BUDGET MESSAGE FISCAL YEAR May 1, 2025 – April 30, 2026

CITY OF DARIEN MEMO

TO: Mayor Marchese and City Council

FROM: Bryon D. Vana, City Administrator

DATE: March 20, 2025

SUBJECT: 2025-26 Budget Message

It is my pleasure to submit the fiscal year 2025-26 budget for the City of Darien. In summary, the budget includes no property tax increase to the City's portion of the tax bill.

A review of the City's three major funds (General, Capital Project, and Water) are as follows:

General Fund

This year's General Fund and Capital Projects Fund budgets continue many popular programs and efficiencies introduced in recent years. Highlights include:

- No increase to last year's property tax extension of \$2,511,961. In FYE 26, there is \$459,324 appropriated, other than the property tax, to fund the annual police pension contribution at 100% of the actuary's recommendation. All of the property taxes collected by the City is allocated to the police pension fund. The 3 year property tax budget forecast does show an increase to the property tax levy for FYE 27 (total levy-\$3,417,800) and FYE 28 (total levy-\$3,930,470). However, the final property tax levy is determined each fiscal year, in conjunction with the annual budget review.
- A 3-month operating reserve
- All current core services provided by the city including, but not limited to, tree trimming 3500 trees, residential brush pickup, enhanced snow plowing operations, snow removal from established safety sidewalks, maintenance and fertilization of the City's previous beautification projects
- Vehicle and equipment replacements as outlined in City's replacement policy
- Assistance for residential rear yard drainage improvements based on Citypolicy
- Funds for the improvement of property maintenance enforcement and related software improvements
- Meeting funding requirements for annual employee pension obligations
- Membership and Council participation in the DuPage Mayors and Managers Conference, Metropolitan Mayors Caucus, and the Illinois Municipal League
- Provides funds to conduct three music/seasonal events, one fall fest and the annual Darien Fest to be held at Westwood Park.
- Funds to hire a police social worker to assist the police department during certain interactions with the public
- Upgrades to the city's web site
- TIF consulting services to determine eligibility of Chestnut Court shopping center

- Continuation of police department participation in intergovernmental cooperatives
- Roof and generator replacements to the city hall and police department

The City's General Fund accounts for all revenues and expenditures except those required to be accounted for in another fund. This is the main operating fund in our budget and covers the City Council, Administration, Community Development, Municipal Services-Street Division and Police Departments. It is also the main source of revenue for the Capital Projects Fund. Any surplus above the General Fund 3-month reserve is transferred to the Capital Projects Fund for neighborhood and public improvements. The various budget funds expenses are separated into two categories:

- 1. <u>Maintenance Budget-</u>The Maintenance Budget includes no new programs, no new employees and no new activities. It reflects only the anticipated cost to continue current essential activities, programs and carryover items approved but not completed in the previous fiscal year.
- 2. <u>Discretionary Budget-Discretionary</u> Budget expenditures relate to City services and employee items that would be reduced first if budget adjustments were necessary; however, they are important in maintaining the level of citizen services and employee expenses that have been provided in previous years.

The General Fund expenses do not fluctuate greatly from year to year. Primary changes stem from vehicle and equipment replacements and employee expenses. The majority of the General Fund expenses come from the Police Department (60%) and the Municipal Services Department (23%). Transfers to the Capital Projects Fund over the 3 year budget period include FYE 26-\$2,750,000, FYE 27-\$2,000,000, and FYE 28-\$1,000,000.

Capital Projects Fund

The Capital Projects Fund includes the items included in the City's Capital Improvement Plan (CIP). This is a multi-year plan identifying capital projects to be funded or identified during the 3-year planning period. These CIP guidelines identify each capital project to be undertaken, the year the improvement project will be started, the amount of funds expected to be expended in each year of the CIP, and the way the expenditure will be funded. The City's Capital Projects Fund is used to plan for the City's maintenance and construction of larger infrastructure, excluding the water system, which is accounted for in the Water Fund. Primary expenditures include road maintenance, storm water maintenance, beautification projects, and larger rights-of- way maintenance projects. The City Council adopted a CAPITAL IMPROVEMENTS PLAN GUIDELINE that provides the City Council with guidelines when planning and funding capital projects. All the Guidelines have been met in accordance with the guidelines.

Capital Projects Fund Highlights includes:

- A road maintenance program of approximately 5.2 miles, allows for additional road base repair as needed and curb and gutter replacement
- A \$500,000 reserve balance for emergencies or economic development incentives as directed by the council.
- Revenues sufficient to continue capital projects over the three-year budget period
- Concrete and road crack sealing maintenance
- Increased the annual sidewalk replacement program to include concrete milling to reduce sidewalk mis-matches

• Following the *capital improvement guidelines* approved by the council in 2012

Water Fund

Governmental water operations are established as enterprise funds. An enterprise fund is established to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that the costs (operating and capital improvement expenses, including depreciation) of providing water to the public on a continuing basis be financed or recovered primarily through user charges. The definition of an enterprise fund implies that sufficient user fees should be established to ensure that the utility could operate on a self-sustaining basis. The major source of revenue for the water fund is user fees. Determining a *fair* user fee is a factor of two issues:

- analyzing our operating expenses, projecting system capital projects, determining sufficient cash reserves, and setting aside funds to replace portions of the system as needed
- analyzing the number of gallons of water billed to all customers in order to determine the rate that covers the expenses mentioned above

The staff conducts this determination of a fair user fee every year when preparing the draft budget for City Council consideration. The last increase to the city's water rates occurred in 2016. The staff is recommending a water rate increase as part of the FYE 26 water fund budget. The water rate for Darien residents during FYE 26 is proposed at \$10.50/1000 with an additional fixed cost of \$15 per bill. The unincorporated residents' rate is proposed at \$12.60/1000 with an additional fixed cost of \$18 per bill. This is a slight increase from the current resident's rate of \$9.75 /1000 and a \$10 fixed fee per bill and an unincorporated customer rate of \$11.70 /1000 and a \$12 fixed fee per bill. The increase is critical in order to maintain approximately 90 days of reserve in the water fund.

Assuming that the water fund operates as expected, any projected rate increase during the 3-year budget estimate is not planned. However, any major emergency repair or approval of any new capital projects would require additional adjustments to the rate structure. Approximately 70% of the water fund expenses are for the direct purchase of Lake Michigan water from the DuPage Water Commission (DWC).

Water Fund highlights include:

- Truck and equipment replacement following the City's vehicle replacement policy.
- Continuing a three-year plan to purchase equipment to assist in locating water leaks in numerous water mains.
- Continuing to add items that help reduce water loss in the system

Darien has over \$20,000,000 of capital assets in the water system. The system is made up of water distribution, water storage and buildings/equipment. There are approximately 140 miles of water mains that bring customers over \$15,000,000 gallons of safe and fresh water. The system includes three water towers that provide emergency water storage and keep the water pressure at required levels. The city also has vehicles and equipment needed to maintain the system, especially during emergency water main breaks. The city continually reinvests in the water system including the recent improverment to installing an automated meter reading system.

A thank you to all the elected officials, staff and residents that play a critical role in the budget process.

GENERAL FUND BUDGET FISCAL YEAR May 1, 2025 – April 30, 2026

GENERAL FUND BUDGET SUMMARY
GENERAL FUND REVENUE SUMMARY
GENERAL FUND REVENUE BUDGET
ADMINISTRATION BUDGET
MAYOR/CITY COUNCIL BUDGET
DBA AND COMMUNITY EVENTS
COMMUNITY DEVELOPMENT BUDGET
POLICE BUDGET
MUNICIPAL SERVICES - STREETS BUDGET
CAPITAL PROJECTS FUND BUDGET
DEBT SERVICE FUND

GENERAL FUND

The General Fund accounts for all revenues and expenditures which are not accounted for in other funds. This is the largest fund of the City, providing for the majority of the City's revenues, expenditures and services. The General Fund is supported predominately with taxes, licenses and fees. It funds the operations of the City's Police Department, Municipal Services Department - Community Development and Streets Divisions, Mayor/City Council, Administration, and DBA/Community Events.

<u>ADMINISTRATION</u> - The Administration Department provides overall management and support for City operations, including the City Administrator's office, the finance division, the City Clerk's office, and the citizen service division.

<u>MAYOR/CITY COUNCIL</u> - This Department includes support for the operations of the City Council and the Mayor's offices.

<u>DBA/COMMUNITY EVENTS</u> – The DBA/Community Events Department provides oversight of local business engagement and business outreach including special event management for community events including concerts, Darien Fest and Oktoberfest.

<u>POLICE</u> - The Police Department is the largest Department in the City. The Department is the City's law enforcement agency, providing traffic control and enforcement, crime prevention services, patrol, investigation, records and short-term incarceration.

<u>MUNICIPAL SERVICES - COMMUNITY DEVELOPMENT DIVISION</u> - The Community Development division of the Municipal Services Department includes all functions related to the planning and development of the community, including building and development review, building inspection, code enforcement, comprehensive planning, and economic development.

<u>MUNICIPAL SERVICES - STREETS DIVISION</u> - The Street division is responsible for maintenance and repairs to the City's streets, storm sewers, catch basins and street lights; as well as plowing snow, mowing the rights-of-way, and maintaining and repairing the City's fleet of vehicles and equipment.

FY 25-26 BUDGET GENERAL FUND REVENUE SUMMARY

TAXES

Real Estate Taxes

Description: General Fund share of property taxes collected from real property in City.

<u>Basis of Projection:</u> Amount determined by the City when tax levy was approved in December 2024 and final abatement approved by the City Council on March 3, 2025.

Road & Bridge Taxes

<u>Description:</u> City share of County's taxes collected inside City.

Basis of Projection: Estimate based on current year estimated actual.

Gasoline Tax

<u>Description:</u> 2 cents (\$0.02) added to each gallon of gas sold from Darien Gas stations.

Basis of Projection: Estimate based on current year estimated actual.

Food and Beverage Tax

<u>Description</u>: 1.25% added on food and beverages (alcoholic and non-alcoholic), which can be consumed on the premises where purchased.

Basis of Projection: Estimate based on current year estimated actual.

State Income Tax

<u>Description:</u> City's share (based on population) of State's Income Tax Collections distributed to municipalities.

Basis of Projection: Budget reflects State funding formula estimates.

Local Use Tax

<u>Description</u>: City's share (based on population) of the additional revenue from state use tax receipts collected on personal property from out of state retailers.

Basis of Projection: Reflects State funding formula estimates formula.

Sales Tax

<u>Description:</u> 1.00% of retail sales within the City. Also, an additional 1% Home Rule Sales Tax on applicable goods.

<u>Basis of Projection:</u> Estimated to reflect sales tax allocated to the General Fund based on previous year estimates and current economic climate.

Municipal Utility Tax

<u>Description:</u> 5.0% charge on natural gas and electric bills in City.

Basis of Projection: Projections based on historical average receipts.

Amusement Tax

<u>Description:</u> 3% tax on gross receipts from all amusement activities in the City.

Basis of Projection: Projected to equal current year-end estimated revenue.

Hotel/Motel Tax

<u>Description:</u> 5% tax imposed on the business of renting rooms in a Hotel/Motel

Basis of Projection: Projected based on previous average year's revenue.

Video Gaming Tax

<u>Description:</u> City share of video gaming tax collected within the city.

Basis of Projection: Projected based on previous average year's revenue.

Cannabis Use Tax

<u>Description</u>: City share of state tax distributed to municipalities imposed on the business of cultivating or selling Cannabis throughout the state.

Basis of Projection: Projected based on previous average year's revenue.

LICENSES

Business Licenses

Description: Fee levied on retail and commercial businesses in City.

Basis of Projection: Projected to equal current year-end estimated revenue.

Liquor Licenses

Description: Fee levied on all businesses engaged in sale of alcoholic beverages.

Basis of Projection: Based on current year-end estimated revenue.

Contractor Licenses

Description: Fee levied on all contractors who operate or do work in the City.

Basis of Projection: Projected based on previous year's revenue

FINES/FEES/PERMITS

Court Fines

<u>Description:</u> Fines levied by Court for violations of City traffic ordinances.

Basis of Projection: Projected based on previous year's revenue

Towing Fees

<u>Description:</u> An administrative fee collected when a vehicle has to be towed and impounded due to the arrest or detention of the owner or driver for violation of a local law or ordinance.

Basis of Projection: Projected based on previous year's revenue

Ordinance Fines

<u>Description:</u> Fines levied by Court for violations of City codes and ordinances, other than Traffic Code.

Basis of Projection: Projected based on previous average year's revenue

Building Permit Fees

<u>Description</u>: Fee, based on value, for new and remodeling construction projects in City.

Basis of Projection: Estimated conservative and reduced from last year's estimated actual budget.

Municipal Telecommunications Tax

<u>Description:</u> 6.0% of gross revenues of telecommunication retailers. This revenue is collected by the state and distributed to communities based on local ordinances.

Basis of Projection: Projections based on historical average receipts.

Nicor Franchise Fee

<u>Description:</u> Value of franchise-required free gas service to municipal facilities. Amount of free gas based on population. Value determined by floating average of natural gas prices.

Basis of Projection: Projections estimated to reflect current year estimated actual.

Cable TV Franchise Fee

<u>Description:</u> 5% on gross receipts of cable company operations in City plus a 1% PEG fee for cable broadcast improvements.

Basis of Projection: Based on current year-end estimated revenue.

Public Hearing Fees (Reimbursements)

<u>Description:</u> Reimbursement for costs of conducting public hearings.

Basis of Projection: Projected at last year's budget amount.

Elevator Inspection Fees

<u>Description:</u> Reimbursement for semi-annual inspection of elevators in City.

Basis of Projection: Projected at last year's budget amount

Public Improvement Permit Fee

<u>Description:</u> Fee charged for inspection of any work done by private contractor on municipal property.

Basis of Projection: Expect about the same for next year.

Engineering/Professional Fees (Reimbursements)

<u>Legal Fees</u> (Reimbursements)

<u>Description:</u> Reimbursement for City's out-of-pocket costs for engineering and legal reviews and projects requiring professional service contracts.

Basis of Projections: Estimate equals approximate amount budgeted for reimbursable expenditures.

Police Special Service

<u>Description:</u> Reimbursement for special services provided by Police Department such as school liaison officer, traffic control, and additional details requested by banks.

Basis of Projection: Based on current year-end estimated revenue and estimated future demand.

D.U.I Technology

<u>Description:</u> Portion of fines received for D.U.I. convictions.

Basis of Projection: Based on current year-end estimated revenue.

Stormwater Management/Review Fees

<u>Description:</u> Reimbursement for stormwater management engineering fees – out-of-pocket costs of City.

Basis of Projections: Based on last year's budget.

Developer Contributions/Impact Fees

<u>Description:</u> \$125/housing unit development and impact fee.

Basis of Projection: Estimate minimal revenue.

OTHER INCOME

Water Fund Share

<u>Description</u>: Fee paid by Water Fund to General Fund to offset administrative costs incurred by General Fund. Examples of cost include staff time, computer use, accounting and payroll services and other support activities.

<u>Basis of Projection:</u> Amount equal to previous year's contribution with updates for current estimated expenses.

Interest

<u>Description:</u> Interest earnings on General Fund revenues.

Basis of Projection: Based on estimated interest rates and available cash for investments.

Police Reports/Prints

<u>Description</u>: Charges for copies of reports and documents and for fingerprinting requests.

Basis of Projection: Based on last year's budget estimated actual.

Rents

Description: Rent from City properties.

Basis of Projection: Rent revenue form telecommunication leases on City properties.

Other Reimbursements

<u>Description:</u> Reimbursements for expenditures not otherwise identified. Includes insurance reimbursements, payments for damage to City property, etc.

Basis of Projection: Based on last year's budget estimated actual.

Sale of Equipment

<u>Description:</u> Revenue from sale of City equipment – vehicles, trucks, etc.

Basis of Projection: No anticipated sales.

Miscellaneous

<u>Description</u>: Unanticipated receipts, one-time receipts, small revenues not otherwise shown.

Basis of Projection: Projection based on historic receipts.

Grants

Description: State and Federal grants

<u>Basis of Projection:</u> No grants identified in the General Fund budget. The City will apply for grants during the year, which will revise this estimate if the grants are authorized.

CITY OF DARIEN CAPITAL IMPROVEMENTS PLAN GUIDELINES FISCAL YEARS ENDING 4/30/26 TO 4/30/29

A capital improvement plan (CIP) is our multi-year plan identifying capital projects to be funded or identified during the 3-year planning period. These CIP guidelines identifies each capital project to be undertaken, the year the improvement project will be started, the amount of funds expected to be expended in each year of the CIP and the way the expenditure will be funded. A CIP also identifies non-core discretionary and expansion projects that a community may want to initiate if funding becomes available. A CIP is not a static document. It should be reviewed every year to reflect changing priorities, unexpected events and opportunities. The CIP should include the maintenance, repair and rehabilitation of existing infrastructure as well as the construction of new infrastructure. This may include capital items exceeding \$75,000 such as buildings, water system, roadways, bridges, storm water systems, and sidewalks.

There are several benefits for developing and adopting a Capital Improvement Plan. Not only does the CIP become a management tool for the City Council and City staff, a CIP also provides valuable information to the citizens, developers and businesses who are interested in the development of the community. The CIP document will assist in leveraging available resources through improved timing of projects, and coordinating City projects with those of other public or private entities.

The CIP sets the general schedule within which public improvements are proposed to be undertaken. The first year reflects the adopted Budget for the fiscal year. The remaining years represent a schedule and estimate of future capital needs that may be funded given projected revenue estimates. A proposed CIP is presented to the Municipal Services Committee and the City Council as part of the annual budget process. A final CIP is presented to the City Council and is adopted concurrently with the annual operating budget effective May 1 of each year.

This plan will illustrate:

- 1. identified projects
- 2. project prioritization
- 3. funding plan for projects.

1 IDENTIFIED PROJECT LIST

The City of Darien identifies capital projects in three categories:

- A. <u>Core projects</u>: This category includes maintenance required to maintain existing essential infrastructure in acceptable condition including streets (and related accessory curb/gutter, storm water structures/ditches), sidewalks, buildings and grounds. To meet the criteria of a core project, the project must be part of a multi year rating system such as the road maintenance program or an urgent repair.
- B. <u>Non-core discretionary projects:</u> This category includes maintenance required to maintain existing non-essential infrastructure in acceptable condition including entranceway sign replacement, street sign replacement, beautification projects to existing buildings, rights of way, etc.
- C. <u>Expansion Projects:</u> This category includes the construction of additional non-essential infrastructure bike paths, new roads, land acquisition, new beautification projects.

2 PROJECT PRIORITIZATION

Capital projects will be prioritized in the following order:

- 1. Core projects
- 2. Non-core discretionary projects
- 3. Expansion Projects

When prioritizing projects the following guidelines will be used:

Consistent with city goals
Linked to other projects
Planned as part of a multi year plan
Included in city comprehensive plan and other planning documents
Eligible for grant or special funding such as a special service area
Reduces liability
Results in more efficient operations
Promotes economic development
Improves public health and safety
Reduces operating budget
Facilitates intergovernmental cooperation
Specific ranking criteria within specific project categories

3 FUNDING PLAN

When developing a funding plan we analyze past, present and future trends in revenue generation, debt levels, general economic factors, new and increased revenues, and project reduction. The objective of the analysis is to determine the amount of funds available from existing and future revenue sources to pay for capital projects. When looking at the cost of doing a project we look at all the project costs; capital, operating and maintenance as well as looking at the cost of not doing a project. If a project or maintenance is delayed, what will the cost of construction be in the future, what are the current yearly operating and maintenance costs and what is the lost opportunity cost to the municipality. Specific criteria we use when developing a funding plan include:

- Project funding will be planned over a three-year period in conjunction with the approval of the annual budget
- Surplus from the general fund, in excess of 3 months operating reserve, will be transferred to the capital projects fund annually
- The capital projects fund shall maintain a minimum fund balance of \$500,000 in each year of the three-year plan to be available for emergency projects
- Core projects will be funded prior to approving any non-core discretionary or expansion projects over the 3-year planning process
- Revenue shall be estimated if it is reasonably planned to be received over the 3-year period
- Revenue shall be considered sufficient for the 3-year plan when core projects are funded and \$500,000 is available for emergency projects
- Bonds will only be issued for projects once the core projects are funded and for projects over \$1,500,000 and have a useful life of at least 15 years.

If revenue is not sufficient for the 3-year period then the city shall have the option to:

- Reduce the scope of core projects
- Reduce operating expenses and transfer the savings to the capital projects fund
- Increase revenues (examples include, but are not limited to, gas tax, real estate tax, home rule sales tax)

CITY OF DARIEN

ENTERPRISE FUNDS BUDGET FISCAL YEAR May 1, 2025 – April 30, 2026

WATER FUND REVENUE BUDGET
WATER FUND BUDGET
WATER DEPRECIATION FUND BUDGET

ENTERPRISE FUNDS

Enterprise Funds are established to account for the financing of self-supporting municipal activities which render services generally on a user charge basis to the general public. The significant characteristic of an enterprise fund is that the accounting system makes it possible to determine whether that particular service area is operated at a profit or a loss in accordance with the generally accepted accounting principles followed by private business concerns. The only enterprise fund operated by the City is the Water Fund.

The Water Depreciation Fund is established to set aside funds from each year's budget to cover replacement of the assets of the fund. Like private businesses, the Water Fund's assets are depreciated as a cost of providing water service. When available, funds are transferred to the Water Depreciation from the Water Operations Fund and held to fund the replacement of water infrastructure.

CITY OF DARIEN

SPECIAL REVENUE FUNDS BUDGET FISCAL YEAR May 1, 2025 – April 30, 2026

MOTOR FUEL TAX FUND BUDGET SPECIAL SERVICE AREA #1 BUDGET

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for revenues derived from specific taxes or other earmarked sources. They are required by state statute or local ordinances to finance specific functions or activities of the City. Seven funds are included in this portion of the budget.

MOTOR FUEL TAX FUND - The Motor Fuel Tax (MFT) Fund accounts for receipts and expenditures of MFT payments from the State. These funds can be used for limited specified purposes. The City's expenditures are for supplies (salt, pipe, signs, asphalt), tree maintenance, street lights (energy cost and new lights), sidewalk program, street sweeping, and to fund the City's annual street rehabilitation program. A list of streets included in this year's program is attached to the MFT budget.

SPECIAL SERVICE AREA #1 - A special service area (SSA) is created to fund improvements which benefit an identifiable segment of the City, with a special property tax levied on the benefited properties. SSA #1 was created to handle maintenance of the wetlands in the Tara Hill development. The developer agreed to continue maintenance of the wetlands for five years while the SSA Fund built up some reserves.
