To showcase aspects of the city that highlight the quality of our living environment.

(A) Entice Families to Move to Darien

(B) Entice New Businesses to Move to Darien

What action would you like the viewer to take upon watching the video?

I would want current residents to view the video with a new appreciation of the different amenities the city offers. I would want non-residents and businesses to view the video and gain insight into the amenities we offer, which would assist them in deciding to make Darien their future home.

What areas of your community or surrounding area do you feel are critical to the message? (These will be covered in visual form)
