Disposal

---

The City currently has a contract with Advanced Disposal (formally Veolia) for garbage, yard waste, and recycling services. The City approved a 4 year contract on February 7, 2011, and approved a 2 year contract extension on November 17, 2014. That extension is through March 31, 2017. Recently, Advanced Disposal contacted the City staff regarding a possible 5 year contract extension.

Staff's discussions with Advanced focused on three options:

**Option 1:** Sticker program similar to our current program and also includes the free leaf pickup currently offered.

**Option 2:** Full cart program which would include Advanced Disposal providing garbage (35, 65, and 95 gallon size options) and recycling carts to all residents covered by the agreement. Yard waste stickers would still be required for landscape waste except for the free leaf program currently offered. Residents would also be permitted to place one bulk item (under 50 pounds) out per week without needing a sticker. Also, this option reduces the required stickers for bulk items from 2 to only 1 per bulk item. Residents will also be allowed to place up to 4 rolls of carpet (4ft long x 24in wide) out per week without needing stickers.

**Option 3:** Identical to Option 2 with the addition of free brush pickup. The brush pick-up would be offered from April 1<sup>st</sup> to November 30<sup>th</sup>. Brush would be required to be bundled with biodegradable natural fiber twine (plastic or wire is prohibited), no larger than 4 feet in length/and brush no larger than 4 inches in diameter, and weighing no more than 50 pounds.

The following chart summarizes the cost options

<b>Program</b>	<b>Sticker</b>	<b>65gal Cart</b>	<b>95 gal Cart</b>
<b>Current</b>	\$3.63per refuse/yard waste sticker	\$22.24 per month	\$27.23 per month
<b>Option 1</b>	\$3.50per refuse/yard waste sticker	\$16.75 per month	\$20.75 per month

**Cart options:**

<b>Program</b>	<b>35gal Cart Senior Citizen</b>	<b>35gal Cart</b>	<b>65gal Cart</b>	<b>95 gal Cart</b>	<b>Yard Waste Sticker</b>
<b>Current</b>	N/A	N/A	\$22.24 per month	\$27.23 per month	\$3.63 per sticker
<b>Option 2</b>	\$10.00 per month	\$13.25 per month	\$15.95 per month	\$19.95 per month	\$3.50 per sticker
<b>Option 3</b>	\$10.49 per month	\$13.74 per month	\$16.44 per month	\$20.44 per month	\$3.50 per sticker (no sticker required for bundled brush)

The Staff is recommending that the City Council implement Cart Option 2 or 3. The biggest concern with the current sticker program is that residents find a way to dispose of garbage without using stickers (bring to their place of employment, leave garbage in Park District cans, place in neighbors' carts, etc.). This practice drives the cost of the program higher for those residents who comply with the current sticker and cart program.

The primary benefits of Option 2 includes:

- Reduces the current resident cost for stickers, carts and bulk items
- Eliminates the inequity between those residents that currently purchase stickers or rent carts compared to residents that find alternate disposal methods.
- Continues to encourage recycling as residents can use a less expensive cart if they recycle more items
- Recycling carts will contain the materials so they do not blow all over on windy days
- More convenient for residents as they will be billed quarterly by Advanced Disposal and significantly reduce the need to purchase stickers

Note: In addition to the benefits of Option 2 above, Option 3 provides additional weekly brush pick up for only \$0.49 per month and should reduce municipal services time for Municipal Services brush pickup

If you have any questions, please feel free to contact me.

# **Darien Police Department**

## **Strategic Plan 2017-2019**

# PRIORITIES FOR DARIEN POLICE DEPARTMENT

## Leadership & Supervision

Develop leaders and supervisors.

In August of 2016 the Darien Police Department flattened the organization and delegated duties and responsibilities in a more equitable fashion to create more accountability and clearly identify who is responsible for what. A sergeant and a lieutenant were appointed to these new commander level positions. It is a priority for the police department to fully develop these individuals as well as develop the sergeant ranks.

Some of those tasks include:

- Fully understanding of their duties and responsibilities.
- Understand when to “Do”, Do & Report,” and “Report Before Do.”
- Become familiar with appropriate delegation and accountability. This is an absolute prerequisite for the implementation of Problem-Oriented Policing.
- Succession planning for future chiefs and commanders.
- Reduce the amount of time personnel spend on administrative tasks.
- Create a learning police department where employees are developing through experience, training and education
- Understanding the difference between supervising empowered employees versus directed employees. Understanding the differences in leadership style and when to it is appropriate to move from style to style based upon the situation and individual leading.

## Culture & Philosophy

Move to a Community-Oriented Policing philosophy and a Problem-Oriented Policing strategy.

**Community Policing** is a philosophy that promotes organizational strategies that support the use of partnerships and problem-solving techniques to proactively address the conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Community Policing Comprises Three Key Components

- **Community Partnerships**  
Collaborative partnerships between law enforcement and the individuals and organizations they serve to develop solutions to problems and increase trust in police.
- **Organizational Transformation**  
The alignment of organizational management, structure, personnel and information systems to support community partnerships and proactive problem solving.
- **Problem Solving**  
The process of engaging in the proactive and systematic examination of identified problems to develop and evaluate effective responses.

Across the country after Travon Martin (not a police involved matter) then Michael Brown in Ferguson, MO the police have been trying to deal with strains of police-community relationships. Regardless of where the situations are, regardless of prior goodwill there are strains and issues caused by these and others that followed which all police departments must be prepared.

## **Actions**

- We (Darien Police Department) will continue to build community relationships.
- We are working with various organizations most notably Unity Partners to continue dialogs and have the group assist police departments with programs.
- We need to look at various programs such as Citizen Police Academy, Youth Academy, coffee with an officer and other programs to insure good police community relations.
- We need to be mindful that it is not necessarily the programs that will build and continue strong relations but the day to day interactions between police officers and the community.
- Create and build on internal and external relationships such as the social/fraternal organizations, faith-based groups, social services, elected officials, etc.
- Train and understand implicit bias.
- Train and understand procedural justice. Strategies for implementation of procedural justice include:
  - Humanize the experience.
  - Explain what you're doing and why.
  - Create opportunities for individuals to be heard.

***Problem-Oriented Policing*** is a strategy that involves the identification and analysis of specific crime and disorder problems in order to develop effective response strategies. The approach requires police to be proactive in identifying underlying problems which can be targeted to reduce crime and disorder at their root causes. This strategy emphasizes research and analysis as well as crime prevention and the engagement of public and private organizations in the reduction of community problems. The Darien Police Department will work to continually move from “reactive” / “enforcers” to problem-solvers. The Darien Police Department will use the SARA Model of problem solving which includes: Scanning, Analyzing, Response and Assessment.

## **Actions**

- Training, note that some (all sergeants and both commanders) attended a 1 ½ day seminar on Problem-Oriented Policing.
- Align policies, procedures, performance evaluations, etc. to fit culture and philosophy desired.

## **Organization and Management**

Place the employees in the best position to provide the community what the community needs. This is usually two forms – Reduce Barriers & Provide Resources. The reduction of barriers and providing of resources comes in two forms either direct impact or indirect impact. An example of a direct impact is leads-on-line that has a positive outcome on solving crime. An example of indirect impact are those activities, technologies, etc. that make officers / staff more efficient and/or effective. Such things as laptops for Field Training Officers (FTO). FTOs using laptops speeds up and professionalizes the training and evaluation process which allows the recruit to experience more on-the-job activities. A recruit officer gaining more experiences allows for a better trained officer. A better trained officer equates to better service to the community.

## ***Performance Complaints / Administrative Reviews***

Performance Complaints need to follow the Uniform Peace Officers Disciplinary Act (UPODA). The procedures for Performance Complaint system have been put in place. This isn't a major matter as 2015 saw zero citizen initiated performance complaints, but UPODA rules apply regardless if the complaint is citizen initiated or supervisor initiated. Though not a performance complaint certain acts by police – use of force, especially deadly force, needs to be reviewed and provide assurances that training meets needs, that officers performed appropriately, etc.

### ***Performance Accountability***

We must know the desirable behaviors from our personnel that drive customer service / better quality of life. Those activities must be measured and rewarded. Sworn employees had no formal feedback on their work performance for nearly five years. In response we developed and implemented a performance evaluation system. The sworn employees are getting feedback. The form and systems need to be tweaked after the first year.

### ***Personnel Matters***

Three EEOC complaints, 1 ADA matter, 11 grievances (remaining), and 3 lawsuits – something is going on. I think it goes back to communication, trust and respect. The immediate issues of the complaints will be corrected; the deeper (if deeper) issues will take some time. Some may have already occurred with the increase in performance by 17%.

### ***Manning, Staffing & Scheduling***

The old system of having five officers working per shift is antiquated system. A better system using data to demonstrate day of week, hour of day, type of calls, etc. to direct the number of officers per day, per hour has not been fully implemented. It is reported that there is sick time abuse and too much overtime usage. It is difficult to determine without the data. A better system of tracking personnel hours is necessary. This year we worked at time down seven officers much of the summer (4 by attrition, 1 by light duty and 2 by FMLA leave). We have 21 officers assigned to patrol thus being down seven officers is the equivalent of losing 1/3<sup>rd</sup> of the work force. It is imperative that we become and remain fully staffed. When fully staffed we need to consider alternative ways of staffing and scheduling.

### ***Data Driven / Goal Oriented / Intelligence-Led***

Some organizational and managerial changes include an understanding and acceptance of being Data Driven, Goal-Oriented & Intelligence-Led. This is particularly difficult not just in a change in the way police officers approach problems, but possibly more so is the issues the police department faces with technology. It is difficult to be data-driven when the systems used do not provide the data necessary to guide decisions. The new CAD/RMS project will help tremendously, but that is a while off. Alternatives have been and will continue to be explored and implemented while the CAD/RMS project gets fully implemented.

### ***Communication***

In most organizations things begin to break down without communication. I think that it is important to keep people internally and externally informed. I believe two of the EEOC matters would not have evolved had we better communicated.

### ***Policy & Procedure Review***

I'm not sure the last time a full review of the policies and procedures were done, but this needs to be accomplished.

### ***Collective Bargaining Agreement***

The Collective Bargaining Agreement will expire in April of 2018. A complete review of the CBA needs to occur so that the agreement is a workable document.

## **Other Issues**

Other issues that need to have corrected and dealt with throughout 2017 and 2018 include issues with the Building & Grounds, Fleet, Technology, Equipment / Supplies and the Budget.

When dealing with the building, fleet, technology, equipment and supplies the focus must be on efficiency and effectiveness. Managers should look at systems and procedures to wherever possible to reduce barriers and provide resources in order for personnel to provide the best service.

**Emergency Operations Center:** This type of room is always difficult as it is necessary when the emergency hits, but a waste of space and expense as there are so few instances when it is needed. It is important to make the space multi-use. It is no longer a storage area, but the police department's emergency operations center, training room and meeting room. We repurposed tables and chairs.

**Evidence Processing and Evidence Storage:** There is a strong need for drying lockers as this is a health hazard, an OSHA requirement and required to properly store evidence for legal purpose. The storage area is getting full and some items cannot be destroyed which means long term storage. We'll be looking at current available space.

**Community Room:** Tables too large, chairs so badly stained to sit in. Grease board used so frequently and not cleaned / erased that image is embedded into the board. Appropriate tables will allow for larger number of people and arranged for better viewing of multimedia.

### **CAD / RMS**

The Computer-Aided Dispatch and Records Management System are imperative to correct many of the deficiencies with data. This is a county-wide initiative of which we are taking part.

### **Mapping**

Being able to plot crime in order to see it geographically for hot spot analysis is important and we are working through this situation.

### **MOU's**

Some of the Memorandum of Understandings such as with Hinsdale South High School, the Darien Park District need to be reviewed and updated.

DATE: October 26, 2016  
TO: Mayor Weaver and the City Council  
FROM: Daniel Gombac  
SUBJECT: Goal Setting-Clarendon Hills Road-67<sup>th</sup> Street to 75<sup>th</sup> Street Infrastructure Improvements

The proposed infrastructure improvements on Clarendon Hills Road, 67<sup>th</sup> Street to 75<sup>th</sup> Street, include major improvements and are described below. These improvements are forecasted on a multi-year level. Pending the funding, consideration of various phases may be completed within a fiscal year. The staff has also reviewed grant opportunities and are further described below, if applicable. Additionally, below please find the cost summary as it relates to the various phases.

**Phase One: Drainage Study 2017**

This phase incorporates a water modeling study to review various storm water flows and to determine the need for additional detention due to street flooding at the intersection of Clarendon Hills Rd and Maple Avenue. The study limits are between 69<sup>th</sup> Street and 71<sup>st</sup> Street. Preliminary thoughts include an underground storage basin at the Community Park. *The project cost is estimated at \$25,000.*

**Phase Two: Storm Water Project 2017 or 2018**

Pending the results of the drainage study from Phase One, Phase Two could include plans for a detention facility and a ditch maintenance drainage project for the remainder of the limits. *The project cost is preliminarily estimated at \$500,000 to \$700,000.*

**Phase Three: Sidewalk Installation 2017 or 2018 or 2019**

The eastern quadrant of Clarendon Hills Road between 67<sup>th</sup> Street and Clarendon Hills Road has missing sections of sidewalk. The western quadrant has a sidewalk within the abovementioned limits. *The project cost is estimated at approximately \$150,000 and an additional \$55,000 for landscape restoration.* Pending timing of the sidewalk, the landscape restoration cost could be offset if the sidewalk is completed with the ditch program. While a sidewalk grant, Safe-Routes to School, may qualify for funding, the costs for the Federal protocols would exceed the proposed City cost of \$150,000 to \$200,000.

**Phase Four: Roadway Resurfacing 2018 or 2019**

The resurfacing would consist of milling, base repair, leveling binder, surfacing and striping within the limits of Clarendon Hills Road, 67<sup>th</sup> Street to 75<sup>th</sup> Street. *The project cost is estimated at approximately 1 million and would be eligible for a grant.* The grant is referred to as the Surface Transportation Program (STP), sponsored by the DuPage Mayors and Managers. The call for grants are submitted between June and August and are awarded between October and November.

**Phase Five: Clarendon Hills Mid-Block Crosswalk 2019 or 2020**

The mid-block crosswalk would be located at the intersection of Clarendon Hills Road and Roger Road. The crosswalk would be signalized and enhanced to provide pedestrians a safe crosswalk from the eastern quadrant of Clarendon Hills Road to the west allowing easier access to the Community Park. This item was discussed at the August 22, 2016 Municipal Services Committee meeting. See attached agenda memo with traffic study labeled as Attachment 1. The Municipal Services Committee provided a recommendation to defer the project upon funding of the above

improvements. The improvement should be considered to be completed with the road resurfacing, Phase 4, to realize additional cost savings.

**AGENDA MEMO**

**Issue Statement**

Review Study Results-Mid-Block Crosswalk on Clarendon Hills Rd between 67<sup>th</sup> Street and Plainfield Road.

**Background/History**

The FYE17 Budget included funding for a mid-block crosswalk study to determine whether a crosswalk was warranted within the Clarendon Hills corridor between 67<sup>th</sup> Street and Plainfield Rd. The study was initiated in response to a resident's concern for crossing Clarendon Hills Road to reach Community Park.

The City commissioned Kenig, Lindgren, O'Hara, Aboona, Inc. (KLOA), traffic engineering consultants, to provide a study for the pedestrian crosswalk. Attached and labeled as Attachment A, is the full report. **In summary, the study concludes a mid-block pedestrian crossing on Clarendon Hills Road is *not* warranted.**

The study included:

Traffic Counts

Accident Data

Pedestrian Count

Intersection Evaluations along the corridor:

Evaluation of mid-block pedestrian crossings through State and Federal guidelines

Warrants Analysis

Recommendation

The study area segment of Clarendon Hills Road carries approximately 11,700 vehicles per day and is comprised primarily of automobiles and small vans. The common peak hour when traffic levels were the highest were between 4:45 and 5:45 P.M. The report further suggests that Community Park has a high use between the hours of 3:00pm and 6:00 pm Monday through Friday.

The study concludes a mid-block pedestrian crossing on Clarendon Hills Road is not warranted. The conclusion is based on Transit Cooperative Research Program (TCRP) 112/National Cooperative Highway Research Program (NCHRP) 562 guidelines and Institute of Transportation Engineers (ITE) criteria. Guidance from the Manual on Uniform Traffic Control Devices, MUTCD, however, leaves the determination on the appropriateness of a crosswalk on the findings of an engineering study, which is represented by the attached report. Based on the gathered information, the City could install the crosswalk, and it is recommended to be installed at Roger Road.

The recommendation is contingent upon the installation of several supplemental measures that will increase pedestrian safety, improve visibility of the crossing to motorists, calm traffic speeds, and draw pedestrians to the crosswalk instead of crossing Clarendon Hills Road at other

unmarked locations. These measures include a raised refuge island, pedestrian crossing signs, advance pedestrian crossing and/or Park Zone signs, and sidewalk extensions and relocations. It is estimated that the cost of the crosswalk enhancement will be \$32,000.

**STAFF RECOMMENDATION**

No further action be taken

**ALTERNATE CONSIDERATION**

As recommended by the Municipal Services Committee.

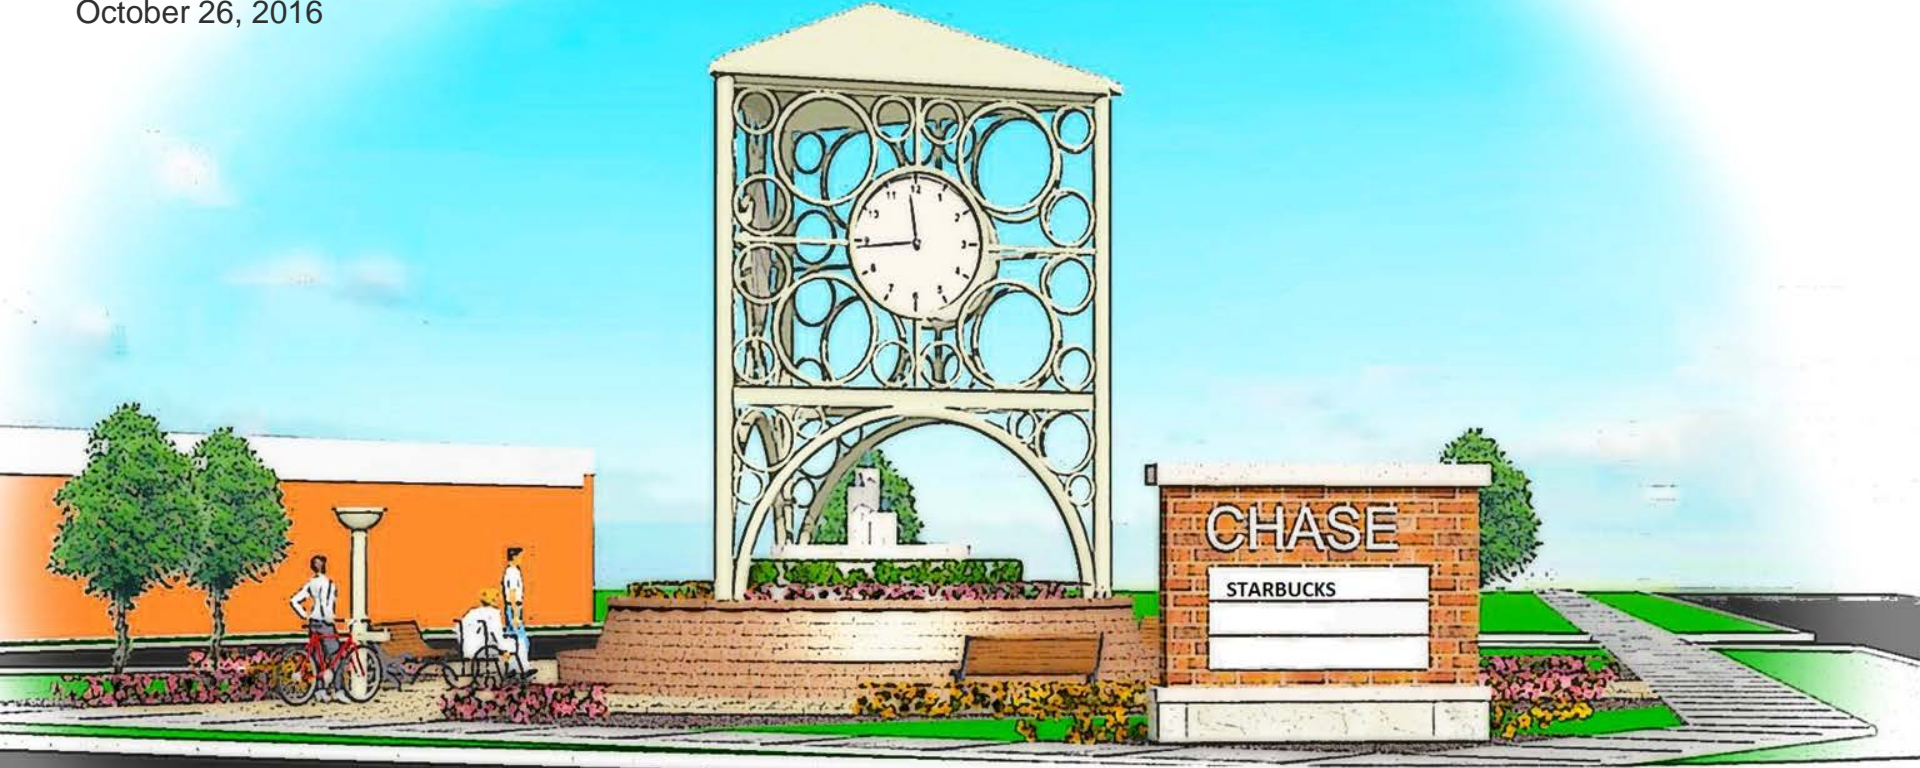

**DECISION MODE**

To be determined.

22	<b>Break-ins</b> We just moved to Darien from the city. We have been here about a year. We have children. Safety is always a priority. People that we know around the corner from us were robbed. I understand it happens everywhere but we always can do something to improve the safety of our neighbors and our community. Coming from the city, I am probably more nervous than most. It is nice to have a police presence.	9/30/2016 10:36 PM

26	<b>Break-ins</b> We had one alarm for police shortly after our alarm system was installed and the response was very prompt and the officer most helpful. A few weeks ago a neighbor called to tell me their alarm had gone off but the police had been notified. After waiting outside our house to assist the police if necessary, for over ten minutes I called 911 to see if they had the alarm/call in their system.... assured that it was we waited another 5+ minutes for a patrol car to show up. The officer was courteous, and examined the home assuring us there was no sign of a break-in.... but why did it take 15 minutes for someone to come.	9/24/2016 4:34 PM

39	<b>Break-ins</b> I am in shock of all the cars and homes that are being broken into in Darien. I feel a need for more street patrols. Are these residences of the community? 64	<b>Parks</b> The drug dealing in Community Park for starters. I think many in our government would like to think we are oblivious to the community park dealings along with the dealings at the apartments and condos across the street. We aren't - we see it - regularly -- even when dropping our kids off and picking them up from OLP for goodness sake!!	9/9/2016 6:09 PM

80	<b>Lack of Patrols</b> less time waiting for speeders on old field rd, more time patrolling	8/31/2016 7:01 PM

## Darien Resident Survey

92	<b>Lack of Patrols</b> Lack of frequent police presence. Rarely see police cars on my streets: Nantucket, walnut area	8/26/2016 5:28 PM
93	<b>Break-ins</b> Home, car burglaries, unsolicited "sales" people walking through neighborhood	8/26/2016 4:46 PM
94	<b>Break-ins</b> Armed gunman and home invasion	8/26/2016 4:23 PM
95	<b>Traffic related</b> There are No (zero) TRAFFIC patrols for the gross speeding in 300 block of Roger Road. Some "short-cutters" literally RACE through Roger Road to bypass the stop light at Clarendon Hills and Plainfield.	8/26/2016 4:17 PM
96	<b>Break-ins</b> The high degree of crime in Darien seems to be way too high for this neighborhood	8/26/2016 4:05 PM
97	<b>Break-ins</b> Break ins and burglaries	8/25/2016 3:18 PM
98	<b>Break-ins</b> random crime -	8/24/2016 1:15 PM
99	<b>Traffic related</b> Not enough squads out. Would like to see a unit dedicated to traffic enforcement to target on the areas where speeding occurs (Plainfield Rd, Cass, Bailey for example). Curfew seems to get ignored as well. There's also very little street lights in my sub division - criminals love the dark.	8/24/2016 11:11 AM
100	<b>Lack of Patrols</b> need more patrols throughout neighborhoods; also neighbors need to be more aware of surroundings and report suspicious behaviors	8/23/2016 10:27 PM
101	<b>Police Presence</b> Lived in Darien all 30 years of my life. We are seeing crimes never seen before. Breakins robberies, ect. However Darien police force is doing what they can. They can't deter everything. But if Darien installed lights. Like in the old Brookhaven neighborhood it could help deter. You might even be able to cover some of the costs of you just polled the towns people or people who lived in the area. I would help pay for street light in front of my place.	8/23/2016 10:22 PM
102	<b>Break-ins</b> Crime all around us. Must be truthful to all the residents as to what goes on. I believe that you pick and choose what you want the people to know about.	8/23/2016 5:38 PM
103	<b>Break-ins</b> burglaries	8/23/2016 5:24 PM
104	<b>Police Presence</b> Better police presence	8/23/2016 3:29 PM
105	<b>Break-ins</b> lately robberies at gunpoint(Waterford and Lemont St gas station) of citizens perpetrated by "opportunistic" criminals from outside the area. These crimes seem to occur in the evening. A new phenomenon for our community.	8/23/2016 11:44 AM
106	<b>Break-ins</b> Breaking at residences. I work from home and neighbors have been robbed during the day	8/23/2016 10:38 AM
107	<b>Apartments</b> <b>Break-ins</b> High crime rate. Walmart attracts crime and Ponds and apartments allow crime hotspots.	8/23/2016 9:23 AM
108	<b>Traffic related</b> I live in the 8000 block of Sawyer Rd. Drivers speed down our street and then blow the stop sign at 79th. I have never understood why the City of Darien does not establish Sawyer Road as a speed trap. When I drive through Willowbrook on Midway Dr. everyone knows it is a speed trap and obeys the limit. It annoys me to no end when I see an officer taking radar at Elizabeth Ide (sp?) on a Sunday afternoon. Please get to a well populated residential street and stop these speeders! Even my college age nephew commented on the amount of speeders on Sawyer Rd.	8/23/2016 9:01 AM
109	<b>Lack of Patrols</b> I don't see the police drive down our street. They don't seem very visible.	8/23/2016 8:47 AM
110	<b>Police Presence</b> I feel safe in my neighborhood, but street lights are needed down route 83 by the high school. It is pitch black there at night.	8/23/2016 8:07 AM
111	<b>Lack of Patrols</b> Not enough patrol also officers could use lessons in cumunication with residents some have bad manners	8/23/2016 7:47 AM
112	<b>Lack of Patrols</b> Street lights, side walks, more police	8/23/2016 7:21 AM
113	<b>Parks</b> There are certain parks that clearly have drug activity going on.	8/23/2016 7:16 AM
114	<b>Parks</b> Parks do not have emergency call stations or cameras	8/23/2016 6:44 AM
115	<b>Break-ins</b> Break-ins in my area that seemed safe before.	8/23/2016 6:16 AM
116	<b>Break-ins</b> The recent car burglaries ae scary....also too much ghetto black crime...esp around walmart...can't shop at walmart without getting dirty looks from the lowlifes...we work too hard to have a safe clean neighborhood..get that trqsh out please	8/23/2016 5:36 AM

## Darien Resident Survey

121	<b>Police Presence</b> Drugs	8/21/2016 6:22 AM
122	<b>Parks</b> I55 easy access - it's too easy to get in and out of the subdivisions along frontage road. Also, too many hoodlums hanging around at the community park	8/20/2016 12:43 PM
123	<b>Police Presence</b> lack of lighting - illumination of private property post lamps not enforced	8/20/2016 12:40 PM
124	<b>Traffic related</b> cars driving too fast.strange cars in the neighborhood at nite	8/20/2016 10:17 AM
125	<b>Lack of Patrols</b> Need additional police / squad cars to do more patrols	8/20/2016 6:12 AM
126	<b>Break-ins</b> Cars being stolen. People being held up with guns. Don't see police cars patrolling the Woodlands.	8/19/2016 6:51 PM
127	<b>Police Presence</b> Pest control solicitors are very aggressive: need more enforcement soliciting regulations	8/19/2016 6:38 PM
128	<b>Police Presence</b> Lack of street lights in many neighborhoods	8/19/2016 6:35 PM
129	<b>Lack of Patrols</b> Rarely see a Darien Police office in my neighborhood. The city could make a lot of money if cass ave was monitored. UPS trucks, semi's and cars regularly travel in excess of 50 miles an hour all day and night.	8/19/2016 6:00 PM
130	<b>Break-ins</b> Related to recent robberies (Shell on Lemont Road).	8/19/2016 5:28 PM
131	<b>Lack of Patrols</b> It's not concerning safety but to have more patrolling behind the store areas during the night. There is a noise ordinance behind the Jewel store which is not enforced. There are workers behind the store that are so inconsiderate making noise at different times even at 2 or 3 in the morning. There are trucks that occasionally still don't obey the 10 pm to 6 am noise ordinance. One night recently a refrigerated truck parked and ran its motor during the night. I don't feel that I should have to call 911 but the police should check the area a few times during the night.	8/19/2016 4:45 PM
132	<b>Lack of Patrols</b> Living on a a borderline street (Hudson), I don't feel it gets the level of police patrol as the streets within Darien proper.	8/19/2016 4:10 PM
133	<b>Lack of Patrols</b> Police are not evenly distributed. Only after crimes are recently reported do I see any police patrolling the area. I am on the far SE side of the city and often feel as though I'm forgotten in this area. Example, I've seen cars park on streets overnight for weeks without issuing a ticket. If police were EVER parroting my neighborhood in the hours between 2am-6am these cars should have received a ticket. I see this as proof that nobody is patrolling my neighborhood.	8/19/2016 3:59 PM
134	<b>Break-ins</b> Increase in robberies and crimes..I don't	8/19/2016 3:28 PM
135	<b>Break-ins</b> burglary	8/18/2016 12:41 PM
136	<b>Police Presence</b> Don't we have 10 less cops on the department from 8 years ago? That's not healthy	8/17/2016 12:46 PM
137	<b>Police Presence</b> Need more police presence in neighborhoods. Watch for parking violations and enforce them around Community Park streets.	8/16/2016 4:55 PM
138	<b>Police Presence</b> I don't see a large police presence ever. I live in a cul-de-sac for 10 years, and I don't believe I've ever seen police helping with traffic near schools, patrolling my block, etc. I don't see them greet anyone so we get to know them..	8/16/2016 9:23 AM
139	<b>Police Presence</b> Only concern is the door to door soliciting in neighborhoods. Better this year than years past though.	8/15/2016 10:15 PM
140	<b>Traffic related</b> Speeding cars, cars running stop signs, people on cell phones and too many solicitors walking/driving the streets on side streets.	8/15/2016 12:25 PM
141	<b>Police Presence</b> I have generally felt safe walking during the day and even at night; however, I realize that there are elements out there that would like to disrupt that sense of security. A need for constant vigilance.	8/15/2016 11:54 AM
142	<b>Police Presence</b> more police presence	8/15/2016 10:24 AM
143	?	8/14/2016 9:38 PM
144	<b>Police Presence</b> The darkness of night and strangers coming to my door	8/14/2016 8:29 PM
145	<b>Police Presence</b> I do feel safe in my own home, yet no longer feel as safe out walking, on my own, as I used to in the past, day or night. The need to be aware of your surrounding, even when working in your yard during the day, has definitely increased, as opposed to years past.	8/14/2016 9:35 AM
146	<b>Break-ins</b> There are outsiders coming into Darien committing crimes. I would like our community to be working and communicating with other communities.	8/13/2016 11:11 PM
147	<b>Break-ins</b> <b>Lack of Patrols</b> <b>Police Presence</b> Our society has seen changes that are leaking into our otherwise quiet towns. So we need 'neighborhood watch teams' to keep us alerted. It must involve connection to Police who can be notified quickly in suspicious signs.	8/13/2016 4:29 PM

## Darien Resident Survey

148	<b>Lack of Patrols</b> <b>Police Presence</b> Hire more community service officers for patrolling the areas so we feel safer, hire people to patrol the overnight shifts.	8/13/2016 2:43 PM
149	<b>Parks</b> Darien Community Park -- We feel safe when the Police are present but they are not always there and the park is full of outsiders (non-residents) using the Darien facility WE pay taxes on. (I know politically incorrect) but true. Why are there sometimes 25 taxi cabs parked at Darien community park and using the pavilion? Why are non-residents allowed to use our pavilions?	8/13/2016 1:23 PM
150	<b>Parks</b> I don't go to the parks, so I didn't answer #13	8/13/2016 11:50 AM
151	<b>Police Presence</b> Street lighting in Hinsbrook community. It's very dark at night and many residents either don't use their street lanterns or had them removed.	8/13/2016 11:22 AM
152	<b>Lack of Patrols</b> <b>Police Presence</b> Not enough police presence	8/13/2016 9:25 AM
153	<b>Parks</b> the continuous problems at darien community park, people soliciting, break in to cars	8/13/2016 8:49 AM
154	<b>Police Presence</b> Police visibility	8/13/2016 8:45 AM
155	<b>Break-ins</b> Rash of recent robberies at night; streets are dark	8/13/2016 2:22 AM
156	<b>Police Presence</b> Not enough visible police	8/13/2016 12:04 AM
157	<b>Break-ins</b> Lately don't know what to think bc anything could happen anywhere	8/12/2016 11:16 PM
158	<b>Police Presence</b> Racial tensions and police profiling	8/12/2016 10:56 PM
159	<b>Break-ins</b> <b>Lack of Patrols</b> Crime increasing and need more police patrols	8/12/2016 10:33 PM
160	<b>Police Presence</b> I feel safe but Darien should either add street lights in neighbor hoods without any or help add coach lights to all front yards.	8/12/2016 10:13 PM
161	<b>Lack of Patrols</b> <b>Police Presence</b> I would like see more police patrols in the residential areas	8/12/2016 9:32 PM
162	<b>Break-ins</b> thefts	8/12/2016 9:01 PM
163	<b>Parks</b> When walking at dusk I have encountered individuals setting up in the park for the night.	8/12/2016 8:54 PM
164	<b>Lack of Patrols</b> Need more patrols through the neighborhoods on a regular basis	8/12/2016 8:16 PM
165	<b>Traffic related</b> still many speeders and people using cell phones while driving.	8/12/2016 8:11 PM
166	<b>Break-ins</b> <b>Police Presence</b> Home burglaries are up, beggars at shopping areas, more section 8 not only in apartment buildings, but in homes in the neighborhoods, parks are filled with grown men playing basketball all day using foul language - my family no longer uses tennis courts because of it. The shooting at WalMart - for what I pay in taxes, I shouldn't be worried about this kind of stuff. I feel like the neighborhood is changing racially, not naturally diversifying.	8/12/2016 8:07 PM
167	<b>Lack of Patrols</b> <b>Police Presence</b> Not enough visable patrols.	8/12/2016 7:18 PM
168	<b>Lack of Patrols</b> <b>Police Presence</b> I have never seen a police car come thru my street for a normal patrol. I do see them sitting at stop signs watching for people who don't stop completely a few streets down.	8/12/2016 7:17 PM
169	<b>Break-ins</b> Home invasion, robberies, robbery at gunpoint, drugs at least the schools	8/12/2016 7:13 PM
170	<b>Parks</b> <b>Police Presence</b> Poor street lighting in residential area. The parks are poorly lit.	8/12/2016 7:00 PM
171	<b>Lack of Patrols</b> <b>Police Presence</b> If you know where some of the problem areas are. Patrol more to show face. Like the section 8 apartments.	8/12/2016 6:41 PM
172	<b>Lack of Patrols</b> <b>Police Presence</b> Not enough Police cars out on the streets---Day and Night.	8/12/2016 6:25 PM
173	I have been living with a broken cable wires cover for about 15 yrs. Recently the Cable Co was out and left the cover completely off - exposing many wires to not only the elements but to any curious child playing in our common area. I sent photos & communicated this safety issue to our City Administrator and never heard anything!!!! Someone from our Association covered the wires with a broken cover. Not acceptable fix in my opinion. I thought Cable Providers had to be approved by the city.	8/12/2016 6:14 PM
174	<b>Lack of Patrols</b> <b>Police Presence</b> More street lighting would be a great improvement on Drover lane.	8/12/2016 6:03 PM
175	<b>Break-ins</b> Too many home and car break ins.	8/12/2016 5:56 PM
176	<b>Lack of Patrols</b> patrol	8/12/2016 5:53 PM
177	<b>Break-ins</b> House and car break ins. Theft at local businesses	8/12/2016 5:39 PM
178	<b>Break-ins</b> Too many burglaries happening right now	8/12/2016 5:05 PM

179	<b>Lack of Patrols</b> <b>Police Presence</b> I live on the west side of Darien and I have rarely seen police in the 22 years I have lived there	8/12/2016 4:59 PM
180	<b>Lack of Patrols</b> <b>Police Presence</b> There is an increase in crime on the periphery of our neighborhoods. My concern is that our police force will continue to have the necessary resources and guidance to be able to keep up with this increase. I'm not questioning current management or policy, just expressing a concern for continued vigilance and growth.	8/12/2016 4:36 PM
181	<b>Police Presence</b> Too many lamp posts that dont work or havent in years, making streets too dark, I keep my home well lit, dont know why there isnt an ordianace on this	8/12/2016 4:32 PM
182	<b>Parks</b> Safety patrols throughout the park.	8/12/2016 4:23 PM
183	<b>Parks</b> Just loads of sketchy people in parks @ evening.	8/12/2016 4:10 PM
184	<b>Break-ins</b> While I answered yes to all of the previous questions, I am concerned with the number of robberies and specifically the two armed robberies that have happened in the last two weeks (Willowbrook and Darien).	8/12/2016 4:10 PM
185	<b>Break-ins</b> Increase in crime in the area	8/12/2016 4:02 PM
186	<b>Parks</b> The thugs in the park. There always used to be a cop patrolling DCP but haven't seen one there in about a year.	8/12/2016 4:00 PM
187	<b>Police Presence</b> Too many solicitors allowed in town especially after dark.	8/12/2016 3:58 PM
188	<b>Police Presence</b> People you don't know cruising the neighborhoods and stopping along the streets to do who knows what.	8/12/2016 3:58 PM
189	<b>Break-ins</b> Over the last 10 months, there just seems to be so many alerts of safety being threatened - home burglaries, attempted child abductions, shooting at the local Walmart, recent armed robbery...it's definitely scary! Would like to see more patrol cars out there to show a sign of force.	8/12/2016 3:55 PM
190	<b>Break-ins</b> We need to be made aware when break ins accrue in a more timely manner when it happens on our street!	8/12/2016 3:50 PM
191	<b>Break-ins</b> Too many robberies happening in the last year. Also have a possible drug dealer living next door to us. His "friends" ring our doorbell all the time asking for him.	8/12/2016 3:45 PM
192	<b>Break-ins</b> Just look at the violent crime statistics. They will answer this question.	8/12/2016 3:40 PM
193	<b>Break-ins</b> Weak police force, we need more police officers and they need a stronger chief..	8/12/2016 3:39 PM
194	<b>Lack of Patrols</b> <b>Police Presence</b> I rarely see patrols in my neighborhood- Farmingdale village area between 83rd and 8th streets	8/12/2016 3:36 PM
195	<b>Apartments</b> The apartment complex at 67th&Cass in Westmont brings a lot of questionable people walking south in Darien.	8/12/2016 3:29 PM

198	<b>Break-ins</b> Crime, robberies, they increase every year	8/12/2016 2:50 PM
199	Wildlife - I know that killing is not an answer, but perhaps we could have a better understanding of why there appears to be an increase in coyote sightings/attacks in the past few years.	8/12/2016 2:42 PM
200	Mayor and vana treat police poorly	8/12/2016 2:38 PM
